Il Globo Bruno Mascitelli, Simone Battiston, James Jupp, 2009 In 2009 Australia's leading Italian-language newspaper *Il Globo* marks 50 years of publication. It has been at the forefront of the heights and the challenges of Italian post-war migration to Australia. *Il Globo* has been viewed as a leading community institution making its presence felt on Italian related issues.

The Transnational Voices of Australia's Migrant and Minority Press Catherine Dewhurst, Richard Scully, 2020-11-13 This edited collection invites the reader to enter the diverse worlds of Australia's migrant and minority communities through the latest research on the contemporary printed press, spanning the mid-nineteenth century to our current day. With a focus on the rare, radical and foreign-language print culture of multiple and frequently concurrent minority groups' newspaper ventures, this volume has two overarching aims: firstly to demonstrate how the local experiences and narratives of such communities are always forged and negotiated within a context of globalising forces – the global within the local; and secondly to enrich an understanding of the complexity of Australian 'voices' through this medium not only as a means for appreciating how the cultural heritage of such communities were sustained, but also for exploring their contributions to the wider society.

Voices of Challenge in Australia's Migrant and Minority Press Catherine Dewhurst, Richard Scully, 2021-12-03 This book brings together long-obscured histories to discuss Australia's cultural, social, and political diversity in depth. The history of Australia's migrant and minority print media reveals extensive evidence for the nation's global connectedness, from the colonial era to today. A fascinating and complex picture of Australia's long-term transnational ties emerges from the smaller enterprises of individuals and communities in the distant and more recent past. This book explores the authentic voices of minority groups which challenged the dominant experiences, patterns, and debates that have shaped Australia.

Italians in Australia Francesco Ricatti, 2018-04-26 This book provides a concise and innovative history of Italian migration to Australia over the past 150 years. It focuses on crucial aspects of the migratory experience, including work and socio-economic mobility, disorientation and reorientation, gender and sexual identities, racism, sexism, family life, aged care, language, religion, politics, and ethnic media. The history of Italians in Australia is re-framed through key theoretical concepts, including transculturation, transnationalism, decoloniality, and intersectionality. This book challenges common assumptions about the Italian-Australian community, including the idea that migrants are 'stuck' in the past, and the tendency to assess migrants' worth according to their socio-economic success and their alleged contribution to the Nation. It focuses instead on the complex, intense, inventive, dynamic, and resilient strategies developed by migrants within complex transcultural and transnational contexts. In doing so, this book provides a new way of rethinking and remembering the history of Italians in Australia.
