The Flight of Ikaros Kevin Andrews,2010-05-01 One of the great and lasting books about Greece.—Patrick Leigh Fermor An intense and compelling account of an educated, sensitive archaeologist wandering the back country during the civil war. Half a century on, still one of the best books on Greece as it was before 'development.'—The Rough Guide to the Greek Islands He also is in love with the country...but he sees the other side of that dazzling medal or moon...If you want some truth about Greece, here it is.—Louis MacNeice, The Observer One of the best and most honest books about the modern Greeks.—E. R. Dodds Kevin Andrews experienced the dangers of the countryside during the civil war. The Flight of Ikaros, the book he produced from his travels, remains not only one of the greatest we have about postwar Greece—memorializing a village culture that has almost vanished—but also one of the most moving accounts I have ever read of people caught up in political turmoil...Flightwas first published in 1959 and last reprinted by Penguin in 1984. For too many years, this rare account has languished out of print.—Wall Street Journal In 1947, at the age of twenty-three, Kevin Andrews received a Fulbright Fellowship to study medieval fortresses in the Peloponnese. Andrews spent the long summers of 1948 to 1951 traveling through the region and the winters writing in Athens. This opportunity to travel through little-frequented areas during Greece’s postwar civil war—and before the advent of tourism, industrialization, or easy communications—brought Andrews into immediate contact with village populations, shepherd clans, and the paramilitary vigilantes who kept their own kind of order in the provinces, as well as with the displaced peasants of the Athenian slums. The close experience of all these lives took shape in The Flight of Ikaros, first published in 1959. Paul Dry Books is pleased to return to print this modern travel classic.

**The Icarus Deception** Seth Godin,2012-12-31 In The Icarus Deception, Seth Godin's most inspiring book, he challenges readers to find the courage to treat their work as a form of art Everyone knows that Icarus's father made him wings and told him not to fly too close to the sun; he ignored the warning and plunged to his doom. The lesson: Play it safe. Listen to the experts. It was the perfect propaganda for the industrial economy. What boss wouldn't want employees to believe that obedience and conformity are the keys to success? But we tend to forget that Icarus was also warned not to fly too low, because seawater would ruin the lift in his wings. Flying too low is even more dangerous than flying too high, because it feels deceptively safe. The safety zone has moved. Conformity no longer leads to comfort. But the good news is that creativity is scarce and more valuable than ever. So is choosing to do something unpredictable and brave: Make art. Being an artist isn't a genetic disposition or a specific talent. It's an attitude we can all adopt. It's a hunger to seize new ground, make connections, and work without a map. If you do those things you're an artist, no matter what it says on your business card. Godin shows us how it's possible and convinces us why it's essential. 'If Seth Godin didn't exist, we'd need to invent him' Fast Company 'Seth Godin is a demigod on the web, a bestselling author, highly sought-after lecturer, successful entrepreneur, respected pundit and high-profile blogger' Forbes Seth Godin is the author of thirteen international bestsellers that have changed the way people think about marketing, the ways ideas spread, leadership and change including Permission Marketing, Purple Cow, All Marketers are Liars, The Dip and Tribes. He is the CEO of Squidoo.com and a very popular lecturer. His blog, [www.sethgodin.typepad.com](http://www.sethgodin.typepad.com), is the most influential business blog in the world, and consistently one of the 100 most popular blogs on any subject..

**Klara and the Sun** Kazuo Ishiguro,2021-03-02 NEW YORK TIMES BESTSELLER • Once in a great while, a book comes along that changes our view of the world. This magnificent novel from the Nobel laureate and author of Never Let Me Go is “an intriguing take on how artificial intelligence might play a role in our futures ... a poignant meditation on love and loneliness” (The Associated Press). • A GOOD MORNING AMERICA Book Club Pick! Here is the story of Klara, an Artificial Friend with outstanding observational qualities, who, from her place in the store, watches carefully the behavior of those who come in to browse, and of those who pass on the street outside. She remains hopeful that a customer will soon choose her. Klara and the Sun is a thrilling book that offers a look at our changing world through the eyes of an unforgettable narrator, and one that explores the fundamental question: what does it mean to love?

**Black and Buddhist** Cheryl A. Giles,Pamela Ayo Yetunde,2020-12-08 Gold Nautilus Book Award Winner Leading African American Buddhist teachers offer lessons on racism, resilience, spiritual freedom, and the possibility of a truly representative American Buddhism. With contributions by Acharya Gaylon Ferguson, Cheryl A. Giles, Gyōzan Royce Andrew Johnson, Ruth King, Kamilah Majied, Lama Rod Owens, Lama Dawa Tarchin Phillips, Sebene Selassie, and Pamela Ayo Yetunde. What does it mean to be Black and Buddhist? In this powerful collection of writings, African American teachers from all the major Buddhist traditions tell their stories of how race and Buddhist practice have intersected in their lives. The resulting explorations display not only the promise of Buddhist teachings to empower those facing racial discrimination but also the way that Black Buddhist voices are enriching the Dharma for all practitioners. As the first anthology comprised solely of writings by African-descended Buddhist practitioners, this book is an important contribution to the development of the Dharma in the West.

