Letters, Numbers, Shapes and Colors Petra Noval,2020-10-20 Have fun and learn about letters, shapes, numbers and colors in this Montessori inspired early learning book. From Inner cover: This book is set up to be used in the order of the chapters, but feel free to have fun with it however you prefer. First your little one learns how to visually match each letter of the alphabet to the sound you pronounce. Numbers come next accompanied by words spelled out as well as a quantitative cue. This way, the learner can associate numbers with letters and how many buttons correspond to the appropriate number. The third part is geometric shapes, a more complex concept. In this section there are realistic pictures of shapes along with the words spelled out to match. In the fourth chapter the child will get exposed to the concept of colors. Here, all the images that were seen in the previous chapters are organized by the color that they match to. This is where the fun comes in, your sweetie can practice a Find and Seek game where one image is identified as a specific color, then he or she can go back through the previous chapters to find it. We hope you will enjoy this fun learning experience, especially the Find and Seek game

The Imagination Box Martyn Ford,2016-08-02 Fans of *Escape from Mr. Lemoncello's Library* and *The Mysterious Benedict Society* will race through this exciting adventure about an orphan, his unusual friends, and the power of imagination. What if everything you imagined could become real? It all starts when Professor Eisenstone, scientist and inventor, creates a box that's supposed to turn whatever you imagine into reality. There's only one problem: he can't get it to work. Until Tim shows up. An orphan with an especially keen imagination, Tim brings to life Phil, an eloquent finger monkey with a dry sense of humor. Tim and Professor Eisenstone work in secret to make the box more powerful. But when Eisenstone is kidnapped along with his contraption, Tim, Phil, and the professor's granddaughter, Dee, must find the criminals before they use the box to turn their imagined evil into something all too real. Creating a miniature monkey is all well and good. But in order to rescue his friend, Tim will have to face his darkest fears and unleash the true potential of his own mind. "A splendid adventure, hilarious and harrowing in turn and so strongly cast that even the precocious pocket primate doesn't steal the show." —Kirkus Reviews, Starred Review With a solid mystery, fantastic device, warm friendships, a funny monkey, and heartening conclusion, this has a heaping serving of middle-grade antics. -Booklist "The Imagination Box is children's fiction in the classic mode, with double-crosses, deceitful adults and narrow escapes all meshing into a solid mystery plot...and a timeless be-careful-what-you-wish-for message." —Financial Times (UK)

Dot Markers Activity Book | a Dot Art Coloring Book for Toddlers | Shapes | Alphabet | Numbers | Animals Great Learning Adventures,2020-10-13 This dot markers activity book is perfect for helping your toddler learn shapes, numbers, colors, animals, and all 26 letters of the alphabet. This book is organized into the following sections: ALPHABET: This section has 27 pages (one for each letter, plus a title page to color). Each page includes not only large letters, but a word with a popular object to help kids begin learning word-object association. For example, your child will be able to color the letter A and an apple on the same page. NUMBERS: This section is 11 pages (digits 1 through 10, plus a title page to color). Each page has a numeral to color, along with the appropriate number of objects. For instance, the number 5 page has both the digit 5 and five birds to color. COLORS: This 8-page section contains all the common colors such as blue, red, orange, green, yellow, purple, and pink. Each page has a color represented by a common object. For example, red is represented by a strawberry. SHAPES: This 7-page section includes a circle, triangle, square, rectangle, heart, and star. Each shape represents a common object. For instance, the rectangle is in the shape of a door, so kids learn how these objects exist in their everyday lives. ANIMALS: This is not an official section, but animals appear throughout the book, so your child will start learning about common animal names and images. It's also a lot of fun to color animals with dot markers! Features: Each page is single sided to avoid excessive bleed through Dots on each page perfectly fit the dimensions of dot markers Large (8.5x11 inch) pages Quality binding and cover to protect pages A word from the author: It is so exciting to watch your little one grow at this stage of life. Such rapid development occurs during these years! The following pages are a fun way to help your child learn about counting, word-object association, and the alphabet, as this activity book introduces them to letters, numbers, shapes, and colors. Keep in mind that hand-eye coordination and fine motor skills are forming at this stage, so do not expect every page to be neatly colored; messy coloring is perfectly normal at this level. Let these dot art activities inspire conversations between the two of you as their curious brains make more and more connections to the world around them!
