Student engagement in Europe: society, higher education and student governance (Council of Europe Higher Education Series No. 20) Manja Klemenčič,Sjur Bergan,Rok Primožič,2015-06-01

Democratic institutions and laws are essential, but they cannot bring about democracy on their own. They will only function if they build on a culture of democracy, and our societies will not be able to develop and sustain such a culture unless education plays an essential role. Student engagement is crucial: democracy cannot be taught unless it is practised within institutions, among students and in relations between higher education and society in general. This 20th volume of the Council of Europe Higher Education Series demonstrates the importance of student engagement for the development and maintenance of the democratic culture that enables democratic institutions and laws to function in practice. This volume covers three aspects of student engagement that are seldom explored: its role in society through political participation and civic involvement; its place in higher education policy processes and policy-making structures; and how student unions represent the most institutionalised form of student engagement. The authors are accomplished scholars, policy makers, students and student leaders.

The Dream of Europe Geert Mak,2021 In 1999, Geert Mak spent a year criss-crossing Europe, looking to define the continent on the verge of a new millennium. The result was his monumental book In Europe. Great Expectations focuses on the first two turbulent decades of our current century, taking in the rocky EU expansion into eastern Europe and the rise of Putin; the aftermath of 9/11 and terrorist attacks across Europe; the migrant tragedy in the Mediterranean; the 2008 financial crash; the rise of right-wing populism, and of course, Brexit. Mak sketches the climate and mood at the turn of the century, the optimism that reigned but vanished along the way in the great European project. Above all, Mak is an observer, endlessly curious to learn how seismic political and cultural shifts effect people's lives. The book opens describing life in the tiny Norwegian polar city of Kirkenes - 'the hub of the European periphery, a laboratory for the future' - a geopolitical pressure cooker of a place with 3,500 inhabitants 5km away from the Russian border. The local restaurant serves up reindeer-and-mushroom pasta, Russian subs lurk around the undersea cables, the locals complain about the NATO surveillance ship in the harbour scrambling their phones, and the melting polar ice attracts Chinese investors and other major players for the future Arctic maritime trading route, which promises to half the travel time of the Suez Canal. Mak traces our current times through stories like these- you come away fascinated by the place, perhaps the most important Norwegian trading town you've never heard of, with a sense of global understanding news feeds can't always offer--Publisher's description.

Capital in the Twenty-First Century Thomas Piketty,2017-08-14 What are the grand dynamics that drive the accumulation and distribution of capital? Questions about the long-term evolution of inequality, the concentration of wealth, and the prospects for economic growth lie at the heart of political economy. But satisfactory answers have been hard to find for lack of adequate data and clear guiding theories. In this work the author analyzes a unique collection of data from twenty countries, ranging as far back as the eighteenth century, to uncover key economic and social patterns. His findings transform debate and set the agenda for the next generation of thought about wealth and inequality. He shows that modern economic growth and the diffusion of knowledge have allowed us to avoid inequalities on the apocalyptic scale predicted by Karl Marx. But we have not modified the deep structures of capital and inequality as much as we thought in the optimistic decades following World War II. The main driver of inequality--the tendency of returns on capital to exceed the rate of economic growth--today threatens to generate extreme inequalities that stir discontent and undermine democratic values if political action is not taken. But economic trends are not acts of God. Political action has curbed dangerous inequalities in the past, the author says, and may do so again. This original work reorients our understanding of economic history and confronts us with sobering lessons for today.

Free Trade and Social Welfare in Europe Lucia Coppolaro,Lorenzo Mechi,2020-01-24 This book deals with the historical relationship between international trade liberalisation – one of the backbones of globalisation – and the development of social welfare. In Europe the issue has regularly been at the centre of the political debate for at least two centuries, and still nowadays it continues to inspire decisions of the highest order, as in the recent case of Brexit. Analysing a number of particularly meaningful episodes and moments, the eight chapters of this edited volume provide an overview of how the liberalisation/welfare nexus has been addressed in Europe since the end of the 19th century. Describing the oscillations from phases in which state, non-state and transnational actors saw the two elements as widely conflicting, to others in which more harmonious visions prevailed, the book uncovers the political complexity of the issue and contributes to clarifying its connections with the current economic situation, political balances and general social conditions.

Student engagement in Europe: society, higher education and student governance Manja Klemenčič,Sjur Bergan,Rok Primožič,2015-05-27 Democratic institutions and laws are essential, but they cannot bring about democracy on their own. They will only function if they build on a culture of democracy, and our societies will not be able to develop and sustain such a culture unless education plays an essential role. Student engagement is crucial: democracy cannot be taught unless it is practised within institutions, among students and in relations between higher education and society in general. This 20th volume of the Council of Europe Higher Education Series demonstrates the importance of student engagement for the development and maintenance of the democratic culture that enables democratic institutions and laws to function in practice. This volume covers three aspects of student engagement that are seldom explored: its role in society through political participation and civic involvement; its place in higher education policy processes and policy-making structures; and how student unions represent the most institutionalised form of student engagement. The authors are accomplished scholars, policy makers, students and student leaders.

