**Inscriptions of Nature** Pratik Chakrabarti,2020-10-13 Driven by the geological imagination of India as well as its landscape, people, past, and destiny, *Inscriptions of Nature* reveals how human evolution, myths, aboriginality, and colonial state formation fundamentally defined Indian antiquity.

**Dashavatar** KAMALA CHANDRAKANT,1971-04-01 In Puranic lore, Vishnu is the preserver of the universe and the cosmic order. The Dasha Avatar is the Puranic story of the ten incarnations of Vishnu who descends to the terrestrial world to establish stability and order, time and again. The avatars occur in a sequence – the first was matsya or fish representing life in water, followed by kurma or turtle signifying life in water and on land, then varaha or boar alluding to terrestrial life and so on. The sequence of the avatars could be taken to symbolise various stages in the evolution of life culminating in the advent of the perfect being.

**The Future of Christian Mission in India** Augustine Kanjamala,2014-08-21 Colonial missionaries, both Catholic and Protestant, arrived in India with the grandiose vision of converting the pagans because, like St. Peter (Acts 4:12) and most of the church fathers, they honestly believed that there is no salvation outside the church (extra ecclesiam nulla salus). At the end of the great Protestant century, however, Christians made up less than 3 percent of the population in India, and the hope of the missionary was nearly shattered. But if one looks at mission in India qualitatively rather than quantitatively, one sees a number of positive outcomes. Missionaries in India, particularly Protestant missionaries espousing the social gospel, in collaboration with a few British evangelical administrators, dared to challenge numerous social evils and even began to eradicate them. The scientific and liberal English education began to enlighten and transform the Indian mindset. Converts belonging to the upper caste, although small in number, laid the foundation stone of Indian theology and an inculturated church using Indian genius. The end of colonialism in India coincided with the painful death of colonial mission theology. Now, the power of the Word of God, extricated from political power, is slowly and peacefully gaining ground, like the mustard seed of the parable. A paradigm shift from the ecclesio-centric mission to missio Dei offers reason for further optimism. In short, the future of mission in India is as bright as the kingdom of God. In today's new context, theologians, despite objections from some quarters, are struggling to discover the Asian face of Jesus, disfigured by the Greco-Roman Church. And the missionary is challenged to become a living Bible that, undoubtedly, everyone will read.

**Hindi Christian Literature in Contemporary India** Rakesh Peter-Dass,2019-09-12 This is the first academic study of Christian literature in Hindi and its role in the politics of language and religion in contemporary India. In public portrayals, Hindi has been the language of Hindus and Urdu the language of Muslims, but Christians have been usually associated with the English of the foreign 'West'. However, this book shows how Christian writers in India have adopted Hindi in order to promote a form of Christianity that can be seen as Indian, desi, and rooted in the religio-linguistic world of the Hindi belt. Using three case studies, the book demonstrates how Hindi Christian writing strategically presents Christianity as linguistically Hindi, culturally Indian, and theologically informed by other faiths. These works are written to sway public perceptions by promoting particular forms of citizenship in the context of fostering the use of Hindi. Examining the content and context of Christian attention to Hindi, it is shown to have been deployed as a political and cultural tool by Christians in India. This book gives an important insight into the link between language and religion in India. As such, it will be of great interest to scholars of Religion in India, World Christianity, Religion and Politics and Interreligious Dialogue, as well as Religious Studies and South Asian Studies.

**In Search of Indian English** Ranjan Kumar Auddy,2019-11-11 This book presents a historical account of the development of an acrolectal variety of the English language in colonial India. It highlights the phenomenon of Indianization of the English language and its significance in the articulation of the Indian identity in pre-Independence India. This volume also discusses the sociocultural milieu in which English became the first choice for writers and political leaders. Using examples primarily from the writings of Rammohan Roy, Bankimchandra, Krupabai Saththianadhan, and Gandhi and from the speeches of Vivekananda, Tagore, and Subhas Bose, this book argues that prose written in English in the nineteenth and the early twentieth century scripted a nationalist discourse through its appropriation of the colonizer's language. It also examines how these works, which absorbed elements of Indian culture and languages, paved the path for the emergence of Indian English as a distinct dialect of the English language. This book will be useful for teachers, scholars, and students of English literature, linguistics, and cultural studies. It will also be of use to general readers interested in the history of the English language and the history of modern India.