**Voice Work** Christina Shewell,2013-07-03 Voice Work: Art and Science in Changing Voices is a key work that addresses the theoretical and experiential aspects common to the practical vocal work of the three major voice practitioner professions - voice training, singing teaching, and speech and language pathology. The first half of the book describes the nature of voice work along the normal-abnormal voice continuum, reviews ways in which the mechanism and function of the voice can be explored, and introduces the reader to an original model of voice assessment, suitable for all voice practitioners. The second half describes the theory behind core aspects of voice and provides an extensive range of related practical voice work ideas. Throughout the book, there are a number of case studies drawn from the author's own experiences and a companion website, providing audio clips to illustrate aspects of the text, can be found at [www.wiley.com/go/shewell](http://www.wiley.com/go/shewell).

Ronan E. J. Fisch,2022-09-30 This has never been our fight. But whether we like it or not, it is now. Nearly three months have passed since the assassination of Ikaro Tachi, but for some, the incident has had a lasting effect. Years of trust and reliance have been compromised. Betrayal and secrets have created wounds that may never fully heal. Ziva Payvan is no stranger to the concept of keeping-and uncovering-secrets. But when she swore to fulfill the final wishes of a dying friend, she never expected that task to include exposing one of the biggest and longest-kept secrets in the galaxy. A new threat has been looming on the horizon, one nobody ever saw coming. Strategic attacks by the mysterious entity known as Ronan are leaving the Haphezian military stunned and crippled, and a member of Ziva's own squad has been captured. The rest of the team must join forces with old allies and enemies alike in order to reveal the endgame of this new adversary. But the closer Ziva gets to uncovering Ronan's intentions, the closer she comes to jeopardizing a secret of her own, one she has killed to keep. Her choice becomes simple: protect herself as she has always done, or make a personal sacrifice to protect everything she holds dear.

**The Great Dolomite Road Bolzano - Cortina** Enrico Massetti,2020-10-19 The Great Dolomites Road crosses three regions: Südtirol, Trentino, and Veneto. It is a classic itinerary to visit some of the most scenic parts of the Dolomites. I advised anyone driving along it is to begin in Bozen (Bolzano in Italian). The road is paved and very well developed; however, it is very curvy with a maximum gradient of 12% and requires real driving. I only partly recommended the route for teams because the streets are very narrow and confusing, especially from the Fassa Valley onwards. This guide will help you go on the entire road, with clear color maps that indicate the distance and time between places, in addition to photos of the localities. It gives you the route to follow between the different stages. Numerous viewpoints and parking areas on the Great Dolomite Road allow a panoramic view of the surrounding Dolomites. The guide starts with a description of the attractions in Bolzano, the Ötzi - the Iceman Museum, Bolzano's castles, and nearby locations. It then leads you in a drive from Bolzano to Cortina d'Ampezzo, going through the Carezza Lake, Val di Fassa, and the Tofana. It contains many reviews for the best-recommended restaurants at the location described. An extensive section full of useful information on how to get to Bolzano and Cortina, and how to go back, plus what kind of services are available to rent a bike, the favorite means of transportation to ride the Great Road, are available.

**Drag in the Global Digital Public Sphere** Niall Brennan, David Gudelunas, 2022-08-19 This volume explores drag in global online spaces as a distinct departure from the established success, and limitations, of RuPaul's Drag Race. Centred around discourses of LGBTQ+ visibility and political mobilization, the volume addresses how these discourses have moved beyond the increasingly limited qualities of the television series to reconfigure the parameters of drag in emerging communities and spaces. By reconceiving of drag in new settings, this volume uncovers the crucial social and political potential for community-building in an increasingly fragmented and isolated global space. Chapters by a diverse team of authors delve into the recognition of new articulations of LGBTQ+ visibility and political mobility through drag in online space; the implications of drag celebrity for issues such as labor and profit in the digital sphere; the (re)appropriation of mainstream drag in emerging online environments and communities; and the reverberations of drag in underrepresented and underresearched areas of the world. Offering new insights into the rise of drag in a global digital public sphere, this volume will be of interest to scholars and students of media studies, cultural studies, digital media and cultural studies, critical race studies, gender studies, sexuality studies, queer theory, film, and television studies.

*Star Wars: Thrawn Ascendancy (Book III: Lesser Evil)* Timothy Zahn, 2021-11-16 NATIONAL BESTSELLER • The fate of the Chiss Ascendancy hangs in the balance in the epic finale of the Star Wars: Thrawn Ascendancy trilogy from Timothy Zahn. For thousands of years the Chiss Ascendancy has been an island of calm, a center of power, and a beacon of integrity. It is led by the Nine Ruling Families, whose leadership stands as a bulwark of stability against the Chaos of the Unknown Regions. But that stability has been eroded by a cunning foe who winnows away trust and loyalty in equal measure. Bonds of fidelity have given way to lines of division among the families. Despite the efforts of the Expansionary Defense Fleet, the Ascendancy slips closer and closer to civil war. The Chiss are no strangers to war. Their mythic status in the Chaos was earned through conflict and terrible deeds, some long buried. Until now. To ensure the Ascendancy's future, Thrawn will delve deep into its past, uncovering the dark secrets surrounding the ascension of the First Ruling Family. But the truth of a family's legacy is only as strong as the legend that supports it. Even if that legend turns out to be a lie. To secure the salvation of the Ascendancy, is Thrawn willing to sacrifice everything? Including the only home he has ever known?
