DJing For Dummies John Steventon,2014-12-03 DJ like a pro—without skipping a beat The bestselling guide to spinning and scratching is back! If you've ever spent hours in your bedroom with two turntables and an earful of tracks that sound off-beat or out of key, DJing For Dummies is the go-to guide for taking your skills to the next level. Inside, John Steventon, a successful club DJ, walks you through the basics of mixing, the techniques and tricks you need to create your own DJ style and how to make DJing work for you. Covering both digital and old-school vinyl-based instruction, this guide covers all the latest DJ technology, equipment and software so you can get mixing and stay one step ahead of the crowd. Brimming with expert advice and easy-to-follow explanations, the information in DJing For Dummies gives you everything you need to build a foolproof set and play to a live crowd. Nail down the basics and build on existing skills Sort through the latest equipment and technology Have a go at crossfading, beatmatching and scratching Mix tracks seamlessly to sound like a pro If you're new to the game or looking to step up your skills and graduate to club work, DJing For Dummies has you covered.

Popular Music Fandom Mark Duffett,2013-11-07 This book explores popular music fandom from a cultural studies perspective that incorporates popular music studies, audience research, and media fandom. The essays draw together recent work on fandom in popular music studies and begin a dialogue with the wider field of media fan research, raising questions about how popular music fandom can be understood as a cultural phenomenon and how much it has changed in light of recent developments. Exploring the topic in this way broaches questions on how to define, theorize, and empirically research popular music fan culture, and how music fandom relates to other roles, practices, and forms of social identity. Fandom itself has been brought center stage by the rise of the internet and an industrial structure aiming to incorporate, systematize, and legitimate dimensions of it as an emotionally-engaged form of consumerism. Once perceived as the pariah practice of an overly attached audience, media fandom has become a standardized industrial subject-position called upon to sell box sets, concert tickets, new television series, and special editions. Meanwhile, recent scholarship has escaped the legacy of interpretations that framed fans as passive, pathological, or defiantly empowered, taking its object seriously as a complex formation of identities, roles, and practices. While popular music studies has examined some forms of identity and audience practice, such as the way that people use music in daily life and listener participation in subcultures, scenes and, tribes, this volume is the first to examine music fans as a specific object of study.

Superstar DJs Here We Go! Dom Phillips,2009-03-05 It was about larging it. It was about pulling out a wad of 20s when you were buying your champagne at the bar. It was about buying your cocaine in an eight ball. It was about wearing designer clothes. At that top tier of that club scene, it was about giving it loads. With a foreword by music journalist, Miranda Sawyer, Superstar DJs Here We Go! is the full, unexpurgated story of the biggest pop culture phenomenon of the 1990s: the rise and fall of the superstar DJ. During the 1990s big names such as Sasha, Jeremy Healy, Fatboy Slim, Dave Seaman, Nicky Holloway, Judge Jules, and Pete Tong exploded out of acid house,

becoming international jetsetters, flying all over the world just to play a few hours and commanding up to £140,000 a night. The plush, heavily branded 'superclubs' where they performed - clubs like Cream, Ministry, Renaissance and Gatecrasher - were filled with thousands of adoring clubbers, roaring their approval of their DJ gods. For the DJs and promoters, it was a licence to print money and live like a rock star. For clubbers, it was a hedonistic utopia where anyone and everyone could come together to look fabulous, take drugs, and dance the night away. But underneath the shiny surface lurked a darker side, a world of cynical moneymaking, rampant egos and cocaine-fuelled self-indulgence that eventually spiralled out of control leaving behind burnt-out DJs, jobless promoters and a host of bittersweet memories. They went from having the clubbing world at their feet to the world's biggest comedown. Dom Phillips - former editor of clubbers' bible Mixmag - reveals an enthralling and at times jaw-dropping account of flawed people, broken dreams and what really happens when it all goes Pete Tong.

The Radio Handbook Carole Fleming, 2009-09-10 The Radio Handbook is a comprehensive guide to radio broadcasting in Britain. Featuring two entirely new chapters for this edition, You Radio and Sport on Radio, this text offers a thorough introduction to radio in the twenty-first century. Using new examples, case studies and illustrations, it examines the various components that make radio, from music selection to news presentation, and from phone-ins to sport programmes. Discussing a variety of new media such as podcasts, digital radio and web-linked radio stations, Carole Fleming explores the place of radio today, the extraordinary growth of commercial radio and the importance of community radio. The Radio Handbook shows how communication theory informs everyday broadcasts and encourages a critical approach to radio listening and to radio practice. Addressing issues of regulation, accountability and representation, it offers advice on working in radio and outlines the skills needed for a career in the industry.

Travels With My Radio Fi Glover, 2011-05-31 Fi Glover is a bit of a traveller. She loves hotels, air stewardesses and fluffy towelling robes, but above all, she loves radio. One night, whilst recording BBC 2's Travel Show, she found herself in the far reaches of Texas, suffering from a night of line-dancing and an over-enthusiastic radio DJ. She started to wonder about all the places she'd ended up in, all the radio DJs she'd listened to, the way a new radio station made her feel at home and yet gave her the fastest insight into an alien city or community. She decided to take a journey around the world collecting hotel freebies and DJs - from the charismatic Rose who guided Montserrat through the tragedy of their volcanic eruption to Dr Laura, who talks the dysfunctional of New York through their psychotic days; from the peace-keeping corps of Beirut and their radio-station-in-a-hut to the despairing English football broadcasters in their radio-station-above-a-caf- in Brussels 2000. From Somerset to Beirut, Las Vegas to Vienna, *Travels With My Radio* is a wonderfully funny and strangely moving quest to find the perfect radio station.

