A short course in international business ethics [electronic resource] Charles Mitchell, 2009

The Backbone of International Corporate Governance Standards : Case Studies and Analysis Dinh Tran Ngoc Huy,

Modern International Corporate Governance Principles and Models After Global Economic Crisis (Part II) Dinh Tran Ngoc Hien, Dinh Tran Ngoc Hoy, Nguyen Viet Hung, 2014-04-28 Management is a major function in most of companies and a core subject in most economic and business relevant schools in the world, whereas corporate governance is on the way to become one of foundation subjects in management field in many schools in the world, as well as one of core functions at the head quarters in many public, private, non profit, global and local companies and banks. The book aims to provide top management team, board, business consultant, officer and relevant shareholders in both public and private companies, profit and non-profit firms, academic, social firms and businesses with updated knowledge of corporate governance system after financial crisis. With limited and solid contents and three (3) sessions covering some American, European, Asian and African regions, it also tries to support academic people, including but not limited to, professors and university students, esp. last year undergraduates, Master/MBA students or researchers, and administrative staff from low to upper-intermediate levels with around-the-world corporate governance systems and practical matters through cases studies and comparative analysis. Additionally, it aims to put questions on the table of international organization and people who is responsible for making policies for a sound code of corporate governance.

International Debt Constantine Stephanou, 2012-11-29 Written by a group of international experts, this book focuses on three interdependent themes: (a) origins and consequences of the current debt crisis; (b) the systemic nature of the crisis; (c) national and international policy efforts to avoid a global collapse and bring about lasting reforms in the Euro zone and in the financial system.

Third International and Sixth National Research Conference on Quality Management John F. Dalrymple, 1999

International Congress Calendar , 2004

Global Modern Corporate Governance Principles and Models After World Economic Crisis (Part I) Dinh Tran Ngoc Huy MBA, Do Thi Sang, Vo Kim Nhan MBA, Duong Thi Hong Nhung MBA, Pham Minh Dat Dr., Than Van Hai Dr., Nguyen Thanh Vu Dr., Phan Minh Duc Dr., Nguyen Van Thuy Dr., Dinh Tran Ngoc Hien, Nguyen Thi Phuong Hong Dr., Pham Quang Huy Dr., 2019-12-09 Several financial crises passed, in 1997-1999 and 2007-2009, left lessons for worldwide management control, accounting practice and internal system problems for corporations both in Viet Nam and in the world. It is one of the reasons for this book's presence. The book cover the subject of corporate governance in theories and practices in regions: Asia Pacific, Europe, Africa and America, after recent time of crisis and corporate scandals over the world, including Viet Nam, which affect our economy, society, work and life balance. The recent trend is shown in its title for part one: Theories and Practices on Corporate Governance Issues and Standards after Financial Crisis. Our own comparative analysis and research is shown in part two and part three of this book. In this edition, the book has some updated information in: adding a new implementation form for corporate governance, as well as proposed new case questions for academic purpose. Welcome any ideas from readers.

Enhancing Firm Sustainability Through Governance Francesco de Zwart, 2015-07-31 *Enhancing Firm Sustainability Through Governance* presents a fresh perspective on corporate governance and how the relationship between governance mechanisms, processes and variables should be understood through a new unifying theory: the relational cor

