Il Manifesto Italiano 1882-1925 Luigi Menegazzi,
Power and Opposition in Post-revolutionary Societies Il Manifesto,1979

The Comrade from Milan Rossana Rossanda,2020-10-27 In this much-lauded memoir, acclaimed for its blend of literary elegance and political passion, Rossana Rossanda, a legendary figure on the Italian left, reflects on a life of radical commitment. Active as a communist militant in the Italian Resistance against fascism during World War Two, Rossanda rose rapidly in its aftermath, becoming editor of the Communist Party weekly paper and a member of parliament. Initially a party loyalist, she was critical of the party's conservatism in the face of new radical movements and moved into opposition during the late 1960s. The breach widened after she and others publicly opposed the Soviet invasion of Czechoslovakia, and were expelled in 1969. She went on to create the influential daily *il manifesto*, which continues to this day. Her unique experience enables her to reconstruct that period with flair and authority. She paints a revealing picture of fascism, communism, post-war reconstruction and the revolts that shook Europe in the 1960s. In *The Comrade from Milan*, one of the most influential intellectuals of the European Left relives the storms of the twentieth century. Both cool-headed and precise, Rossanda provides a rare insight into what it means to be politically engaged.

The Tailor of Ulm Lucio Magri,2019-08-13 Twenty years have passed since the Italian Communists’ last Congress in 1991, in which the death of their party was decreed. It was a deliberate death, accelerated by the desire for a “new beginning.” That new beginning never came, and the world lost an invaluable, complex political, organizational and theoretical heritage. In this detailed and probing work, Lucio Magri, one of the towering intellectual figures of the Italian Left, assesses the causes for the demise of what was once one of the most powerful and vibrant communist parties of the West. The PCI marked almost a century of Italian history, from its founding in 1921 to the partisan resistance, the turning point of Salerno in 1944 to the de-Stalinization of 1956, the long ’68 to the “historic compromise,” and to the opportunity—missed forever—of democratic transformation. With rigor and passion, *The Tailor of Ulm* merges an original and enlightening interpretation of Italian communism with the experience of a militant “heretic” into a riveting read—capable of broadening our insights into contemporary Italy, and the twentieth-century communist experience.

Discovery of the World Luciana Castellina,2014-05-06 Luciana Castellina is one of Italy's most prominent left intellectuals and a cofounder of the newspaper *Il Manifesto*. In this coming-of-age memoir, based on her diaries, she recounts her political awakening as a teenage girl in Fascist Italy-where she used to play tennis with Mussolini's daughter-and the subsequent downfall of the regime. The book is about war, anti-Semitism, anti-fascism, resistance, hope in social justice, experiencing different contexts than one's own, traveling, political rallies, cinema, French intellectuals and FIAT workers, international diplomacy and friendship. All this is built on an intricate web made of reason and affection, of rational questioning and ironic self-narration as well as of profound nostalgia, disappointment and new discoveries.

The Italian Communist Party Grant Amyot,2023-07-14 First published in 1981 *The Italian Communist Party* looks at the debate within the party and how its strategy was forged. It considers the development of Eurocommunism, the rise and fall of the Ingrao Left and many other topics related to the formulation of the PCI. Based on original research by the author, it explores how key issues were debated and resolved in various representative provincial organisations of the party. It shows how changing ideals affected policy and the party’s organisation and how different attitudes emerged from the diverse social and economic conditions in the different parts of Italy. This book is an important historical document for scholars and researchers of Italian communism, European communism and political studies.

Fascism and Ideology Salvatore Garau,2015-03-24 This book develops a number of new conceptual tools to tackle some of the most hotly debated issues concerning the nature of fascism, using three profoundly different national contexts in the inter-war years as case studies: Italy, Britain and Norway. It explores how fascist ideology was the result of a sustained struggle between competing internal factions, which created a precarious, but also highly dynamic, balance between revolutionary/totalitarian and conservative/authoritarian tendencies. Such a balance meant that these movements were hybrids with a surprising degree of internal diversity, which cannot be explained away as simple opportunism or lack of ideological substance. The book's focus on fascist ideology's internal variety and aggregative potential leads it to argue that when fascism succeeded, this was less an effect of its revolutionary ideas, than of the opposite – namely, its power to integrate elements from other pre-existing ideologies. Given the prevailing opinion that fascism is revolutionary by definition, the book ultimately poses a challenge to the dominant view in the field of fascist studies.

