Security Protocols XXVI Vashek Matyáš,Petr Švenda,Frank Stajano,Bruce Christianson,Jonathan Anderson,2018-11-23 This book constitutes the thoroughly refereed post-workshop proceedings of the 26th International Workshop on Security Protocols, held in Cambridge, UK, in March 2018. The volume consists of 17 thoroughly revised invited papers presented together with the respective transcripts of discussions. The theme of this year's workshop was fail-safe and fail-deadly concepts in protocol design. The topics covered included failures and attacks; novel protocols; threat models and incentives; cryptomoney; and the interplay of cryptography and dissent.

Armenophobia in Azerbaijan Anzhela Elibegova,Armine Adibekian,2021-06-28 The idea of this book came after the presentation of Azerichild project which represented a systematized compilation of works by Azerbaijani authors intended for children audiences along with a series of examples of works created by children themselves, which gave a clear demonstration of the gap between the real situation in the Azerbaijani society about anything relating to Armenia and the declared tolerance for diversity of cultures and religions. Naturally enough, we tend to label this hatred as armenophobia often without full awareness of the pivotal role it plays in shaping the ethnic identity of Azerbaijanis; such hatred channeled against all that pertains to Armenia stands as the nemesis of their psychological model and fuels the juxtaposition of us vs. them which is fraught with repercussions for Azerbaijanis themselves. The large archive compiled by the authors of this book a) serves as a thesaurus for an analysis of ongoing processes in the Azerbaijani society and b) allows building a temporal perspective on three levels by covering the past history, current situation and expected ramifications of the armenophobic policy pursued at the state level in Azerbaijan.

Foreign Policy in the Twenty-First Century Christopher Hill,2015-11-02 In the years since 9/11, followed by the wars in Iraq and Afghanistan, public attention the world over has been on foreign policy. From the United States to Yemen, from China to Venezuela, the quality of the decisions taken by politicians and diplomats has been under the closest scrutiny. What is more, with the increased personal mobility created by globalization, many individuals and groups now focus as much on international events as on affairs within their own state. Diasporas, company managers, humanitarian volunteers and other non-state actors are aware of the necessity for effective diplomacy to secure the outcomes they hope for. This revised and retitled new edition of the author's acclaimed *The Changing Politics of Foreign Policy* provides the concepts and analysis needed to make sense of contemporary developments in this key site of political action. It provides a clear and engaging synthesis of what foreign policy means in the twenty-first century and shows how it can vary according to regime, level of development and geopolitical position. Stressing the interplay between context and shared dilemmas, it examines how actors - including the many non- and sub-state entities which have developed international strategies - engage, and attempt to manage their differences, within a network of complex multilateral relationships. Written by a leading scholar of international renown, this new edition has been updated throughout, with particular attention given to contemporary issues such as soft power, transnational security challenges and the role of regional actors such as the European Union. New to this Edition: - Substantially revised and updated new edition of an extremely influential, acclaimed and widely used foreign policy text - Updated coverage of events and theory

Taxi Cab Stories John Egan,2018-12-22 Infused with John's unique sense of wry humor, these stories take the reader along on a ride through John's experiences as a cab driver in Brockton, Mass during the late 1970s. The stories are a mixture of the hilarious, odd, insightful, and sorrowful; introducing the reader to such characters as Black Laurel and Hardy, Captain Quaalude, and Mr. Magoo. This is how one cab ride ended as John pulled up to an ER...An orderly, hearing the tires give up their remaining tread in an anguished squeal, ran out expecting a near death emergency arrival. I jammed my driver seat forward and ran over to open Mom's door. She got out calmly, I was anticipating a warm thanks. She got hold of her purse. I figured to get the fare and a great tip. Instead, she starts beating me with it! Hard! I am 6'4" and she was able to hit me squarely on top of my head. She was going to nail me into the ground like a human spike! She said, I told you to get me to the hospital quickly, not to put me in it! (as she rained beats down on me with her purse) Little Guy (her son) was hopping up and down saying Can we do that again!?! That was unbelievable! which made Mom angrier. The orderly skidded to a stop, wondering if I was the bad guy, Mom was a maniac, or this might be some personal matter between two consenting adults, especially one (Mom) that weighed about 4 times what he did. He said nothing, did not come an inch closer. He seemed frozen in fear, a desire for personal safety, and a crushing curiosity to see how it played out. This is how another cab ride ended after two guys considered robbing John...I got them to their destination in one piece. The fare was just under \$10, blond threw me a twenty and said, Keep it, as they fell over themselves in their hurry to get out. I didn't even thank them for the tip, just acted as if I expected it. Like it was payment for the 'joy ride.' The last thing the black-haired guy said as the scrambled out. I never met someone as nuts as you, man. Never! Blond goes, You're not safe, man. You're nuts. You shouldn't be f**kin' driving! I looked at them with a bored, 'do this all the time' look and shrugged....I radioed for Gary to get the cops. I gave the address, a description, and said the cops should be careful as at least one was armed. Join John for other fares as he drives from experience to experience, wending his way through an incredible world of stories from his cab driving days.

Educated as a biologist, she revels in the surrounding cloud-forest. However, following an idyllic year, calamities strike one after another and their marriage begins to unravel. Jorge leaves as a volcanic eruption nearly destroys the coffee crop and the threat of guerrillas and drug-lords looms; but headstrong Alicia refuses to budge and stays to salvage the coffee. A woman without a country in a man's world, the initially naive Alicia survives by her wit and determination. A passionate affair ensues with Peter, a rugged geologist. She also forms a tight friendship with Carmen, the barefoot woman who has worked for the Carvallo family most of her life. Despite being separated by class and nationality, these two single mothers forge a strong bond. The intricate web of events climaxes when Alicia finds herself in a life-threatening situation, ultimately forcing her to come to terms with herself and the unconventional life she has adopted.
