Electrical (Generator and Electrical Plant) Sam Stuart,2013-10-22 Electrical (Generator and Electrical Plant), Volume 4 is a five-chapter text that covers the principles, design, manufacture, characteristics, and maintenance of generators and electrical plant equipment. Chapter 1 deals with the design, construction, and operational aspects of large turbo-generators of up to 500 MW rating. Chapter 2 summarizes the practices in respect of main switchgear and ancillary equipment for generating stations. Chapter 3 looks into the main parameters of the electrical auxiliary system design and the details of the switchgear, motors, and associated equipment. Chapter 4 describes the construction and assembly, design, operation, and maintenance of transformers. This chapter also covers the development of power cables for transformers, installation, and commissioning tests. Chapter 5 examines the role of protection in system design and the principles and operation of automatic voltage regulators. This book is of great value to workers and students who are interested in the design and operation of electrical plant equipment.

Parking Lot Picker's Play-Along: Mandolin DIX BRUCE,2017-05-04 The best way to learn an instrument is to play it as often as you can with othermusicians. Trading songs and interacting with other instrumentalists and singerswill foster learning at a faster pace and promote development of an ensemble sound. This play-along series encourages this kind of fun, collaborative approach to learning an instrument. Aspiring mandolinists can practice chords and rhythm, singing and lyrics, melodies, solos, licks and backup playing along with a real band! The online audio includes Dix Bruce on the guitar, mandolin and vocals, Bill Evans on the banjo and vocals, Julie Cline on vocals and Cindy Browne on the string bass. Therecorded songs are performed with introductions (kickoffs), vocals and solos-just how they would be at jam sessions and performances. Solo sections in the recordings allow you to play chords and solos from the book. Create your own improvised solos or sing the lyrics while the band provides accompaniment. The book includes fifteen of the most popular bluegrass, old-time and gospel songs, recorded at slow and regular tempos for players of any skill level. Includes mandolin tablature, chords, solos, backup parts and more. Great for beginning tointermediate players. We'll jam ALL night long!

The Rag-Picker's Guide to Poetry Eleanor Wilner,Maurice Manning,2013-11-11 The venture of this inviting collection is to look, from the many vantages that the 35 poets in this eclectic anthology chose to look, at what it was—knowing that a poem can’t be conceived in advance of its creation—that helped their poems to emerge or connected them over time. The Rag-Picker's Guide to Poetry permits an inside view of how poets outwit internal censors and habits of thought, showing how the meticulous and the spontaneous come together in the process of discovery. Within are contained the work and thoughts of: Betty Adcock Joan Aleshire Debra Allbery Elizabeth Arnold David Baker Rick Barot Marianne Boruch Karen Brennan Gabrielle Calvocoressi Michael Collier Carl Dennis Stuart Dischell Roger Fanning Chris Forhan Reginald Gibbons Linda Gregerson Jennifer Grotz Brooks Haxton Tony Hoagland Mark Jarman A. The Mandolin Picker's Guide to Bluegrass Improvisation JESPER RUBNER-PETERSON,2011-02-25 A new book on improvisation is now available for bluegrass mandolin players. Based on the concept of learning by playing, this 200 page book covers a wide range of improvisation tools and how to implement them in your playing. A large number of examples are presented in both tablature and standard notation, so that a theoretical background is not required. the small amount of theory needed is simply presented and easily learned step by step.A series of exercises designed to help the player develop improvisational skills are included in the book. As an instruction tool, the book can easily be combined with the instructor's individual philosophy or by a student wishing to study alone. the subject matter is varied in difficulty and can be used by both the beginner and more advanced player as an instructional guide and reference book. the major-themes in the book are: the pentatonic sound, scale and major-chord based improvising with any Bluegrass-Tune, Double-stop improvisation, Minor chords and Keys, the blues sound, Melody oriented improvisation, How to use: Monroe Style, Cross picking, Hot licks, how to simplify a lick, and more. MP3 CD accompanies book featuring all examples.Click to hear the author discuss the book.

EU Non-Discrimination Law in the Courts Jule Mulder,2017-01-12 Since the year 2000, the material and personal scope of EU non-discrimination law has been significantly broadened and has challenged national courts to introduce a comprehensive equality framework into their national law to correspond with the European standard. The book provides a multi-layered culturally informed comparison of juridical approaches to EU (in)direct sex and sexualities discrimination and its implementation in Germany and the Netherlands. It examines how and why national courts apply national non-discrimination law with a European origin differently, although the legislation derives from the same set of EU law and the national courts have to respect the interpretive competence of the CJEU. The book provides valuable insights into the national and European context which shape the dialogue and influences of the courts inter se, the national application of EU law, and the harmonisation process within the area of gender equality law and beyond. A Dutch and German comparison is of special interest here because both countries' approaches towards non-discrimination law are quite different despite the similarities in the respective legal systems; they are founding members of the EU, they are neighbours, they are civil law countries, and their legal systems are relatively similar at least compared to Scandinavian and common law jurisdictions. Therefore, the different reception EU non-discrimination law cannot simply be explained by obvious differences between the legal systems. Their comparison thus provides an interesting case study to uncover legal and non legal, cultural and historic, factors which influence the application of EU non-discrimination law in both countries. The book is of interest for EU, comparative and equality lawyers.