Shall the Religious Inherit the Earth? Eric Kaufmann,2010-12-09 Dawkins and Hitchens have convinced many western intellectuals that secularism is the way forward. But most people don't read their books before deciding whether to be religious. Instead, they inherit their faith from their parents, who often inoculate them against the elegant arguments of secularists. And what no one has noticed is that far from declining, the religious are expanding their share of the population: in fact, the more religious people are, the more children they have. The cumulative effect of immigration from religious countries, and religious fertility will be to reverse the secularisation process in the West. Not only will the religious eventually triumph over the non-religious, but it is those who are the most extreme in their beliefs who have the largest families. Within Judaism, the Ultra-Orthodox may achieve majority status over their liberal counterparts by mid-century. Islamist Muslims have won the culture war in much of the Muslim world, and their success provides a glimpse of what awaits the Christian West and Israel. Based on a wealth of demographic research, considering questions of multiculturalism and terrorism, Kaufmann examines the implications of the decline in liberal secularism as religious conservatism rises - and what this means for the future of western modernity.

The Evolution of Integration in Europe, 20 Years After the Fall of the Berlin Wall Alfred Hecht,2010

Europe in the 20th Century George Lichtheim,2001-01 The great upheavals in the 20th Century completely altered Europe and her role in international affairs-and this riveting analysis shows just how the profound changes in intellectual, artistic, and religious awareness were both cause and consequence of the decay of traditional liberal-bourgeois culture. Taking into account factors from nationalism to socialism, communism to fascism, the result is a compelling, comprehensive view of European civilization between 1900 and 1970.

The Changing Face of Europe Bu lent Kaya,2002 This book was produced as part of the Council of Europe's education project Learning and teaching about the history of Europe in the 20th century. The project aimed to produce innovative teaching resources for secondary schools which would help school teachers and students alike to approach key historical issues, in this case migration, to better understand the nature of the Europe in which they live. This study examines all aspects of migration, its different flows and types, such as economic, forced and ethnic, as well as its impact on economics, demography and social and cultural life. N.

De-industrialisation in Europe, 19th-20th Centuries Clara Eugenia Núñez,1998

Small Towns in Europe in the 20th and 21st Centuries Luďa Klusáková et al.,2017-07-01 Largely unknown small towns, always in the shadow of famous cities, are mostly overlooked by historical research. English, Spanish, Portuguese, Greek, Czech and Russian towns are staged in this volume as examples of a typical European phenomenon. They appear in diverse shapes, influenced by their countries and regions in

history. One of possible strategies to overcome difficulties and motivate new development uses cultural heritage as a marketable value. International team of urban historians, sociologists and historians of arts and architects joined at the European Association for Urban History conference in Lisbon in 2014 and decided to present the issue in this volume – composed of five chapters – using a variety of methods and perspectives.

In Europe Geert Mak,2009-04-22 From the First World War to the waning days of the Cold War, a poignant exploration on what it means to be European at the end of the twentieth-century. Geert Mak crisscrosses Europe from Verdun to Berlin, Saint Petersburg to Srebrenica in search of evidence and witnesses of the last hundred years of Europe. Using his skills as an acclaimed journalist, Mak locates the smaller, personal stories within the epic arc of history-talking to a former ticket-taker at the gates of the Birkenau concentration camp or noting the neat rows of tiny shoes in the abandoned nursery school in the shadow of Chernobyl. His unique approach makes the reader an eyewitness to a half-forgotten past, full of unknown peculiarities, sudden insights and touching encounters. Sweeping in scale, but intimate in detail In Europe is a masterpiece.

Treaty on Conventional Armed Forces in Europe (CFE) United States. Congress. Commission on Security and Cooperation in Europe,1997

Disappeared in Turkmenistan's Prisons United States. Congress. Commission on Security and Cooperation in Europe,2015

The Brussels Effect Anu Bradford,2020-01-27 For many observers, the European Union is mired in a deep crisis. Between sluggish growth; political turmoil following a decade of austerity politics; Brexit; and the rise of Asian influence, the EU is seen as a declining power on the world stage. Columbia Law professor Anu Bradford argues the opposite in her important new book The Brussels Effect: the EU remains an influential superpower that shapes the world in its image. By promulgating regulations that shape the international business environment, elevating standards worldwide, and leading to a notable Europeanization of many important aspects of global commerce, the EU has managed to shape policy in areas such as data privacy, consumer health and safety, environmental protection, antitrust, and online hate speech. And in contrast to how superpowers wield their global influence, the Brussels Effect - a phrase first coined by Bradford in 2012- absolves the EU from playing a direct role in imposing standards, as market forces alone are often sufficient as multinational companies voluntarily extend the EU rule to govern their global operations. The Brussels Effect shows how the EU has acquired such power, why multinational companies use EU standards as global standards, and why the EU's role as the world's regulator is likely to outlive its gradual economic decline, extending the EU's influence long into the future.

