10 Amazing Muslims Touched by God Faisal Malick,2012-04-17 Eternally amazing! Ten real-life experiences about faith in Allah, the Qur'an, and amazing encounters with the God of Abraham. Ten Amazing Muslims is a compilation of stories representing a vast demographic of Muslims—from Jihadists to peaceful leaders and humble Bedouins to intellectuals of various echelons of society worldwide. True stories include a man raised to be a terrorist, to a scholar seeking to know Muhammad and a woman raised as a Bedouin. Through these experiences you will gain a deeper understanding of Islam and be amazed at the personal encounters with the God of Abraham, Isaac, Ishmael, and Jacob. You will hear truths from the Qur'an, the Torah, the Zabur (the Book of Psalms), and the Injil (the Gospel)—the words of Muhammad, Moses, Jesus, and the ancient prophets of God. In their own words, ten amazing Muslims tell their stories about how God chose to reveal Himself to them in extraordinarily supernatural ways. Most of these men and women are devout Muslims, while others are scholars of the Qur'an and Hadith—some are just ordinary Muslims searching for answers from God.

I can assure you, once you start reading this book, it will not quench your thirst until you finish reading it and you would feel the same way as what I felt when I got to know about these miracles. This will only increase in knowing your creator, Allah and becoming more obedient to him since this is really the ultimate purpose of our creation.

Encyclopedia of Islam in the United States [2 Volumes] Jocelyne Cesari,2007-09-30 Some scholars believe that the influence of Islam in the United States can be traced back to Thomas Jefferson. Today, Islam and American Muslim populations are growing in importance in this country, and demand for information about them is high, especially in the aftermath of September 11, 2001. This A-to-Z encyclopedia will help students and other readers get a fast grip on pertinent holidays, terms, beliefs, practices, notables, and sects of the Islamic faith and Muslim practitioners in the United States. The accompanying primary documents volume provides 93 crucial articles, speeches, essays, poems, songs, and more to flesh out the encyclopedia entries. This encyclopedia and primary documents set, the first on the topic and for the general reader, is a must-have for every library. The primary focus is contemporary but the entries are historically contextualized, so the fuller picture of origins outside the country and practice now in the United States is clear. Further reading suggestions accompany each entry. The primary documents volume enhances the encyclopedic entries with annotated selections such as an article from an entry on a leading Muslim American magazine or an essay by a Muslim American scholar to illuminate an entry on her. This will be a boon for students doing reports on Islam and for non-Muslims looking to learn about Muslims in an objective, broad way. It is clearly and authoritatively written and compiled by a host of scholars, primarily from Harvard University's Center for Middle Eastern Studies. An introduction, chronology, selected bibliography, set index, and photos round out the set. Sample entries: African Americans; Bush, George W.; Calendar; Dietary Rules; Dress; Gulf War; Hate Crimes; Iranian Hostage Crisis; Media Coverage; The Message International Magazine; Mosques; Music; Muslim Students Association; Nation of Islam; Native Americans; New York City; Poetry; Prisons; Shi'a Communities; Sufism; World Trade Center; Young Professionals. Sample documents: Salah Al-Sawy, The Assembly of Muslim Jurists in America Fatwa Against the Danish Media and Government over the Cartoon Crisis, from The Assembly of Muslim Jurists in America; Michael Wolfe, Michael Wolfe, United States, 1990, from One Thousand Roads to Mecca: Ten Centuries of Travelers Writing about the Muslim Pilgrimage; Waris and Wajid Syed, Top 10 Muslim Hip-Hop Lyrics, from Warbux Records, beliefnet.com

