**Confessions of a Recovering Environmentalist and Other Essays** Paul Kingsnorth,2017-08-01 A provocative and urgent essay collection that asks how we can live with hope in “an age of ecocide” Paul Kingsnorth was once an activist—an ardent environmentalist. He fought against rampant development and the depredations of a corporate world that seemed hell-bent on ignoring a looming climate crisis in its relentless pursuit of profit. But as the environmental movement began to focus on “sustainability” rather than the defense of wild places for their own sake and as global conditions worsened, he grew disenchanted with the movement that he once embraced. He gave up what he saw as the false hope that residents of the First World would ever make the kind of sacrifices that might avert the severe consequences of climate change. Full of grief and fury as well as passionate, lyrical evocations of nature and the wild, Confessions of a Recovering Environmentalist gathers the wave-making essays that have charted the change in Kingsnorth’s thinking. In them he articulates a new vision that he calls “dark ecology,” which stands firmly in opposition to the belief that technology can save us, and he argues for a renewed balance between the human and nonhuman worlds. This iconoclastic, fearless, and ultimately hopeful book, which includes the much-discussed “Uncivilization” manifesto, asks hard questions about how we’ve lived and how we should live.

Maybe emotions and expectations are getting in the way of good sense—or you’re paying attention to the wrong people. If you’ve started counting your lattes, for god’s sake, just stop. By following Schlesinger’s rules about retirement, college financing, insurance, real estate, and more, you can save money and avoid countless sleepless nights. It could be the smartest investment you make all year. One man, Jonnie Goodboy Tyler, has a plan. They must learn about the Psychlos and their weapons. He needs the other humans to follow him. And that may not be enough. *A Deadly Education* Naomi Novik,2020-09-29 NEW YORK TIMES BESTSELLER • From the author of *Uprooted* and *Spinning Silver* comes the first book of the Scholomance trilogy, the story of an unwilling dark sorceress who is destined to rewrite the rules of magic. FINALIST FOR THE LODESTAR AWARD • “The dark school of magic I’ve been waiting for.”—Katherine Arden, author of the *Winternight Trilogy* I decided that Orion Lake needed to die after the second time he saved my life. Everyone loves Orion Lake. Everyone else, that is. Far as I’m concerned, he can keep his flashy combat magic to himself. I’m not joining his pack of adoring fans. I don’t need help surviving the Scholomance, even if they do. Forget the hordes of monsters and cursed artifacts, I’m

probably the most dangerous thing in the place. Just give me a chance and I'll level mountains and kill untold millions, make myself the dark queen of the world. At least, that's what the world expects. Most of the other students in here would be delighted if Orion killed me like one more evil thing that's crawled out of the drains. Sometimes I think they want me to turn into the evil witch they assume I am. The school certainly does. But the Scholomance isn't getting what it wants from me. And neither is Orion Lake. I may not be anyone's idea of the shining hero, but I'm going to make it out of this place alive, and I'm not going to slaughter thousands to do it, either. Although I'm giving serious consideration to just one. With flawless mastery, Naomi Novik creates a school bursting with magic like you've never seen before, and a heroine for the ages—a character so sharply realized and so richly nuanced that she will live on in hearts and minds for generations to come. The magic of the Scholomance trilogy continues in *The Last Graduate* “The can't-miss fantasy of fall 2020, a brutal coming-of-power story steeped in the aesthetics of dark academia. . . . A Deadly Education will cement Naomi Novik's place as one of the greatest and most versatile fantasy writers of our time.”—BookPage (starred review) “A must-read . . . Novik puts a refreshingly dark, adult spin on the magical boarding school. . . . Readers will delight in the push-and-pull of El and Orion's relationship, the fantastically detailed world, the clever magic system, and the matter-of-fact diversity of the student body.”—Publishers Weekly (starred review)
