You Are Your Own Gym Mark Lauren, Joshua Clark, 2011-01-04 From an elite Special Operations physical trainer, an ingeniously simple, rapid-results, do-anywhere program for getting into amazing shape For men and women of all athletic abilities! As the demand for Special Operations military forces has grown over the last decade, elite trainer Mark Lauren has been at the front lines of preparing nearly one thousand soldiers, getting them lean and strong in record time. Now, for regular Joes and Janes, he shares the secret to his amazingly effective regimen—simple exercises that require nothing more than the resistance of your own bodyweight to help you reach the pinnacle of fitness and look better than ever before. Armed with Mark Lauren’s motivation techniques, expert training, and nutrition advice, you’ll see rapid results by working out just thirty minutes a day, four times a week—whether in your living room, yard, garage, hotel room, or office. Lauren’s exercises build more metabolism-enhancing muscle than weightlifting, burn more fat than aerobics, and are safer than both, since bodyweight exercises develop balance and stability and therefore help prevent injuries. Choose your workout level—Basic, 1st Class, Master Class, and Chief Class—and get started, following the clear instructions for 125 exercises that work every muscle from your neck to your ankles. Forget about gym memberships, free weights, and infomercial contraptions. They are all poor substitutes for the world’s most advanced fitness machine, the one thing you are never without: your own body.

Scrawny to Brawny Michael Mejia, John Berardi, 2005-03-24 A state-of-the-art weight-lifting and nutritional blueprint for skinny guys who want to pack on muscle Let's face it, naturally skinny guys are at a distinct genetic disadvantage when it comes to building muscle mass. But with the proper advice, these hardgainers definitely can realize their fitness goals. In Scrawny to Brawny, the authors draw on their years of practical experience as private strength and nutrition coaches to provide hardgainers with:

- A progressive, state-of-the-art program that optimizes results with shorter, less frequent workouts that maximize compound exercises
- A unique, action-based perspective on nutrition that shows how to prepare quick muscle-building meals and snacks-and how to take advantage of several critical times in the day when muscle growth can be stimulated by food intake
- Vital information on how to identify and fix any weak links in their physiques that may be precursors to injury

Designed not only for frustrated adult hardgainers but also--with its strong anti-steroid message--a terrific book for the large teen market, Scrawny to Brawny fills a significant gap in the weight-lifting arsenal.

The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him The Fittest (Real) Man in America.