IL MANIFESTO Rossana Rossanda,1971-06-01

Italian Politics Roberto D'alimonte,2018-02-05 The year 1996 in Italian politics was a year rich in novelty. After the stalled transition of 1995, the political atmosphere had begun to change. Most obvious was the end of Dini's unelected government of technocrats, supported by a heterogeneous group in Parliament, and its replacement with Romano Prodi's government, a coalition of the parties that had won the general election on April 21, 1996. But an even more important change and one more likely to be remembered was a new climate of dialogue amongst the main political forces that emerged from this period of transition between two republics. In 1996, despite the general elections, cooperation again became part of the political game.

Frontiers of Feminism Jacinthe Michaud,2021-04-01 From the mid-1960s to the mid-80s, feminist activism in North America and Europe reached its peak, animated by a disparate array of issues and ideas. *Frontiers of Feminism* compares Québécois and Italian feminisms, revealing both the synergy between feminism and the left and the influence of American and French women’s movements on those in Québec and Italy. Revisiting struggles such as abortion, health and sexuality, wages for housework, and the quest for autonomy from masculine thought, Jacinthe Michaud brings an international perspective to major feminist themes, strategies, and modes of organizing.

Il Manifesto del Partito Comunista. Edizione integrale Friedrich Engels,Karl Marx,2015-02-20 Alla base de *Il Manifesto del Partito Comunista*, capolavoro di analisi politica nonché tra i testi più influenti dell'intera storia dell'umanità, c'è un'idea che, con semplicità disarmante, non ha mai smesso di trasmettere la potenza della sua portata rivoluzionaria: Un altro mondo, suggeriscono Marx ed Engels, è possibile; abbattere la borghesia per sancire l'avvento del dominio del proletariato, abolire la divisione in classi della società, superare il regime della proprietà privata e farla finita con le fandonie del libero mercato, sono i passi fondamentali che la maggioranza degli uomini e delle donne - cioè tutti coloro che vivono del proprio lavoro e non alle spalle della fatica altrui - è chiamata a compiere affinché parole come giustizia, libertà e fratellanza possano uscire dallo sterile terreno dell'utopia per tradursi in realtà.

Il Manifesto dell'architettura futurista di Sant'Elia e la sua eredità Ezio Godoli,Alessandra Pelosi,2014-12-01 Se il centenario della nascita di Sant’Elia ha offerto “l’occasione per valutare la sua opera, e soprattutto, per distinguerla dalla poetica futurista” (Bruno Zevi), quello del manifesto *Architettura futurista* (1914) induce a una riflessione e a un approfondimento sui rapporti tra le idee di architettura e di città dell’architetto comasco e degli altri futuristi (Volt, Marchi, Prampolini, Sartoris, Fiorini, Mazzoni) e sulle reazioni prodotte dal suo manifesto nelle riviste e nei movimenti d’avanguardia del periodo tra le due guerre mondiali. Delineando un bilancio della fortuna critica di Sant’Elia fuori d’Italia e delle suggestioni esercitate dalle sue visioni metropolitane sugli architetti e sui movimenti di avanguardia che hanno operato nella seconda metà del secolo scorso (da Metabolism ad Archigram), questo volume intende replicare al “saggio magistrale e spietato” di Carlo Ludovico Ragghianti, in larga parte condiviso da Zevi, nel quale è sostenuta la tesi che l’architetto comasco non possa “essere considerato ‘precursore’: niente si può dedurre, dai suoi disegni, di vitale o di utile per l’esperienza architettonica e urbanistica ulteriore” (1963).

The Pursuit of Europe Anthony Pagden,2022-02-04 The story of the evolution of the 'European project', from the end of the Napoleonic Wars through to Brexit, this is also the story of how, and why, it become

possible to imagine that the diverse peoples of Europe might be united in a single political community.

The Camorra Tom Behan,2005-08-18 Over the last twenty years the Camorra of Naples and the surrounding region has risen to a level of strength which rivals that of the Sicilian mafia. The Camorra traces the Camorra from its origins in Naples in the mid-nineteenth century to its present dominance of both Naples and the Campania region. The Camorra examines the transformation of small time cigarette smugglers of the 1960s into modern international businessmen, often through the use of trial documents and interviews with some key protagonists. Tom Behan places great emphasis on the fact that all major political parties have been involved with the camorra, along with the police, the judiciary, the business community and administrators. Behan argues that the solution to the problem of the Camorra lies not with these forces but with those ordinary people who suffer the consequences of a political and economic system defined as political criminality.

