*Belonging* Sue Unerman, Kathryn Jacob, Mark Edwards, 2020-10-29 The most important business book of the year - *Esquire* There's never been more discussion around diversity and inclusion in the workplace. From gender pay gaps and the #MeToo movement to Black Lives Matter, it seems that every organization has finally recognised that lasting change needs to happen. Various studies show that the most successful and productive senior management teams are those which are truly diverse and eclectic. Yet there remains only 8 female CEOs of FTSE 100 boards, and only 10 BAME people working in leadership roles across companies in the FTSE 100. While there has been a clear shift in attitudes, actual progress towards more inclusive workspaces has been excruciatingly slow and, in some cases, has ground to a halt. Following extensive research and interviews at over 200 international businesses, Kathryn Jacob, Sue Unerman and Mark Edwards have discovered one major problem that is holding back the move towards greater diversity: why aren't the men getting involved? Most men are not engaged with D&I initiatives in the workplace – at one extreme they may be feeling actively hostile and threatened by the changing cultural landscape. But others may be unmotivated to change – recognising the abstract benefits of diversity but not realising what's in it for them. The time for change is long past. *Belonging* is the call to action we need today -the tool to turn the men in power into allies as we battle discrimination, harassment, pay gaps, and structural racism and patriarchy at every level of the workplace. The lessons in this book will help us work together to build a better workplace where everyone feels they belong.

*The Glass Wall* Sue Unerman, Kathryn Jacob, 2016-09-01 Never mind the glass ceiling. In the workplace today there's a glass wall. Men and women can see each other clearly through the divide, but they don't speak the same language or have the same expectations. And as a result, women and their careers are suffering. With more women than ever in the workforce, but still too few in the boardroom, now is the time to address the assumptions and miscommunication holding women back. This book gives women the tools they need to master any situation. Drawing on Unerman and Jacob's own experience in male-dominated businesses, as well as over a hundred interviews with both men and women, *The Glass Wall* provides clear, smart and easy-to-apply strategies for success. From unlocking ambition and developing resilience to nurturing creativity and getting noticed, these are the skills that everyone needs to learn to help break down that wall and create better workplaces for all.

*.NET and COM* Adam Nathan, 2002-01-31 This is the eBook version of the printed book. If the print book includes a CD-ROM, this content is not included within the eBook version. The focus of the book is on COM Interoperability (since it's a much larger subject), and the heart of the discussion is broken down into four parts: Using COM Components Within the .NET Framework Using .NET Framework Components from COM Designing Good .NET Framework Components for COM Clients Designing Good COM Components for .NET Framework Clients The scope of the book is just about everything related to using unmanaged code in the .NET Framework. Technologies built on top of COM Interoperability are also covered-Interoperability of Windows Forms Controls and ActiveX controls, Interoperability with COM+, and Interoperability with Distributed COM (DCOM). Although Platform Invocation Services is a separate technology from COM Interoperability, there are many areas of overlap, so including in the book is a natural fit. All of these technologies are a core part of the Common Language Runtime and .NET Framework, and will likely be used not only as the path of migration for existing software projects, but for brand new software development for the next several years.

*Color of Violence* INCITE! Women of Color Against Violence, 2016-07-22 The editors and contributors to *Color of Violence* ask: What would it take to end violence against women of color? Presenting the fierce and vital writing of organizers, lawyers, scholars, poets, and policy makers, *Color of Violence* radically repositions the antiviolence movement by putting women of color at its center. The contributors shift the focus from domestic violence and sexual assault and map innovative strategies of movement building and resistance used by women of color around the world. The volume's thirty pieces—which include poems, short essays, position papers, letters, and personal reflections—cover violence against women of color in its myriad forms, manifestations, and settings, while identifying the links between gender, militarism, reproductive and economic violence, prisons and policing, colonialism, and war. At a time of heightened state surveillance and repression of people of color, *Color of Violence* is an essential intervention. Contributors. *Hebrew Myths* Robert Graves, Raphael Patai, 2014-05-15 The I, Claudius author's "lightning sharp interpretations and insights . . . are here brought to bear with equal effectiveness on the Book of Genesis" (Kirkus Reviews). This is a comprehensive look at the stories that make up the Old Testament and the Jewish religion, including the folk tales, apocryphal texts, midrashes, and other little-known documents that the Old Testament and the Torah do not include. In this exhaustive study, Robert Graves provides a fascinating account of pre-Biblical texts that have been censored, suppressed, and hidden for centuries, and which now emerge to give us a clearer view of Hebrew myth and religion than ever. Venerable classicist and historian Robert Graves recounts the ancient Hebrew stories, both obscure and familiar, with a rich sense of storytelling, culture, and spirituality. This book is sure to be riveting to students of Jewish or Judeo-Christian history, culture, and religion.
