Health At Every Size Linda Bacon,2010-02-02 Fat isn't the problem. Dieting is the problem. A society that rejects anyone whose body shape or size doesn't match an impossible ideal is the problem. A medical establishment that equates thin with healthy is the problem. The solution? Health at Every Size. Tune in to your body's expert guidance. Find the joy in movement. Eat what you want, when you want, choosing pleasurable foods that help you to feel good. You too can feel great in your body right now—and Health at Every Size will show you how. Health at Every Size has been scientifically proven to boost health and self-esteem. The program was evaluated in a government-funded academic study, its data published in well-respected scientific journals. Updated with the latest scientific research and even more powerful messages, Health at Every Size is not a diet book, and after reading it, you will be convinced the best way to win the war against fat is to give up the fight.

Maid to Order in Hong Kong Nicole Constable,2017-12-15 Middle-class Chinese women in the global city of Hong Kong have entered the workforce in unprecedented numbers over the past three decades, and the demand for foreign domestic workers has soared. A decade ago some foretold the decline in foreign workers and the influx of mainland workers. But today over 120,000 women from the Philippines, over 90,000 from Indonesia, and thousands more from other parts of South and Southeast Asia serve as maids on two-year contracts in Hong Kong, sending much needed remittances to their families abroad. Nicole Constable tells their story by updating Maid to Order in Hong Kong with a focus on the major changes that have taken place since Hong Kong's reunification with mainland China in 1997, the Asian financial crisis of the late 1990s, and the outbreak of SARS in 2002-2003. Interweaving her analysis with the women's individual stories, she shows how power is expressed in the day-to-day lives of Filipina domestic workers and more-recent Indonesian arrivals.