Conducting Research with Children and Adolescents Julie Tinson, 2009-06-04 This book is designed as a definitive guide to the sensitive and significant area of researching with children. It is based on the key academic concepts in the field and summarises the seminal papers and salient ethics, access and engagement issues.

Rave On Matthew Collin, 2018-10-09 Peace, Love, Unity, and Respect. Cultural liberation and musical innovation.

Pyrotechnics, bottle service, bass drops, and molly. Electronic dance music has been a vital force for more than three decades now, and has undergone transformation upon transformation as it has taken over the world. In this searching, lyrical account of dance music culture worldwide, Matthew Collin takes stock of its highest highs and lowest lows across its global trajectory. Through firsthand reportage and interviews with clubbers and DJs, Collin documents the itinerant musical form from its underground beginnings in New York, Chicago, and Detroit in the 1980s, to its explosions in Ibiza and Berlin, to today's mainstream music scenes in new frontiers like Las Vegas, Shanghai, and Dubai. Collin shows how its dizzying array of genres—from house, techno, and garage to drum and bass, dubstep, and psytrance—have given voice to locally specific struggles. For so many people in so many different places, electronic dance music has been caught up in the search for free cultural space: forming the soundtrack to liberation for South African youth after Apartheid; inspiring a psychedelic party culture in Israel; offering fleeting escape from—and at times into—corporatization in China; and even undergirding a veritable “independent republic” in a politically contested slice of the former Soviet Union. Full of admiration for the possibilities the music has opened up all over the world, Collin also unflinchingly probes where this utopianism has fallen short, whether the culture maintains its liberating possibilities today, and where it might go in the future.

Deviance and Risk on Holiday D. Briggs, 2013-07-18 This book represents the first attempt to step inside the holiday experience of young British tourists in San Antonio, Ibiza. Briggs' ethnographic study reveals the ugly truth about how and why they get involved in deviance and risk-taking when they go abroad, driven by self validation and a commodified social context.

The New York Times: 36 Hours. 125 Weekends in Europe Barbara Ireland, Billboard, 2002-07-06 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Bounder! Graham McCann, 2011-12-01 With his sly little moustache, broad gap-toothed grin, garish waistcoats and ostentatious cigarette holder, Terry-Thomas was known as an absolute bounder, both onscreen and off. Graham McCann's hugely entertaining biography celebrates the life and career of a very English rascal. Born in 1911 into an ordinary suburban family, Thomas Terry Hoar-Stevens set about transforming himself at a very early age into a dandy and a gadabout. But he did not put the finishing touches to his persona until the mid-1950s with his groundbreaking TV comedy series *How Do You View?*, a forerunner of *The Goon Show* and *Monty Python*. Terry-Thomas went on to carve out a long and lucrative career in America, appearing on TV alongside Judy Garland, Bing Crosby and Lucille Ball, and in Hollywood movies with Jack Lemmon, Rock Hudson and Doris Day. He became every American's idea of a mischievous English gent. After a long battle with Parkinson's disease, he died in 1990 in comparative obscurity, but his influence lives on. Basil Brush was a polyester tribute to Terry-Thomas, and comedians

including Vic Reeves and Paul Whitehouse hail T-T as a role model. 'Dandyism is the product of a bored society,' D'Aurevilly observed. Terry-Thomas cocked a snook at the dull sobriety of post-war Britain with his sly humour. As he would say himself: 'Good show!'

The Lost Sheep A.D.H. Rodgers,

Billboard ,2007-07-21 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. World Radio TV Handbook ,2005 1952-54 include world-wide radio who's who.

Continuum Encyclopedia of Popular Music of the World, Volume 1 John Shepherd,David Horn,Dave Laing,Paul Oliver,Peter Wicke,2003-03-06 The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media, industry, and technology and its relationship to popular music. In 500 entries by 130 contributors from around the world, the volume explores the topic in two parts: Part I: Social and Cultural Dimensions, covers the social phenomena of relevance to the practice of popular music and Part II: The Industry, covers all aspects of the popular music industry, such as copyright, instrumental manufacture, management and marketing, record corporations, studios, companies, and labels. Entries include bibliographies, discographies and filmographies, and an extensive index is provided.

Music for Inclusion and Healing in Schools and Beyond Pete Dale,Pamela Burnard,Raphael Travis Jr.,2023 The chapters that make up this book recognize through examples from research, practice and evaluation of quality with lived experiences that diverse contemporary popular musics can provide useful tools not just for entertainment and fun, but for learning, growth and healing/wellness. Hip hop, techno, grime, drill and suchlike are contemporary genres that have been stigmatized through association with the BAME community. At the same time, however, these musics are typically the listening diet of choice today in our inner cities. These contemporary musics of the inner-city and their associated music-related activities (e.g., deejaying, beat making, mixtape making but also dance, visual art and more) are celebrated and embraced as extraordinarily powerful tools for building and maintaining academic, social, and emotional competencies. These musics are loved and they can open up opportunities for creativities among those who often feel seriously marginalized. In turn, these musics (and activities associated with them) can provided opportunities to engage and/or support those at the social and educational margins. In other words, the musics at the heart of this book have faced exclusionary pressures but they can also work for inclusion when utilized in educational/pedagogical or therapeutic practices. As a whole, the book seeks to account for the power and impact of a set of contemporary popular musics in educational,

therapeutic and community contexts, and to ask questions as to just where this power comes from, how we can measure its impact and where the future might lead--