The Rise of Critical Islam Youcef L. Soufi,2023-04-25 In a richly narrated historical study, Youcef Soufi excavates an Islamic legal culture of critique from the 10th to 13th centuries. Focusing on the practice of munā.zara (disputation), Soufi explores how and why oral debates became a pervasive and revered part of the intellectual legal landscape of Iraq and Persia. Using the life and career of celebrated Iraqi jurist Abū Is.hāq al-Shīrāzī, he traces the formalization of debate gatherings at the dawn of the classical legal schools (al-madhāhib) in the early 10th century and analyzes the wider institutional, social, and discursive conditions that made debate an important feature of any jurist's practice. Pushing back against claims that classical Muslim jurists sought to weed out differences of opinion, The Rise of Critical Islam presents a community committed to the openness, fluidity, and continued exploration of the law. Challenging the view of debate gatherings simply as mechanisms of doctrinal resolution before codification, the study reveals a classical culture where critical debates were part of a continual and personal quest to discover God's law. In uncovering this classical legal culture, Soufi invites readers to question claims about the promise of secular critique in disciplining religious passions and forging human solidarity.

The History of al-Ṭabarī Vol. 10 ,2015-06-15 Volume X of al-Ṭabarī's massive chronicle is devoted to two main subjects. The first is the selection of Abū Bakr as the first caliph or successor to the Prophet Muh'ammad following the Prophet's death in 632 C.E. This section of the History reveals some of the inner divisions that existed within the early Muslim community, and sheds light on the interests and motivations of various parties in the debates that led up to Abū Bakr's acclamation as caliph. The second main subject of Volume X is the riddah or apostasy--actually a series of rebellions against Muslim domination by various tribes in Arabia that wished to break their ties with Medina following the Prophet's death. The History offers one of the more extensive collections of accounts about this early sequence of events to be found in the Arabic historical literature. It provides richly detailed information on the rebellions themselves and on the efforts made by Abū Bakr and his Muslim supporters to quell them. It also tells us much about relationships among the tribes of Arabia, local topography, military practice, and the key personnel, organization, and structure of the early Islamic state. The successful suppression of the riddah marked the transformation of the Muslim state from a small faith community of importance only in West Arabia to a much more powerful political entity, embracing all of the Arabian peninsula and poised to unleash a wave of conquests that would shortly engulf the entire Near East and North Africa. The riddah era is, thus, crucial to understanding the eventual appearance of Islam as a major actor on the stage of world history.

Islam Observed Clifford Geertz,1971-08-15 In four brief chapters, writes Clifford Geertz in his preface, I have attempted both to lay out a general framework for the comparative analysis of religion and to apply it to a study of the development of a supposedly single creed, Islam, in two quite contrasting civilizations, the Indonesian and the Moroccan. Mr. Geertz begins his argument by outlining the problem conceptually and providing an overview of the two countries. He then traces the evolution of their classical religious styles which, with disparate settings and unique histories, produced strikingly different spiritual climates. So in Morocco, the Islamic conception of life came to mean activism, moralism, and intense individuality, while in Indonesia the same concept emphasized aestheticism, inwardness, and the radical dissolution of personality. In order to assess the significance of these interesting developments, Mr. Geertz sets forth a series of theoretical observations concerning the social role of religion.

The Ten Granted Paradise Sayed Ammar Nakshawani,2014-05-21 Dr. Nakshawani in the following work not only corrects the widespread misconception that the Shi'i intellectual tradition despises and curses all Companions, but also clarifies the reason for which some Companions were considered people of Paradise in the Shi'i (and usually the Sunni) tradition. In a few places, the author notes reasons for which the Shi'i tradition does not venerate certain Companions. Discussing controversial history as it relates to Companions and the ahl al-bayt remains a difficult enterprise, where methods and premises, let alone conclusions, substantially differ from scholar to scholar. As an expert of the Shi'i tradition, Dr. Nakshawani presents relevant Shi'i narratives for non-specialists who would otherwise be unaware of them. Thus, the following biographies fill a gap in knowledge about Companions not only revered in the Shi'i tradition, but according to the collective memory of pro-Alid Sunni and Shi'i authors, granted Paradise.