Corporate Governance and Managerial Reform in Japan D. Hugh Whittaker, Simon Deakin, 2009-10-29 Japanese corporate governance and managerial practice is at a critical juncture. At the start of the decade pressures mounted for Japan to move to a shareholder-value driven, 'Anglo-American' system of corporate governance. Subsequent changes, however, may be seen as an adjustment and renewal of the post-war model of the Japanese firm. In adapting to global corporate governance standards, Japanese managers have also been reshaping them according to their own agenda of reform and restructuring of decision-making processes. The board's role is seen in terms of strategic planning rather than monitoring, and external directors are viewed as advisers, not as representatives of the shareholders. Managers have adopted a variety of defences against hostile takeovers, including poison pills in some cases. Although shareholder influence is more extensive than it was, central aspects of the Japanese 'community firm' remain in place. The commitment to stable or 'lifetime' employment for a core of employees, although coming under severe pressure, is still an important point of reference for Japanese management. *Corporate Governance and Managerial Reform in Japan* is based on detailed and intensive field work in large Japanese companies and interviews with investors, civil servants, and policy makers in the period following the adoption of significant corporate law reforms in the early 2000s up to the months just before the global financial crisis of 2008. The Japanese experience suggests that there are limits to the global convergence of company law systems, and that the widespread association of Anglo-American practices with the 'modernization' of corporate governance has been misplaced. This conclusion is unlikely to be altered - it may be reinforced - by reactions to the financial crisis.

ECMLG2012-Proceedings of the 8th European Conference on Management, Leadership and Governance John Politis, 2012 Published by Academic Conferences and Publishing International Limited Edited by: Professor John Politis, Neapolis University Pafos, Cyprus. CD version of the proceedings of the 8th European Conference on Management Leadership and Governance - ECMLG 2012 hosted by the Neapolis University on the 8-9 November 2012. 567 pages

Corporate Governance and Ethics Zabihollah Rezaee, 2008-06-16 This book is the first to present a comprehensive framework of the theory and practice of corporate governance and business ethics by focusing on the four cornerstones promoted by the AACSB. Readers will quickly gain an understanding of the main themes, perspectives, frameworks, concepts, and issues pertaining to corporate governance and business ethics from historical, global, institutional, commercial, best practices, and regulatory perspectives. Additionally, there is also complete coverage of all oversight functions of corporate governance.

Regulation of Corporate Disclosure, 4th Edition Brown, 2016-12-15 *The Regulation of Corporate Disclosure* is a one-volume treatise on the disclosure regime in place under the Federal securities laws. The treatise addresses the formal disclosure process (periodic reports, MD&A, Regulation FD), the informal disclosure process (press releases, social media, discussions with analysts), and the application of the antifraud provisions to these communications. The treatise includes chapters on scienter and materiality, and also addresses communications with and disclosure obligations to shareholders. The Fourth Edition has been significantly revised and, among other topics, includes coverage of: The duties and responsibilities of corporate officials relating to the disclosure process The most recent cases addressing disclosure issues, including decisions by the Supreme Court on topics such as the application of the

antifraud provisions to beliefs and opinions Pronouncements by the U.S. Securities and Exchange Commission on disclosure issues, including consideration of the SEC's efforts to improve disclosure effectiveness The developing need to consider disclosure of public interest matters, including the effects of climate change on a company's business The disclosure requirements applicable to the proxy process, including the system for uncovering the identity of street name owners State disclosure obligations of the board of directors under its fiduciary obligations to shareholders.

International Digital Imaging Correlation Society Michael Sutton, Phillip L. Reu, 2017-03-30 This collection represents a single volume of technical papers presented at the Annual International DIC Society Conference and SEM Fall Conference organized by the Society for Experimental Mechanics and Sandia National Laboratories and held in Philadelphia, PA, November 7-10, 2016. The volume presents early findings from experimental, standards development and various other investigations concerning digital image correlation - an important area within Experimental Mechanics. The area of Digital Image Correlation has been an integral track within the SEM Annual Conference spearheaded by Professor Michael Sutton from the University of South Carolina. In 2016, the SEM and Sandia joined their collaborative strengths to launch a standing fall meeting focusing specifically on developments in the area of Digital Image Correlation. The contributed papers within this volume span numerous technical aspects of DIC including standards development for the industry.

