Doc Frank Adams, Burgin Mathews, 2012-09-04 Autobiography of jazz elder statesman Frank “Doc” Adams, highlighting his role in Birmingham, Alabama’s, historic jazz scene and tracing his personal adventure that parallels, in many ways, the story and spirit of jazz itself. Doc tells the story of an accomplished jazz master, from his musical apprenticeship under John T. “Fess” Whatley and his time touring with Sun Ra and Duke Ellington to his own inspiring work as an educator and bandleader. Central to this narrative is the often-overlooked story of Birmingham’s unique jazz tradition and community. From the very beginnings of jazz, Birmingham was home to an active network of jazz practitioners and a remarkable system of jazz apprenticeship rooted in the city’s segregated schools. Birmingham musicians spread across the country to populate the sidelines of the nation’s bestknown bands. Local musicians, like Erskine Hawkins and members of his celebrated orchestra, returned home heroes. Frank “Doc” Adams explores, through first-hand experience, the history of this community, introducing readers to a large and colorful cast of characters—including “Fess” Whatley, the legendary “maker of musicians” who trained legions of Birmingham players and made a significant mark on the larger history of jazz. Adams’s interactions with the young Sun Ra, meanwhile, reveal life-changing lessons from one of American music’s most innovative personalities. Along the way, Adams reflects on his notable family, including his father, Oscar, editor of the Birmingham Reporter and an outspoken civic leader in the African American community, and Adams’s brother, Oscar Jr., who would become Alabama’s first black supreme court justice. Adams’s story offers a valuable window into the world of Birmingham’s black middle class in the days before the civil rights movement and integration. Throughout, Adams demonstrates the ways in which jazz professionalism became a source of pride within this community, and he offers his thoughts on the continued relevance of jazz education in the twenty-first century.

ISIS Michael Weiss, Hassan Hassan, 2015-01-29 A revelatory look inside the world's most dangerous terrorist group. Initially dismissed by US President Barack Obama, along with other fledgling terrorist groups, as a "jayvee squad" compared to al-Qaeda, the Islamic State of Iraq and Syria (ISIS) has shocked the world by conquering massive territories in both countries and promising to create a vast new Muslim caliphate that observes the strict dictates of Sharia law. In ISIS: Inside the Army of Terror, American journalist Michael Weiss and Syrian analyst Hassan Hassan explain how these violent extremists evolved from a nearly

defeated Iraqi insurgent group into a jihadi army of international volunteers who behead Western hostages in slickly produced videos and have conquered territory equal to the size of Great Britain. Beginning with the early days of Abu Musab al-Zarqawi, the founder of ISIS's first incarnation as "al-Qaeda in Iraq," Weiss and Hassan explain who the key players are—from their elusive leader Abu Bakr al-Baghdadi to the former Saddam Baathists in their ranks—where they come from, how the movement has attracted both local and global support, and where their financing comes from. Political and military maneuvering by the United States, Iraq, Iran, and Syria have all fueled ISIS's astonishing and explosive expansion. Drawing on original interviews with former US military officials and current ISIS fighters, the authors also reveal the internecine struggles within the movement itself, as well as ISIS's bloody hatred of Shiite Muslims, which is generating another sectarian war in the region. Just like the one the US thought it had stopped in 2011 in Iraq. Past is prologue and America's legacy in the Middle East is sowing a new generation of terror.

Loser Jerry Spinelli, 2009-10-13 From renowned Newbery-winning author Jerry Spinelli comes a powerful story about how not fitting in just might lead to an incredible life. This classic book is perfect for fans of Gordon Korman and Carl Hiaasen. Just like other kids, Zinkoff rides his bike, hopes for snow days, and wants to be like his dad when he grows up. But Zinkoff also raises his hand with all the wrong answers, trips over his own feet, and falls down with laughter over a word like Jabip. Other kids have their own word to describe him, but Zinkoff is too busy to hear it. He doesn't know he's not like everyone else. And one winter night, Zinkoff's differences show that any name can someday become hero. With some of his finest writing to date and great wit and humor, Jerry Spinelli creates a story about a boy's individuality surpassing the need to fit in and the genuine importance of failure. As readers follow Zinkoff from first through sixth grade, it becomes impossible

not to identify with and root for him through failures and triumphs. The perfect classroom read.

To Do This, You Must Know How Lynn Abbott, Doug Seroff, 2013-02-01
To Do This, You Must Know How traces black vocal music instruction and inspiration from the halls of Fisk University to the mining camps of Birmingham and Bessemer, Alabama, and on to Chicago and New Orleans. In the 1870s, the Original Fisk University Jubilee Singers successfully combined Negro spirituals with formal choral music disciplines, and established a permanent bond between spiritual singing and music education. Early in the twentieth century there were countless initiatives in support of black vocal music training conducted on both national and local levels. The surge in black religious quartet singing that occurred in the 1920s owed much to this vocal music education movement. In Bessemer, Alabama, the effect of school music instruction was magnified by the emergence of community-based quartet trainers who translated the spirit and substance of the music education movement for the inhabitants of working-class neighborhoods. These trainers adapted standard musical precepts, traditional folk practices, and popular music conventions to create something new and vital. Bessemer's musical values directly influenced the early development of gospel quartet singing in Chicago and New Orleans through the authority of emigrant trainers whose efforts bear witness to the effectiveness of "trickle down" black music education. A cappella gospel quartets remained prominent well into the 1950s, but by the end of the century the close harmony aesthetic had fallen out of practice, and the community-based trainers who were its champions had virtually disappeared, foreshadowing the end of this remarkable musical tradition.

