

Inbound Sheriff

George Atkinson

San Luis Obispo County Sheriff's Department Gary L. Hoving, 2011 Since 1850, the San Luis Obispo County Sheriff's Department has proudly served the community as the chief law enforcement agency. The office of sheriff was originally created by the California Constitution to meet the public safety needs of each county. From horseback to gigabit, the sheriff and his deputies have responded to the needs of the citizens by providing the highest quality of protection. While the manner in which service is delivered has changed significantly since 1850, the quality of protection has remained high throughout history and is chronicled in this unique portrayal.

Tarrant County Sheriff's Office , 2004

Onondaga County Sheriff's Office Jonathan L. Anderson, 2015 The Onondaga County Sheriff's Office was formed on March 5, 1794. At that time, its jurisdiction covered what had previously been known as the Military Tract, a 1.75 million-acre stretch of land made available as bounty to soldiers of the Continental army during the Revolutionary War. Since then, the episodes that sketched the history of Onondaga County and Central New York have painted an exciting historical portrait of the sheriff's office and the role it has played in the development of its communities. Intriguing theaters of the office's history include promoting peace with the Haudenosaunee (Iroquois) Confederacy, maintaining jails, conducting early legal hangings, suppressing insurrections, policing the storied Erie Canal, and keeping pace of the ever-changing trends in crime, technology, and strategy.

Country Cop Barry Goodson, 2020-05-15 The deputy sheriff or sheriff of a county often is perceived as the lone officer protecting the citizens of a small town. Country Cop is the riveting story of one such deputy sheriff, Barry Goodson, and his

experiences with the Parker County Sheriff's office in the 1990s and early 2000s in North Texas. Goodson was required to answer any call for service within an area roughly the size of Rhode Island (just under 1000 square miles), where a backup officer could be many miles away, and so he often patrolled and handled calls alone in a county renowned for being a haven for drug manufacturers and dealers. Goodson puts the reader in his patrol car to vicariously share what it is like to be in county law enforcement. He reveals his officer's skills, which include the ability to identify an offender immediately, to assess that offender's immediate intent (apparent or not), and to decide on proper action before the offender can unleash his or her attack on that deputy or against the originally intended victim. More often than not, he employed "verbal judo" to de-escalate a situation instead of drawing his gun. Calls from dispatch ranged from a simple need to clear livestock from the highways to shots fired or a 150 mph high-speed auto chase of drug dealers. More often, drug dealer attacks erupted during a perceived normal traffic stop with the offender suddenly producing a weapon, forcing Goodson to use force to subdue the individual. During one domestic violence call Goodson and another officer forced entry to stop a violent father from extreme violence against his wife and two teenage sons, but then Goodson had to intercept the wife as she lunged forward with a pair of long scissors in an attempt to stab the other officer in the back. *Country Cop* gives the inside story of county law enforcement and will prove a valuable resource for those in criminal justice, those who aspire to a career in law enforcement, and to all who enjoy a good police story.

True Stories from a Lowcountry Cop Reginald E.

Onondaga County Sheriff, Since 1794 ,2003

The Texas Sheriff Thad Sitton,2000 In small-town East Texas when I was growing up back in the 1950s ... the sheriff was still the high sheriff -- master of the county courthouse, feudal lord of the county territory, manhunter, and keeper of the bloodhounds -- the person you least wanted to see while on teenage beer-drinking excursions down remote county roads. . . . He was kind to little children and old ladies but was reputed to be very rough on the criminal element. He kept a friendly old bloodhound around his office for kids to pet, and on occasion to help locate lost children and old people who had wandered away from home, but he kenneled his real pack on the edge of town. A mix of Bluetick and Walker hounds from the Walls pack at Huntsville prison, they meant business.

Manatee County Sheriff's Office 150th Anniversary History ,2005

San Bernardino County Sheriff's Department M. David DeSoucy,2006 The largest county in the continental United States has seen its share of colorful pursuits of suspects and fugitives, including the search for the last Native American in the United States to be tracked to his tragic end by a lawman's posse: Willie Boy at Ruby Mountain. San Bernardino County also was the setting for the shoot-outs at Baldy Mesa and Lytle Creek. Yet gunplay lore is only one aspect of the epic of the San Bernardino County Sheriff's Department. Today the department deploys nearly 5,000 salaried and volunteer employees to protect and serve its 20,186 square miles of deserts, mountains, forests, and increasingly urban areas. This original cow-county sheriff's office went through many developments that are detailed in these vintage photographs--sheriffs' administrations, equipment, investigations, and other exploits--all culled from the department's archives, private collections, the California Room of the San

Bernardino Public Library, and the San Bernardino Pioneer Historical Society.