International Accounting and Reporting Issues Bernan, United Nations, 2008 Proceedings of the 24th annual session of the Intergovernmental Working Group of Experts on International Standards of Accounting & Reporting (ISAR), held in Paris from 30 October to 1 November 2007

Multinational Enterprises and the Law Peter Muchlinski, 2021-02-18 Multinational Enterprises and the Law is the only comprehensive, contemporary, and interdisciplinary account of the techniques used to regulate multinational enterprises (MNEs) at the national, regional, and multilateral levels. In addition, it considers the effects of corporate self-regulation, and the impact of civil society and community groups upon the development of the legal order in this area. The book has been thoroughly revised and updated for this third edition, making it a definitive reference work for students, researchers, and practitioners of international economic law, business, corporate and commercial law, development studies, and international politics. Split into four parts, the book first deals with the conceptual basis for MNE regulation. It explains the growth of MNEs, their business and legal forms, and the relationship between them and the effects of a globalised economy and society upon the evolution of regulatory agendas in the field. Part II covers the main areas of economic regulation, including the limits of national and regional jurisdiction over MNE activities, controls over, and the liberalisation of, entry and establishment, tax, company and competition law and the impact of intellectual property rights on technology diffusion and transfer. Part III introduces the social dimension of MNE regulation covering labour rights, human rights, and environmental issues. Finally, Part IV deals with the contribution of international investment law to MNE regulation and to the control of investment risks, covering the main provisions found in international investment agreements, their interpretation by international tribunals, and how concerns over these developments are leading to reform proposals.

Yearbook of International Organizations 2013-2014 (Volumes 1A-1B) Union Of International Associations, Union of International Associations, 2013-06-21 Volume 1 (A and B) covers international organizations throughout the world, comprising their aims, activities and events.

The Routledge International Handbook of Financialization Philip Mader, Daniel Mertens, Natascha van der Zwan, 2020-02-05

Financialization has become the go-to term for scholars grappling with the growth of finance. This Handbook offers the first comprehensive survey of the scholarship on financialization, connecting finance with changes in politics, technology, culture, society and the economy. It takes stock of the diverse avenues of research that comprise financialization studies and the contributions they have made to understanding the changes in contemporary societies driven by the rise of finance. The chapters chart the field's evolution from research describing and critiquing the manifestations of financialization towards scholarship that pinpoints the driving forces, mechanisms and boundaries of financialization. Written for researchers and students not only in economics but from across the social sciences and the humanities, this book offers a decidedly global and pluri-disciplinary view on financialization for those who are looking to understand the changing face of finance and its consequences.

The Handbook of Board Governance Richard Leblanc, 2020-04-06 The revised new edition of the must-read guide for executives—provides comprehensive coverage of topics in corporate governance by leading subject-matter experts The Handbook of Board Governance is the marketing-leading text on public, nonprofit, and private board governance. Providing comprehensive, in-depth coverage, this unique text represents a collaboration of internationally-recognized academics and prominent organization directors, executives, managers, and advisors. Contributors include Ariel Fromer Babcock, Robert Eccles, Alice Korngold, Ellie Mulholland, Michael Useem, Elizabeth Valentine and John Zinkin. Practical, expert guidance enables readers to understand value creation and the strategic role of the board, risk governance and oversight, audit and compensation committee effectiveness, CEO succession planning, and other diverse board duties and responsibilities. Now in its second edition, the Handbook offers substantial updates and revisions reflecting contemporary trends, practices, and developments in board governance. New content includes discussions of pressing issues related to climate change, examination of information technology and cybersecurity challenges, and recent tax legislation that will impact executive compensation. Editor Dr. Richard Leblanc—an award-winning teacher, professor, lawyer, management consultant, and specialist on boards of directors—integrates practical experience and academic rigor to assist readers: Build and strengthen engaged and collaborative leadership in the boardroom Recognize the role and responsibilities of a well-functioning governing board Risk governance, assurance, and the duties of directors Keep pace with new trends in board governance and shareholder responsibility Measure performance and align performance measurement to executive pay Understand information technology governance, sustainability governance, and the different forms of governance Highly relevant to board and committee members regardless of sector or industry, *The Handbook of Board Governance, 2nd Edition* is an invaluable source of knowledge on all aspects of corporate and organization governance.
