**Stephanie Arnold, Sari Padorr**

**37 Seconds** Stephanie Arnold, Sari Padorr, 2015-09-15 Like *Proof of Heaven* and *To Heaven and Back*, a medical drama with heavenly implications in which a woman receives premonitions of her death that come true, and her discovery of the heavenly help available to all of us. When she was pregnant with her second child, Stephanie Arnold had a sudden and overwhelming premonition that she would die during the delivery. Though she tried to tell the medical team and her family what was going to happen, neither the doctors nor her loved ones gave her warnings credence. Finding no physical indications that anything was wrong, they attributed her foreboding to hormones and anxiety. One member of the medical team did take her concerns seriously enough, and made the fateful decision to order extra units of blood “just in case.” Then, during the delivery, Stephanie suffered a rare Amniotic Fluid Embolism. She went into cardiac arrest and flat-lined for 37 seconds. She died. Using the supplementary blood, the medical team revived her, and she remained unconscious for more than six days. After months of recovery, Stephanie began to remember details of her experience, details she knew because she had witnessed the entire dramatic event, including her death, from outside her body—beside other spirits that were with her. In this remarkable true story, Stephanie recounts her harrowing journey and shares her surprising spiritual discoveries: we are not alone and have more loving help than we can imagine surrounding us.

**10 Minutes 38 Seconds in This Strange World** Elif Shafak, 2019-09-24 Shortlisted for the 2019 Booker Prize Named a Best Book of the Year by Bookpage, NPR, Washington Post, and The Economist A moving novel on the power of friendship in our darkest times, from internationally renowned writer and speaker Elif Shafak. In the pulsating moments after she has been murdered and left in a dumpster outside Istanbul, Tequila Leila enters a state of heightened awareness. Her heart has stopped beating but her brain is still active—for 10 minutes 38 seconds. While the Turkish sun rises and her friends sleep soundly nearby, she remembers her life—and the lives of others, outcasts like her. Tequila Leila's memories bring us back to her childhood in the provinces, a highly oppressive milieu with religion and traditions, shaped by a polygamous family with two mothers and an increasingly authoritarian father. Escaping to Istanbul, Leila makes her way into the sordid industry of sex trafficking, finding a home in the city's historic Street of Brothels. This is a dark, violent world, but Leila is tough and open to beauty, light, and the essential bonds of friendship. In Tequila Leila's death, the secrets and wonders of modern Istanbul come to life, painted vividly by the captivating tales of how Leila came to know and be loved by her friends. As her epic journey to the afterlife comes to an end, it is her chosen family who brings her story to a buoyant and breathtaking conclusion.

**28 Seconds** Michael James Bryant, 2012 A night that began with a dinner to celebrate his twelfth wedding anniversary ended in a jail cell for Michael Bryant. He was charged with dangerous driving causing death and criminal negligence causing the death of cyclist Darcy Sheppard. Ironically, he had helped write the legal test for the same charges sixteen years earlier. Bryant, as Ontario's attorney general, was the man responsible for administering 500,000 criminal charges every year in that province. He now faced prosecution by the same justice system. The charges were eventually dropped, but nothing could undo what had happened to Sheppard--or Bryant. 28 Seconds offers the never-before-told personal story of the events leading to Sheppard's death and the aftermath. It also includes behind-the-scenes revelations about Bryant's most popular and controversial political work. In 28 Seconds, Bryant chronicles the fateful aftermath of that late-summer evening in August 2009. He looks at the realities of the adversarial court system and a prison system filled with addicts and the mentally ill, speaking publicly, for the first time, of personal challenges and his own battle with some of the very demons shared by Darcy Sheppard.

**Every Twelve Seconds** Timothy Pachirat, 2011-11-18 The author relates his experiences working five months undercover at a slaughterhouse, and explores why society encourages this violent labor yet keeps the details of the work hidden.

**Just Ten Seconds** Jeannine Colette, 2019-10-19 Just Ten Seconds That's all it took for my life to change forever. I left my posh life in Manhattan and escaped to the Hudson Valley in hopes of a fresh start. It wasn't until I happened upon a bereavement group when I finally found a place I felt understood. I told them my husband was dead when, really, I was the one who had died inside. It was also where I saw the smoldering gaze of Dean Delgado, the single father whom I'd helped just days before. Just Ten Seconds That's all he wishes he had with his late wife. Despite Dean's widowed status, he has a robust thirst for life. He's a protector and a giver. A man who fixes things with his hands, is devoted to his child, and wants to spend his days with me. I try to avoid him, knowing a woman with my past has no business being in this man's life. With every run-in, he makes me laugh. With every touch, he ignites me. And with every second, he makes me feel like myself again. Just Ten Seconds That's all it took for me to fall in love with Dean Delgado. I'm in too deep and my secrets are about to be exposed. I only hope he can forgive me for the lies I never meant to tell.

**Seconds** Bryan Lee O'Malley, 2014 'Seconds' is a complex and novelistic standalone story about a young restaurant owner named Kate who, after being visited by a magical apparition, is given a second chance at love and to undo her wrongs. Review: Advance praise for Seconds In Seconds, Bryan Lee O'Malley plays the angst of youth against the fabric of a larger epic. In doing so, he enriches both. A great ride - Guillermo del Toro Bryan Lee O'Malley's Seconds is adorable, haunting, funny, and beautiful. A perfect recipe for a great graphic novel. - Scott McCloud, author of Understanding Comics

**Nineteen Minutes** Jodi Picoult, 2013-01-22 The daughter of a judge in a New Hampshire school shooting case witnessed the events but cannot remember the last several minutes of the attack.