Africa Speaks, America Answers Robin D. G. Kelley,2012-03-13 In Bedford-Stuyvesant, Brooklyn, pianist Randy Weston and bassist Ahmed Abdul-Malik celebrated with song the revolutions spreading across Africa. In Ghana and South Africa, drummer Guy Warren and vocalist Sathima Bea Benjamin fused local musical forms with the dizzying innovations of modern jazz. These four were among hundreds of musicians in the 1950's and '60's who forged connections between jazz and Africa that definitively reshaped both their music and the world. Each artist identified in particular ways with Africa's struggle for liberation and made music dedicated to, or inspired by, demands for independence and self-determination. That music was the wild, boundary-breaking exultation of modern jazz. The result was an abundance of conversation, collaboration, and tension between African and African American musicians during the era of decolonization. This collective biography demonstrates how modern Africa reshaped jazz, how modern jazz helped form a new African identity, and how musical convergences and crossings altered politics and culture on both continents. In a crucial moment when freedom electrified the African diaspora, these black artists sought one another out to create new modes of expression. Documenting individuals and places, from Lagos to Chicago, from New York to Cape Town, Robin Kelley gives us a meditation on modernity: we see innovation not as an imposition from the West but rather as indigenous, multilingual, and messy, the result of innumerable exchanges across a breadth of cultures.

By the Dawns Early Light Ahmad Nuruddin,2009-06-19 Black, white, and Latino -- Americans from every race and religion are increasingly accepting Islam. By the Dawn's Early Light, which presents forty engaging autobiographical essays by American converts to Islam, helps explain why. It represents the voice of a

new generation of American Muslims, whose personal stories are inspiring, easy to read, and often heart wrenching. What leads a Christian youth minister to embrace Islam? How does an Israeli-supporting Jew become a Muslim? And why are mainstream Muslims flocking to the leading moderate voice of Islam: Ahmadiyya? At a time when pundits pit Islam and the West inherently against each other, American Muslims help to answer the above questions and bridge the gap.

Bebop Thomas Owens, 1996-05-23 When bebop was new, writes Thomas Owens, many jazz musicians and most of the jazz audience heard it as radical, chaotic, bewildering music. For a nation swinging to the smoothly orchestrated sounds of the big bands, this revolutionary movement of the 1940s must have seemed destined for a short life on the musical fringe. But today, Owens writes, bebop is nothing less than the lingua franca of jazz, serving as the principal musical language of thousands of jazz musicians. In *Bebop*, Owens conducts us on an insightful, loving tour through the music, players, and recordings that changed American culture. Combining vivid portraits of bebop's gigantic personalities with deft musical analysis, he ranges from the early classics of modern jazz (starting with the 1943 Onyx Club performances of Dizzy Gillespie, Max Roach, Oscar Pettiford, Don Byas, and George Wallington) through the central role of Charlie Parker, to an instrument-by-instrument look at the key players and their innovations. Illustrating his discussion with numerous musical excerpts, Owens skillfully demonstrates why bebop was so revolutionary, with fascinating glimpses of the tempestuous jazz world: Thelonious Monk, for example, did everything 'wrong' in the sense of traditional piano technique....Because his right elbow fanned outward away from his body, he often hit the keys at an angle rather than in parallel. Sometimes he hit a single key with more than one finger, and divided single-line melodies between two hands. In addition to his discussions of individual instruments and players, Owens examines ensembles, with their sometimes

volatile collaborations: in the Jazz Messengers, Benny Golson told of how his own mellow saxophone playing would get lost under Art Blakey's furious drumming: He would do one of those famous four-bar drum rolls going into the next chorus, and I would completely disappear. He would holler over at me, 'Get up out of that hole!' In this marvelous account, Owens comes right to the present day, with accounts of new musicians ranging from the Marsalis brothers to lesser-known masters like pianist Michel Petrucciani. Bebop is a jazz-lover's dream--a serious yet highly personal look at America's most distinctive music.

Mickey and Willie Allen Barra, 2014-04-01 Acclaimed sportswriter Allen Barra exposes the uncanny parallels--and lifelong friendship--between two of the greatest baseball players ever to take the field. Culturally, Mickey Mantle and Willie Mays were light-years apart. Yet they were nearly the same age and almost the same size, and they came to New York at the same time. They possessed virtually the same talents and played the same position. They were both products of generations of baseball-playing families, for whom the game was the only escape from a lifetime of brutal manual labor. Both were nearly crushed by the weight of the outsized expectations placed on them, first by their families and later by America. Both lived secret lives far different from those their fans knew. What their fans also didn't know was that the two men shared a close personal friendship--and that each was the only man who could truly understand the other's experience.

Rebel Music Hisham Aidi,2014-12-02 In this pioneering study, Hisham Aidi—an expert on globalization and social movements—takes us into the musical subcultures that have emerged among Muslim youth worldwide over the last decade. He shows how music—primarily hip-hop, but also rock, reggae, Gnawa and Andalusian—has come to express a shared Muslim consciousness in face of War on Terror policies. This remarkable phenomenon extends from the banlieues of Paris to the favelas of Rio de Janeiro, from the park jams of the South Bronx to the Sufi rock bands of Pakistan. The United States and other Western governments have even tapped into these trends, using hip hop and Sufi music to de-radicalize Muslim youth abroad. Aidi situates these developments in a broader historical context, tracing longstanding connections between Islam and African-American music. Thoroughly researched, beautifully written, *Rebel Music* takes the pulse of a revolutionary soundtrack that spans the globe.