Sheriff-Law; Or, a Practical Treatise on the Office of Sheriff, Undersheriff, Bailiffs, Etc. ... Third Edition George ATKINSON (Serjeant-at-Law.), 1869

The People's Sheriff Harry F. Burroughs (III.), 2017-02-04
Since its establishment in 1759, Fauquier County has had 60 individuals appointed or elected Sheriff. This is the Chief Law Enforcement Official in the county. Chapter one of the book highlights several previous Sheriffs including John Quincy Marr who voted against Virginia's succession in April 1861 and ironically two months later became the first Confederate officer killed in the Civil War at the Battle of Fairfax Courthouse. In 2015, there was contested race between 12-year incumbent Charlie Ray Fox and first-time candidate Robert P. Mosier who had 30 years in domestic and international law enforcement. Among his experiences were as a Captain at the Fauquier County Sheriff's Office, as one of the 161 member elite International Police Task Force in Bosnia, as Chief Investigator for the International Justice Mission, a member of the International Narcotics and Law Enforcement Affairs in Iraq, and working for private security firms. The People's Sheriff is a comprehensive analysis of the arduous nine-month campaign to be elected Sheriff. From his announcement on President's Day 2015, dozens of community events, candidate forums, and door-to-door campaigning, Bob Mosier demonstrated why he had the right experiences, passion, temperament, and vision to be the 60th Sheriff of Fauquier County. He was elected on November 3, 2015. As a volunteer coordinator for the campaign, the author had unfettered access to the candidate who ran a virtually flawless campaign. It is story worth telling and a compelling read for those interested in county government and local law enforcement.

A Badge, a Gun, an Attitude Dean Scoville,2017-11-15

During his 25 years with the Los Angeles County Sheriff's Department, Dean Scoville advanced from nervous recruit to silver-tongued spokesperson to seasoned patrol sergeant. His candid memoir chronicles the personal experiences of police work--the tedium of guarding jail inmates, the consternation of shoot/don't-shoot scenarios, the trauma of being wounded in the line of duty--and offers an insider's view of iconic moments in law enforcement, including the capture of Night Stalker Richard Ramirez and the 1992 L.A. Riots. Along the way he examines a profession increasingly beleaguered by inimical agendas, administrative cowardice and fiscal restraints.

The Last Sheriff in Texas James P. McCollom,2017-11-01

[A] narrative with resonance well beyond seekers of Texas history. The Last Sheriff in Texas would be an amazing allegory for our times, were it fiction. Instead it suggests cultural trenches that we view as new that were dug decades ago. —Houston Chronicle Beeville, Texas, was the most American of small towns—the place that GIs had fantasized about while fighting through the ruins of Europe, a place of good schools, clean streets, and churches. Old West justice ruled, as evidenced by a 1947 shootout when outlaws surprised popular sheriff Vail Ennis at a gas station and shot him five times, point-blank, in the belly. Ennis managed to draw his gun and put three bullets in each assailant; he reloaded and shot them three times more. Time magazine's full-page article on the shooting was seen by some as a referendum on law enforcement owing to the sheriff's extreme violence, but supportive telegrams from all across America poured into Beeville's tiny post office. Yet when a second violent incident threw Ennis into the crosshairs of public opinion once

again, the uprising was orchestrated by an unlikely figure: his close friend and Beeville's favorite son, Johnny Barnhart. Barnhart confronted Ennis in the election of 1952: a landmark standoff between old Texas, with its culture of cowboy bravery and violence, and urban Texas, with its lawyers, oil institutions, and a growing Mexican population. The town would never be the same again. *The Last Sheriff in Texas* is a riveting narrative about the postwar American landscape, an era grappling with the same issues we continue to face today. Debate over excessive force in law enforcement, Anglo-Mexican relations, gun control, the influence of the media, urban-rural conflict, the power of the oil industry, mistrust of politicians and the political process—all have surprising historical precedence in the story of Vail Ennis and Johnny Barnhart.