**Avatar** Rajesh Jain,2016-03-19 From the beginning of time, humanity has longed for the day when justice, peace, equality and compassion will envelop the world. Scripture and holy books of various religions predict a future leader who will unite religions, defeat evil, and establish the Kingdom of Heaven on earth. Today, Jews long for their messiah Meshiack, Christians seek the return of Jesus Christ, Muslims await Imam Mahdi, Buddhists look for the Fifth Buddha Maitreya, Hindus seek the Tenth Avatar Kalki, and Confucian texts speak of a future True Man who will bring peace. But can one man actually fulfill all these religious expectations? Rajesh Jain, a physician by trade, relies on his intuitive experiences, scripture, and research to share a deep examination of various religions and their beliefs regarding the Second Coming, the prophecies of Nostradamus, technological deceptions by elite nations, enigmas of consciousness by Chris King, the American model of unsustainability by Chris Clugston, and the metaphysical concept of Pi by Patrick Mulcahy. Included are his explorations of the education system, the Catholic Church, the labor market, and taxes. Avatar shares a comprehensive examination of the Second Coming through intuitive experiences, scripture, and research.

**An Indian Trinitarian Theology of Missio Dei** P. V. Joseph,2019-07-12 The recent rediscovery of the doctrine of the Trinity has left great impact on the thought and life of the Christian Church. With this reinstatement, the Trinity, which was left out for long as an esoteric mystery, has captured the

imagination of theologians and elicited remarkable trinitarian formulations from across theological traditions. This contemporary development has forced the church to review its dogma, spirituality, and Christian practices through the lens of this central doctrine of the Christian faith. One of the important and essential upshots of the doctrine has been the reclamation of a theocentric and trinitarian understanding of mission as the *missio Dei*. In view of the modern renewal of the Trinity and the global expansion of Christianity, this book explores insights and perspectives from the trinitarian thoughts of St. Augustine and the Indian theologian Brahmabandhab Upadhyay that can inform *missio Dei* theology relevant for the Indian context.

**Jaipur: Gem of India** D.K. Taknet, IntegralDMS, 2016-07-07 Jaipur, the glorious Pink City of India, sets many a hearts aflutter with visions of grandeur, valour, romance and beauty. This heritage city's inherent historic charm has always been a major source of attraction. Travellers, poets and philosophers have lavished praise on it, and perhaps no other place is imbued with the richness of ritual and ceremony across the country, as Jaipur is. Among its numerous architectural wonders, the city's Jantar Mantar (observatory) and Amber Fort have been included in United Nations Educational, Scientific and Cultural Organization's list of world heritage sites. The book elaborates on the lesser known aspects that have contributed to its coveted status of a heritage city. It also offers a glimpse into the lives of people, who have made a difference to this city through their contributions and have aided in making this wonderful city what it is today. The city is an integral element on the itinerary of any global traveller and a worthy venue for a 'destination wedding' in one of its numerous forts or palaces. Also in focus is Jaipur's everevolving image as a new economic hub and a well-equipped modern metropolis. In this well-researched and meticulously documented book, the author presents a comprehensive picture of the city, bringing to light many hitherto unexplored facts that will interest those with a penchant for urban histories, their origin and their evolution. The book has been abundantly illustrated with more than 500 rare, coloured photographs and paintings, and 154 unseen black and white photographs and illustrations, to capture the imagination of a discerning reader.

**Moving Environments** Alexa Weik von Mossner, 2014-07-15 In *Moving Environments: Affect, Emotion, Ecology, and Film*, international scholars investigate how films portray human emotional relationships with the more-than-human world and how such films act upon their viewers' emotions. Emotion and affect are the basic mechanisms that connect us to our environment, shape our knowledge, and motivate our actions. Contributors explore how film represents and shapes human emotion in relation to different environments and what role time, place, and genre play in these affective processes. Individual essays resituate well-researched environmental films such as *An Inconvenient Truth* and *March of the Penguins* by paying close attention to their emotionalizing strategies, and bring to our attention the affective qualities of films that have so far received little attention from ecocritics, such as Stan Brakhage's *Dog Star Man*. The collection opens a new discursive space at the disciplinary intersection of film studies, affect studies, and a growing body of ecocritical scholarship. It will be of interest not only to scholars and students working in the field of ecocriticism and the environmental humanities, but for everyone with an interest in our emotional responses to film.

