The Victorian Naturalist; Volume 34, 1917-1918 Field Naturalists' Club of Victoria, 2016-08-28 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Record of Zoological Literature, 1919

**Quarterly Journal of the Royal Meteorological Society** Royal Meteorological Society (Great Britain), 1918 Vols. 10-11 include Meteorology of England by James Glaisher as separately paged section at end.

The Zoological Record, 1919 Indexes the world's zoological and animal science literature, covering all research from biochemistry to veterinary medicine. The database provides a collection of references from over 4,500 international serial publications, plus books, meetings, reviews and other non-serial literature from over 100 countries. It is the oldest continuing database of animal biology, indexing literature published from 1864 to the present. Zoological Record has long been recognized as the unofficial register for taxonomy and systematics, but other topics in animal biology are also covered.

**Toppling Foreign Governments** Melissa Willard-Foster, 2018-11-19 In 2011, the United States launched its third regime-change attempt in a decade. Like earlier targets, Libya's Muammar Qaddafi had little hope of defeating the forces stacked against him. He seemed to recognize this when calling for a cease-fire just after the intervention began. But by then, the United States had determined it was better to oust him than negotiate and thus backed his opposition. The history of foreign-imposed regime change is replete with leaders like Qaddafi, overthrown after

wars they seemed unlikely to win. From the British ouster of Afghanistan's Sher Ali in 1878 to the Soviet overthrow of Hungary's Imre Nagy in 1956, regime change has been imposed on the weak and the friendless. In *Toppling Foreign Governments*, Melissa Willard-Foster explores the question of why stronger nations overthrow governments when they could attain their aims at the bargaining table. She identifies a central cause—the targeted leader's domestic political vulnerability—that not only gives the leader motive to resist a stronger nation's demands, making a bargain more difficult to attain, but also gives the stronger nation reason to believe that regime change will be comparatively cheap. As long as the targeted leader's domestic opposition is willing to collaborate with the foreign power, the latter is likely to conclude that ousting the leader is more cost effective than negotiating. Willard-Foster analyzes 133 instances of regime change, ranging from covert operations to major military invasions, and spanning over two hundred years. She also conducts three in-depth case studies that support her contention that domestically and militarily weak leaders appear more costly to coerce than overthrow and, as long as they remain ubiquitous, foreign-imposed regime change is likely to endure.