Eugenics and Nation in Early 20th Century Hungary M. Turda,2014-03-25 In 1900 Hungary was a regional power in Europe with imperial pretensions; by 1919 it was crippled by profound territorial, social and national transformations. This book chronicles the development of eugenic thinking in early twentieth-century Hungary, examining how eugenics was an integral part of this dynamic historical transformation.

A Transnational History of Forced Migrants in Europe Bastiaan Willems,Michal Adam Palacz,2022-08-11 This book is a vital exploration of the harrowing stories of mass displacement that took place in the first half of the 20th century from the perspective of forced migrants themselves. The volume brings together 15 interrelated case studies which show how the deportation, evacuation and flight of millions of people as a result of the First World War intensified rather than alleviated ethnic conflicts which culminated in population transfers on an even larger scale during and immediately after the Second World War. While each chapter focuses on a different group of refugees and displaced persons, the text as a whole looks at the experience of forced migration as a complex set of evolving relationships with the receiving society, the homeland, the broader diaspora and other migrant communities living within the same host country. This innovative, four-dimensional model provides an overarching conceptual framework that binds the chapters together within the longer arc of European history. By going beyond the conventional narratives of national victimhood and (un)successful assimilation of refugees, A Transnational History of Forced Migrants in Europe reveals that identities of forced migrants in the first half of the 20th century were individualised, hybrid and constantly reconstructed in response to socioeconomic forces and political pressures. The case studies collected in this volume further suggest that age, gender, social class, educational level and the personal experiences of 'unwilling nomads' are more important to the understanding of forced migration history than ethnoreligious identities of victims and perpetrators.

Realism Alexander Reichwein,Felix Rösch,2020-12-26 This book examines how IR's European realist tradition evolved in Europe and, due to emigration, in the United States in the 20th century. It includes an introduction and eight chapters, focusing on historical classical and contemporary structural branches of realist IR theorizing in historical and political contexts in which realist thinking did develop. It reminds us of realist key figures, such as Edward H. Carr, John H. Herz or Hans J. Morgenthau, but also of almost forgotten realists such as Raymond Aron, Stanley Hoffmann or Nicholas J. Spykman. Given IR mainstream textbooks introducing realism as a conservative American Cold War theory, this selection aims to reintroduce realism as a primarily and distinctively European, liberal, normative and critical tradition. A tradition that is almost always misunderstood as a guide for practitioners how to maximize or at least preserve power in the name of the national interest no matter the cost, but that is in fact an argument against reckless and crude power politics, ideology and totalitarianism. This book is an invaluable resource for scholars, practitioners and students interested in the realist tradition in IR.

Authoritarianism and Corporatism in Europe and Latin America António Costa Pinto,Federico Finchelstein,2018-11-02 What drove the horizontal spread of authoritarianism and corporatism between Europe and Latin America in the 20th century? What processes of transnational diffusion were in motion and from where to where? In what type of 'critical junctures' were they adopted and why did corporatism largely transcend the cultural background of its origins? What was the role of intellectual-politicians in the process? This book will tackle these issues by adopting a transnational and comparative research design encompassing a wide range of countries.

Shadow Economies and Irregular Work in Urban Europe Thomas Buchner,Philip R. Hoffmann-Rehnitz,2011 The origin of this volume is a workshop on 'Shadow economies and non-regular work practices in urban Europe (16th to early 20th centuries)', which took place at the University of Salzburg in 2006, as well as a session at the International Economy History Congress in Helsinki in the same year.

Ineuropa 20: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. Ineuropa 20 : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The

students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.

Ineuropa 20 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Ineuropa 20 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Ineuropa 20 has opened up a world of possibilities. Downloading Ineuropa 20 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Ineuropa 20 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Ineuropa 20. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Ineuropa 20. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Ineuropa 20, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Ineuropa 20 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Ineuropa 20 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Ineuropa 20 is one of the best book in our library for free trial. We provide copy of Ineuropa 20 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Ineuropa 20. Where to download Ineuropa 20 online for free? Are you looking for Ineuropa 20 PDF? This is definitely going to save you time and cash in something you should think about.
