*The Funny Thing Is...* Ellen DeGeneres,2004-10-01 An indispensable reference for anyone who knows how to read—or wants to fool people into thinking they do—The Funny Thing Is... is sure to make you laugh. Ellen DeGeneres published her first book of comic essays, the #1 bestselling *My Point...And I Do Have One*, way back in 1996. Not one to rest on her laurels, the witty star of stage and screen has since dedicated her life to writing a hilarious new book. That book is this book. After years of painstaking, round-the-clock research, surviving on a mere twenty minutes of sleep a night, and collaborating with lexicographers, plumbers, and mathematicians, DeGeneres has crafted a work that is both easy to use and very funny. Along with her trademark ramblings, *The Funny Thing Is...* contains hundreds of succinct insights into her psyche and offers innovative features including: -More than 50,000 simple, short words arranged in sentences that form paragraphs. -Thousands of observations on everyday life—from terrible fashion trends to how to handle seating arrangements for a Sunday brunch with Paula Abdul, Diane Sawyer, and Eminem. -All twenty-six letters of the alphabet.

How to Save the West Spencer Klavan,2023-02-14 A book to let you know you're not alone: the wisdom of the ages can guide us through the struggles of the present. The fate of our civilization depends on whether ordinary people internalize the truth and beauty conveyed in the masterpieces of Western culture. Spencer Klavan, classicist and podcaster, defends that culture and explains why and how we must hand it on to the next generation. First book for the fans of the “Young Heretics” podcast hosted by author Spencer Klavan (son of Daily Wire celebrity, Andrew Klavan) People want to save the west and help win the culture wars, but don’t know how. This survey of the West’s great ideas, drawing from greats like Aquinas and Plato, is also a survival handbook for the 21st century The West is in crisis, and ordinary folks feel powerless—but with a little training, regular people can be the most important defenders of all that is good and true in our cultural heritage. It has been proclaimed many times, but perhaps never more convincingly than now, when every news cycle seems to deliver further confirmation of a world gone mad. Is this the endgame? Have we come to closing time in the West? Author Spencer Klavan is a classicist, with a Ph.D. from Oxford, and a deep understanding of the West. His analysis: The situation is dire. But every crisis we face today, we have faced before. And we can surmount each one. Today’s “five essential crises” are: • The Crisis of Reality: Is there such a thing as objective truth—and even if there is, can “virtual reality” replace it? • The Crisis of the Body: Not just the “transgender” insanity, but the push for a “transhumanist” future • The Crisis of Meaning: Evolution—both biological and cultural—is a process of endless replication, of copying. But is there an original model that gives us an aspiration to aim for? Do our lives and actions have meaning? • The Crisis of Religion: Science has not eliminated man's religious impulse, but rather misdirected it—and wrongly dismissed the profound philosophical plausibility of Judeo-Christian revelation. • The Crisis of the Regime: Has America reached a point of inevitable collapse? Republican government was meant to end the destructive cycle of regimes rising and falling—but can it? Klavan brings to the West’s defense the insights of Plato, Aristotle, the Bible, and the Founding Fathers to show that in the wisdom of the past lies hope for the future. That wisdom can improve our own lives and the lives of those around us—and ultimately save the West.

*The Importance of Being Funny* Al Gini,2017-07-25 When E. B. White said “analyzing humor is like dissecting a frog; few people are interested and the frog dies,” he hadn’t seen Al Gini’s hilarious, incisive, and informative take on jokes, joke-telling, and the jokers who tell jokes. For Gini, humor is more than just foolish fun: it serves as a safety valve for dealing with reality that gives us the courage to endure that which we cannot understand or avoid. Not

everyone tells jokes. Not everyone gets a joke, even a good one. But, Gini argues, joke-telling can act as both a sword and a shield to defend us from reality. As the late, great stand-up comic Joan Rivers put it: ‘If you can laugh at it, you can live with it!’ This book is for anyone who enjoys a good laugh, but also wants to know why.

**Moving beyond Islamist Extremism** William Allchorn,2021-12-21 Traditionally, far-right terrorism has been the black swan of terrorism studies—receiving less attention than Jihadi extremism. In this book, William Allchorn takes a deep dive into multiple geographical locales and the online space of far-right movements, uncovering the crisis narratives that are animating violent far-right extremist milieus and presenting solutions on what we can do to stop them. Using eight country case studies and the results of an online pilot project, this is the first book-length presentation and discussion of counter techniques to far-right narratives—exploring their effectiveness, the ethics of such techniques, and their ability to disrupt pathways from radicalism towards violent extremism. Coming at a time of a renewed global wave of far-right violence, this book is of use to scholars as well as practitioners in the fields of far-right studies, terrorism studies, and strategic communications.

