Imajica Clive Barker,2009-03-17 Rich in plot twists, byzantine intrigues and hidden secrets, Imajica is a Chinese puzzle box constructed on a universal scale. . . Barker has an unparalleled talent for envisioning other worlds. – Washington Post Book World From master storyteller Clive Barker comes an epic tale of myth, magic, and forbidden passion Imajica is an epic beyond compare: vast in conception, obsessively detailed in execution, and apocalyptic in its resolution. At its heart lies the sensualist and master art forger, Gentle, whose life unravels when he encounters Judith Odell, whose power to influence the destinies of men is vaster than she knows, and Pie 'oh' pah, an alien assassin who comes from a hidden dimension. That dimension is one of five in the great system called Imajica. They are worlds that are utterly unlike our own, but are ruled, peopled, and haunted by species whose lives are intricately connected with ours. As Gentle, Judith, and Pie 'oh' pah travel the Imajica, they uncover a trail of crimes and intimate betrayals, leading them to a revelation so startling that it changes reality forever.

Imagica Santari Green,2008-05-16 Create a new Source of Magic – that's the daunting task set for our hero. He does have help though... a powerful wizard, a young magician, and a female dragon who is full of surprises and is much more than she appears to be. Yes, you will read about dragons, but this is more than a fantasy adventure. This is a two year chronicle of the author's life, narrated as story from many perspectives, in which he shares his knowledge of how to create magical reality. Find out how he achieves it in this highly entertaining tale. The secret, apparently, is to open this book and let it's magic seep through you. Hmm, but will a page or two be enough? About Santari and Imagica Santari Green is a creative modern-day Merlin. He knows how to create magical reality through voice, writing, cooking, growing vegetables, and engaging people at the most profound and magnificent levels of themselves. This is his first trans-dimensional book: how to source magic and create life with it. He says that this book is a living creation and suggests that, as you read it, you allow yourself to be transported to the magical realm of Imagica. There you will encounter a powerful force, an amazing intelligence, that will take you to the edge of stunning uncompromising brilliance, where you have no other choice but to take wings and fly!

Grandfather is shocked and knows that he has to teach Eli why his imagination is an important part of him. As Grandfather starts to teach Eli how to use his imagination, a fish-drawn carriage pulls up outside to take Eli to Imagica. Alder and Allaria are his guides in this imagination-filled land and Eli learns that using his imagination is useful and fun. When it is time to go home Eli also learns to take his imagination very seriously. He has lost a trinket that will help him get home and must rely on his imagination to get there. Has he learned enough to get home, or will he be stuck in Imagica forever?

Routledge Handbook of Japanese Cinema Joanne Bernardi,Shota T. Ogawa,2020-08-09 The Routledge Handbook of Japanese Cinema provides a timely and expansive overview of Japanese cinema today, through cutting-edge scholarship that reflects the hybridity of approaches defining the field. The volume's twenty-one chapters represent work by authors with diverse backgrounds and expertise, recasting traditional questions of authorship, genre, and industry in broad conceptual frameworks such as gender, media theory, archive studies, and neoliberalism. The volume is divided into four parts, each representing an emergent area of inquiry: Decentring Classical Cinema Questions of Industry Intermedia as an Approach The Object Life of Film This is the first anthology of Japanese cinema scholarship to span the temporal framework of 200 years, from the vibrant magic lantern culture of the nineteenth century, through to the formation of the film industry in the twentieth century, and culminating in cinema's migration to gaming, surveillance video, and other new media platforms of the twenty-first century. This handbook will prove a useful resource to students and scholars of Japanese studies, film studies, and cultural studies more broadly.

Imajica II Clive Barker,1995-05-10 The magical tale of ill-fated lovers lost among worlds teetering on the edge of destruction, where their passion holds the key to escape. There has never been a book like Imajica. Transforming every expectation of fantasy fiction with its heady mingling of radical sexuality and spiritual anarchy, it has carried its millions of readers into regions of passion and philosophy that few books have even attempted to map. It's an epic in every way; vast in conception, obsessively detailed in execution, and apocalyptic in its resolution. A book of erotic mysteries and perverse violence. A book of ancient, mythological landscapes and even more ancient magic.