**Copies in Seconds** David Owen, 2005-05-09 A lone inventor and the story of how one of the most revolutionary inventions of the twentieth century almost didn't happen. Introduced in 1960, the first plain-paper office copier is unusual among major high-technology inventions in that its central process was conceived by a single person. Chester Carlson grew up in unspeakable poverty, worked his way through junior college and the California Institute of Technology, and made his discovery in solitude in the depths of the Great Depression. He offered his big idea to two dozen major corporations -- among them IBM, RCA, and General Electric -- all of which turned him down. So

persistent was this failure of capitalistic vision that by the time the Xerox 914 was manufactured, by an obscure photographic-supply company in Rochester, New York, Carlson's original patent had expired. Xerography was so unusual and nonintuitive that it conceivably could have been overlooked entirely. Scientists who visited the drafty warehouses where the first machines were built sometimes doubted that Carlson's invention was even theoretically feasible. Building the first plain-paper office copier -- with parts scrounged from junkyards, cleaning brushes made of hand-sewn rabbit fur, and a built-in fire extinguisher -- required the persistence, courage, and imagination of an extraordinary group of physicists, engineers, and corporate executives whose story has never before been fully told. *Copies in Seconds* is a tale of corporate innovation and risk-taking at its very best.

**7 Seconds to Die** John F. Antal, 2022-02-03 A military study of the 2020 war between Armenia and Azerbaijan—the first war in history won primarily by unmanned systems. Fought over the course of forty-four days, the Second Nagorno-Karabakh war resulted in a decisive military victory for Azerbaijan. Armenia lost even though they controlled the high ground in a mountainous region that favored traditional defense. In *7 Seconds to Die*, military consultant and historian John Antal examines the decisive factors of the war and their implications for the future of armed conflict. The fact that Azerbaijan won the war is not extraordinary, considering the correlation of forces arrayed against Armenia. What is exceptional is that this was the first modern war primarily decided by unmanned weapons. The Turkish-made BAYRAKTAR TB2 Unmanned Air Combat Vehicle (UCAV) and the Israeli-made HAROP Loitering Munition (LM) dominated the fighting and provided Azerbaijan with a war-winning advantage.

**Seconds and Inches** Carly Israel, 2020-09-07 A child of alcoholics and grandchild of Holocaust survivors, Carly Israel describes her journey to sobriety and the challenges she faces as the mother of a child with complex medical issues. A memoir of recovery and transformation, and a thoughtful reflection on generational trauma, self-acceptance, and gratitude. Foreword by Jennifer Pastiloff.

**Hey, Let's Make a Band!** 5 Seconds of Summer, 2014-10-14 Hi everyone, This book is pretty much our official story so far. It really does seem only like last week we played our first gig at the Annandale Hotel in Sydney. Since then we've been given the opportunity to turn into the people and musicians we wanted to be. The people who gave us the opportunity were the fans. So this book is like a thank-you. We want everyone to know the story of how four western Sydney teenagers picked up their instruments and dreamed of being one of the biggest bands in the world. There are also some embarrassing photos of us derping around and some facts that some of us didn't even know. So we hope you enjoy it! Love, cal, luke, ash, and mike x

**Just 2 Seconds** Gavin de Becker, Tom Taylor, Jeff Marquart, 2008-06 Think of every assassination you've ever heard about. For most people, a few of these major ones come to mind: Caesar, Abraham Lincoln, John Kennedy, Martin Luther King, Mahatma Gandhi, Indira Gandhi, Anwar Sadat, John Lennon, Israel's Prime Minister Rabin, Pakistan's Benazir Bhutto. From start to finish, all of these attacks combined took place in less than one minute. And the hundreds of attacks studied for this book, all of them combined, took place in less than a half-hour. Those thirty minutes, surely the most influential in world history, offer important insights that can help today's protectors defeat

tomorrow's attackers. This 650-Page Book Contains: An original work of new insights arising from ten years of research; The Five Essential Lessons for protectors; The Compendium - 400 pages of summarized attacks, near attacks, and incidents against at-risk persons all over the world from 1960-2007, more than 1400 entries; and the Appendices - More than 100 pages of additional material and resources.

**From Sudden Death to Paradise** T.S. Dismas, 2019-09-20 It's easy to take it all for granted and go through life feeling invincible—especially if you've spent your life successfully facing challenges, overcoming obstacles in the way, and working hard to improve yourself both mentally and physically. Yet for all of us, this feeling of invincibility is an illusion. From Sudden Death to Paradise shares one man's story of suddenly facing his mortality and coming to terms with what he experienced. After being exposed to toxic chemicals while in the military, and unknown to him, author T. S. Dismas developed an autoimmune disease that would kill him—one night, Dismas suffered sudden heart failure and died for ten minutes. Yet in that moment, he had a near-death experience and visited heaven, where he would learn a valuable lesson about himself, his life, his faith, and God. No amount of suffering could take away his joy and peace, and after his experience, life was now sweet and truly a gift. With a new heart—both literally and spiritually—he was able to realize his previous life was not part of God's plan, and that embracing God's love is the only way to sustain happiness and find meaning in this life.