**It's Not about the Wine** Celeste Yvonne,2023-09-12 Alcohol isn't going to fix the systemic lack of support for mothers--and pretending it's the solution to surviving motherhood does more harm than good. A wine glass etched with Mommy needs wine; a T-shirt that says, I wine because my kids whine; a onesie proclaiming, I'm the reason mommy drinks. This is Mommy Wine Culture: the pervasive message that alcohol helps us survive motherhood. But according to writer and mother Celeste Yvonne, it's a symptom of a much larger issue: the mental load of motherhood, a burden born from outdated family norms, traditional roles, and a systemic lack of support for moms--all of which impact our mental health. In this refreshing, honest take on some of the most pressing concerns for twenty-first-century parents, Yvonne mixes research, cultural references, her own story, and engaging interviews with other moms who sought refuge in wine and found a way out. Drinking to blur the tumultuous days of parenting is a catch-22: it actually keeps us from being present during this precious time. It's Not about the Wine pulls back the veil on what's really plaguing mothers, offers tangible tips for how to lighten your mental load, and paves a path forward for all of us who want to survive and thrive during these weary and wonderful years. From advice on talking about your mental load with your partner, to curating the media we consume and the company we keep, to deep reflections about how we use alcohol to manage burnout and stress, Yvonne helps us recognize the messaging of Mommy Wine Culture for what it is: a distraction from what we really need. If you are worn out and looking to evaluate your relationship to alcohol and motherhood, It's Not about the Wine is an invaluable companion.

Growing Up Laughing Marlo Thomas,2010-09-28 Growing Up Laughing is a compelling autobiographical journey--hilarious and heartfelt, intimate and inspiring. It is a book that only Marlo Thomas could write. For as long as Thomas can remember, she's lived with laughter. Born to comedy royalty--TV and nightclub star Danny Thomas--she grew up among legendary funny men, carved much of her career in comedy and, to this day, surrounds herself with people who love and live to make others laugh. Thomas takes us on a funny and heartwarming adventure, from her Beverly Hills childhood, to her groundbreaking creation of That Girl and Free to Be . . . You and Me, to her marriage to talk-show king Phil Donahue. Her youth was star-studded--Milton Berle performed magic tricks (badly) at her backyard birthday parties. George Burns, Bob Hope, Sid Caesar, Bob Newhart and other great comics passed

countless hours gathered around her family's dinner table. And behind it all was the rich laughter nurtured by a close and loving family. Growing Up Laughing is not just the story of an iconic entertainer, but also the story of comedy. In a voice that is curious, generous and often gleeful, Thomas not only opens the doors on the funny in her own life, but in a series of insightful and hilarious interviews also explores the comic roots of today's most celebrated comedians.

I Am Funny Like That Helen C.Escott,2016-10-13  
Granny panties For the record, I do not wear granny panties They are a nylon-spandex with reinforced tummy control panel support shaping panty that are engineered to hide the fact that I've given birth twice and keeps me from having muffin belly I have more technology in my jeans than NASA has on the Space Shuttle. So I am cleaning out my underwear drawer and hubby tells me to throw out the granny panties. To my horror I inform him, I don't wear granny panties Pointing out that my undergarments are carefully divided into my everyday comfortable nylon-spandex tummy controllers, my full-body Spanx that I wear under dresses, the panties that don't show through my dress pants and the foolishness he buys me every Christmas. There are no granny panties in this drawer He picks up a pair of my NASA engineered favourites and insisted, These are granny panties. No they are not I protested, Granny panties are cotton, with flowers all over them and come up to your armpits. I grabbed my daily favourites out of his hand, These are a modern-day wonder They hide years of not doing sit-ups every day, cellulite dimples, Big Macs with extra sauce and muffin belly My grandmother never had panties like this Call them what you want. They are modern-day granny panties he informs me. Putting them back in the drawer I thought, I would have to join a gym if I ever gave these beauties up. Anyway it got me to thinking. So I made a visit to a lingerie store. Maybe my underwear drawer did need some updating. The walls of the store were lined with massive posters of girls who don't eat so they can wear lace without tummy control panels. Looking at their photo-shopped abs didn't inspire me to drop to the floor and do a hundred sit-ups it just made me want to hold them down and force feed them hamburgers. The 20 something sales girl came over with her size 0 figure and asked if I needed help. I am looking to update my underwear drawer I tell her, I am looking for something that is comfortable but... sexy. I know in her head she's thinking Sex at her age Wow good for her First she shows me the wall of underwear designed to turn on perverts. No, that's not what I am looking for and we move along to the School girl underwear to turn on pedophiles. That's not me either I tell her. Then she shows me the new line just in that week with the red or black fur around the waistband. Doesn't that show through your dress pants? I ask her. Oh, you don't wear anything over these ones. That ought to make my work day more interesting I thought to myself. Then she brings out the most dreaded, torturous devise knows to woman... the G-String I tried a pair once and I looked like a summo wrestler. Even I laughed when I looked in the mirror. It brought back a memory to me. I was doing a two-day course at university. Before the course started the students were standing around the back of the class chatting and getting to know one another. I met this lovely lady who told me she was 60-years-old and was doing the course out of interest. When it was time to sit down, she sat in front of me and to my horror she was wearing low-cut jeans that revealed a tattooed pair of eyes above her butt cheeks but the worst part, she was wearing a silver thong. It was like a car crash, I couldn't look away. For seven hours the droopy eyes on her butt watched me, staring at me, scarring me for life. Every time she put up her hand to ask a question her hips shifted and her butt winked at me. The sliver G-string thread around her waist looked like a disco Hippie headband. I would never be able to look at a G-string without thinking of her butt eye balling me. I don't do fanny-floss I told her. I need something comfortable. Maybe you should go to Walmart she says. Maybe you should go to hell I thought in my head. With her sales commission still in my wallet, I left and called hubby from my cell phone in the car. Ok I am willing to compromise. Wh