The Peace Discourse in Europe, 1900-1945 Alberto Castelli,2018-08-21 This book charts ideas European intellectuals (mostly from Great Britain, France, Germany and Italy) put forward to solve the problem of war during the first half of the twentieth century: a period that began with the Anglo-Boer war and that ended with the explosion of the atomic bombs on Hiroshima and Nagasaki. Such ideas do not belong to a homogeneous tradition of thought, but can be understood as a unique discourse that takes different characteristics according to the point of view of each author and of the specific historical situation.

Catholics and Communists in Twentieth-Century Italy Daniela Saresella,2019-10-17 Catholics and Communists in Twentieth-Century Italy explores the critical moments in the relationship between the Catholic world and the Italian left, providing unmatched insight into one of the most significant dynamics in political and religious history in Italy in the last hundred years. The book covers the Catholic Communist movement in Rome (1937-45), the experience of the Resistenza, the governmental collaboration between the Catholic Party (DC) and the Italian Communist Party (PCI) until 1947, and the dialogue between some of the key figures in both spheres in the tensest years of the Cold War. Daniela Saresella even goes on to consider the legacy that these interactions have left in Italy in the 21st century. This pioneering study is the first on the subject in the English language and is of vital significance to historians of modern Italy and the Church alike.

La Tela Strappata Alessio Scarlato,2016-10-19 «Fare una descrizione precisa di ciò che non ha mai avuto luogo è il compito dello storico». La sentenza di Oscar Wilde guida questa ricostruzione del rimosso del cinema del Novecento, la storia dei grandi film non fatti, dal Don Chisciotte di Welles al Viaggio di G. Mastorna di Fellini, dal Cristo di Dreyer al Napoleone di Kubrick, dal Que viva Mexico! e Il prato di Bežin di Ejzenštejn al The Day the Clown Cried di Lewis. E ancora, Godard, Pasolini, Munk, Vertov, Lanzmann: la storia di grandi progetti incompiuti, di riprese che si sono protratte per decenni e poi sono state dimenticate in qualche magazzino, immagini rimaste sulla carta oppure riutilizzate, ma al di fuori della loro destinazione originaria. Attraverso questo racconto, emerge il profilo di quello che il Novecento non ha saputo vedere e raccontare, il retro della Storia, nonché il profilo di una storia delle immagini del cinema che disloca la centralità della sala cinematografica per far emergere i meccanismi di negoziazione e i doveri d'autore che preludono alla visibilità o alla scomparsa di tali immagini perdute.

The Socialist Tradition Carl Boggs,1995 The Socialist Tradition explores the theoretical origins and historical development of the socialist tradition from the 19th century to the present, focusing on the long-term decline of socialism in the post-World War II period. Carl Boggs examines the constituent elements of democratic socialism, the forms and strategies it has embodied and the material, ideological and historical obstacles it has confronted. He explains the conditions associated with its growth and the shifting of these conditions over the years. He also assesses the prospects today for the reappearance of a strong socialist tradition in the context of global crisis and the collapse of Communism.

Immigration and Criminal Law in the European Union Elspeth Guild,Paul Minderhoud,2006-05-29 This book provides a clear picture of the issues of legal and social legitimacy which surround criminal measures relating to trafficking in human beings in six Member States and the EU. It includes and explains the legal nature of the types of measures which have been adopted and the presentation of criminal sanctions and the positions taken by key actors in civil society.

CTS and Right-Wing Terrorism and Counterterrorism Alice Martini,Raquel da Silva,2023-08-22 This volume is a timely contribution to the current debates and potential efforts to study and counter the phenomena of extreme right violence in a period when the rise of right-wing extremism is being witnessed across the globe. Against this backdrop, the violent radicalisation and extremism of individuals and groups belonging to the extreme right threaten to undermine and destabilize societies and democratic orders, leaving a research gap that has only started to be filled in recent years, but that is still quite wide when it comes to counter-terrorism approaches to extreme right violence. Learning from the past, and trying to avoid similar mistakes, this volume creates a much-needed space for open, honest, and ethical debate around countering extreme right violence, answering social and political calls to debate how to counter this kind of violence. This volume brings together a group of interdisciplinary scholars to contribute to national and international, academic and policy debates about countering extreme right violence from a critical perspective. Volume I focuses particularly on exploring how extreme right violence has been approached, narrated and made sense of in different spatial and temporal contexts, examining how political actors such as media and politicians portray the threat of and actual violence perpetrated by the extreme right, deconstructing current counter-terrorism approaches, and formulating a critical approach to researching extreme right violence. It will be of great interest to all students of terrorism studies, security studies, international relations, and political science in general. The chapters in this book were originally published in Critical Studies on Terrorism.