Rock Hard Alien Anna Lewis,2020-04-13 STEAMY HOT SCI-FI ROMANCE COLLECTION : 3 STANDALONE BOOKS IN ONE. No cliffhanger. Guaranteed HEA. Out of This World Talia was only a child when it was revealed that aliens have been living among the human race for many years, and that they've always been planning a rebellion. She's grown up in

the war, and has become a badass, loner fighter because of that. But life in the middle of the war isn't always easy, and soon she gets captured by the enemy. As she spends time with the people that she's spent her entire life fighting against, she starts to notice a bond building, a common ground, but that quickly turns into something more scandalous, which might just threaten absolutely everything... Cosmically Yours There's no way to escape the grip of fate, especially when the balance of the universe is at stake. Find out how Amelia and Ero'an make the greatest difference by using their love as a platform for peace! Some part of Amelia Stone is sure she was made for greater things. Her love for space and anything cosmically-related had always made her stand out, and it was no surprise when she dove into astronomy studies in college. Soon after she begins studying, a series of dreams leads her to a field where a beam of light shines down, rapidly pulling her up into the inky sky she had come to love. Appearing before her is the great prince of the universe, Ero'an Sol, who hails from the furthest reaches of the galaxy searching for a beautiful woman to be his wife - and confesses it was purely an accident picking up Amelia. Their personalities are at odds in the beginning, but that quickly gives way to fondness as their adventures take them all over the stretch of existence and to something that seems even more real than the cosmos itself - love and a family that would inspire peace within the galaxy. Trinity Eliana Russet lives an ordinary life with an ordinary job and an ordinary best friend. But her whole world is twisted upside down when she finds out that she's pregnant...which is virtually impossible considering she's been celibate for the last six months. Zander Olgarian, an impossibly attractive man, reveals himself as the father of her child and Eliana's world comes crashing down. Not only is Zander her child's father, but he is also an alien prince, sent down to Earth to create his heir. Eliana has to fight through secret government groups trying to hunt her, loud-mouthed best friends, and hot-headed women on her quest to protect her child and figure out exactly what she's gotten herself into. With every new turn, she doesn't know who to trust. She's becoming lost in a world unknown to her and she's struggling to keep a hold on her sanity. But she's a fighter, and she'll be damned if she lets anyone hurt her baby.

Taiwan Cinema as Soft Power Song Hwee Lim, 2021-12-17 Why has Taiwanese film been so appealing to film directors, critics, and audiences across the world? This book argues that because Taiwan is a nation without hard political and economic power, cinema becomes a form of soft power tool that Taiwan uses to attract global attention, to gain support, and to build allies. Author Song Hwee Lim shows how this goal has been achieved by Taiwanese directors whose films win the hearts and minds of foreign audiences to make Taiwan a major force in world cinema. The book maps Taiwan's cinematic output in the twenty-first century through the three keywords in the book's subtitle- authorship, transnationality, historiography. Its object of analysis is the legacy of Taiwan New Cinema, a movement that begun in the early 1980s that has had a lasting impact upon filmmakers and cinephiles worldwide for nearly forty years. By examining case studies that include Hou Hsiao-hsien, Ang Lee, and Tsai Ming-liang, this book suggests that authorship is central to Taiwan cinema's ability to transcend borders to the extent that the historiographical writing of Taiwan cinema has to be reimagined. It also looks at the scaling down of soft power from the global to the regional via a cultural imaginary called little freshness, which describes films and cultural products from Taiwan that have become hugely popular in China and Hong Kong. In presenting Taiwan cinema's significance as a case of a small nation with enormous soft power, this book hopes to recast the terms and stakes of both cinema studies and soft power studies in academia.

Japanese and Hong Kong Film Industries Shuk-ting, Kinnia Yau, 2009-09-11 Annotation Focuses on the cooperation between Hong Kong and Japanese cinema from the Sino-Japanese War, which broke out in the 1930s, up until the early 1970s, to re-evaluate the significance of this event in the context of Asian film history.