**Rama and the Early Avatars of Vishnu** Swami Achuthananda, 2019-08-03 Full-blown trade wars, nuclear threats, attacks on nation's sovereignty...are we dangerously at the crossroads of a world war that may even threaten entire humanity? Maybe we are, but fear not. Hindus believe that whenever cosmic balance is threatened, Vishnu descends into the world as an avatar of change. I am born age after age, says Krishna (Vishnu) in the Bhagavad Gita. Vishnu has many avatars, but his top ten avatars are special and known as the Dashavataras. In this volume, we enter the most exciting part of Hindu mythology--the Dashavataras--and discuss the early avatars of Vishnu. The avatar saga begins with a wicked demon stealing the Vedas while Brahma is sleeping. Vishnu takes the form of a giant fish and not only saves the Vedas but rescues mankind from a great deluge. As we progress through the avatars, you will come across Prahlada, whose story offers a shining example of the extent to which Vishnu would go to protect his devotees. In another incarnation of Vishnu, a generous king called Bali is dispatched to the netherworld for being too ambitious. While ambition is a virtue, not vice, this may seem unfair to the people of Kerala who hold Bali in high esteem. But Vishnu makes amends by bestowing the gift of longevity on Bali. Next, the axe-wielding Parashurama, a Brahmin by birth, embarks on a mission to exterminate the warrior caste from the face of Earth--and largely succeeds until he bumps into another avatar of Vishnu. The highlight of this volume undoubtedly is Rama, the hero of the Ramayana and a name that is synonymous with dharma (religious duty). About half the book is dedicated to Rama as we dissect Ramayana in detail, particularly the controversies. Although Rama is famous for defeating the ten-headed demon king of Lanka, it seems he waged a bigger battle with the dictates of dharma--and lost. We meet the monkey-faced Hanuman for the first time in this book. He is closely associated with Rama and highly revered among Hindus. Also in the Ramayana, we encounter one of the ultimate villains of Hindu mythology--the mighty Ravana. Even though Ravana abducted Rama's beloved wife, Sita, you will be surprised to know that not everyone regards Ravana as an antihero. In fact, at the end of the Ramayana, we are left with many bitter, thought-provoking questions that are debated even today.

**Christians Meeting Hindus** Bob Robinson, 2011-06-16 With rare exceptions, serious intentional, reflective and sustained interfaith encounter is a novel and recent enterprise. This book looks in detail at one such encounter--the intentional recent Hindu-Christian dialog in India--and asks why and how the practice of dialog came to replace previous attitudes of confrontation and monologue (especially on the part of Christians). Part I sets the encounter in its global context. Part II offers a comprehensive and critical analysis of the actual encounter. Part III draws on aspects of the Christian tradition as it critically examines the ways in which the dialog has been justified in Christological categories. A final chapter discusses the future of the encounter. Unlike many other works in the area of interfaith studies, this work combines both descriptive detail of the actual encounter and critical theological analysis of the strengths and weakness of the dialog model.

**American Indians and Popular Culture** Elizabeth DeLaney Hoffman, 2012-02-22 Americans are still fascinated by the romantic notion of the noble savage, yet know little about the real Native peoples of North America. This two-volume work seeks to remedy that by examining stereotypes and celebrating the true cultures of American Indians today. The two-volume *American Indians and Popular Culture* seeks to help readers understand American Indians by analyzing their relationships with the popular culture of the United States and Canada. Volume 1 covers media, sports, and politics, while Volume 2 covers literature, arts, and resistance. Both volumes focus on stereotypes, detailing how they were created and why they are still allowed to exist. In defining popular culture broadly to include subjects such as print advertising, politics, and science as well as literature, film, and the arts, this work offers a comprehensive guide to the important issues facing Native peoples today. Analyses draw from many disciplines and include many voices, ranging from surveys of movies and discussions of Native authors to first-person accounts from Native perspectives. Among the more intriguing subjects are the casinos that have changed the economic landscape for the tribes involved, the controversy surrounding museum treatments of American Indians, and the methods by which American Indians have fought back against pervasive ethnic stereotyping.

**The Myths and Gods of India** Alain Danielou, 2017-01-01

**Speculative Imperialisms** Susana Loza, 2017-12-27 *Speculative Imperialisms: Monstrosity and Masquerade in Postracial Times* explores the (settler) colonial ideologies underpinning the monstrous imaginings of contemporary popular culture in the Britain and the US. Through a close examination of *District 9*, *Avatar*, *Doctor Who*, *Planet of the Apes*, and steampunk culture, Susana Loza illuminates the durability of (settler) colonialism and how it operates through two linked yet distinct forms of racial mimicry: monsterization and minstrelsy. *Speculative Imperialisms* contemplates the fundamental, albeit changing, role that such racial simulations play in a putatively postracial and post-colonial era. It brings together the work on gender masquerade, racial minstrelsy, and postcolonial mimicry and puts it in dialogue with film, media, and cultural studies. This project draws upon the theoretical insights of Stuart Hall, Homi K. Bhabha, Edward Said, Philip Deloria, Michael Rogin, Eric Lott, Charles Mills, Falguni Sheth, Lorenzo Veracini, Adilifu Nama, Isiah Lavender III, Gwendolyn Foster, Marianna Torgovnick, Ann Laura Stoler, Anne McClintock, Eric Greene, Richard Dyer, and Ed Guerrero.
