📖 **HAVE A QUESTION** MACINTOSH STEELE, 2023-02-14 The Alliance planets had waged war with the Consortium planets for years. They have finally agreed to a truce. Then a previously unknown planet was discovered and its location and possible strategic advantages caused a new ripple in the pending peace. A terrible solution was suggested: destroy the planet. A joint fleet to accomplish that awful result was on its way to carry out the mission. But residing on the planet, if it could be called a planet, was a mysterious Old Man who had plans of his own. After thwarting every attempt to destroy his planet, he gave everyone on both sides a tremendous lesson in humility and effectively stopped their war. The Old Man then takes the crew of the Star Cruiser Infinity on a new mission that no one could have ever anticipated, a mission to save their universe. Admiral Jenki learns much about his past that had remained hidden within him and Captain Edmonds dramatically reunites with his severely disabled brother. Together they travel to an unknown place to confront a gigantic new threat.
