Behen,2013-06-17 Learn how to integrate pop culture and technology into school library programs and classrooms, and make today's digital content, mobile devices, and students' changing interests work to the educator's advantage. Today's school libraries need to evolve and meet the needs of 21st-century students—the instruction, programming, and library services must be relevant to today's learners. Additionally, the interactions between educators and the students are what make the critical difference in the students' learning, and turn the library and classroom into places where they will find, assimilate, experience, and understand information. This book provides practical strategies for using pop culture and technology trends to connect with easily distracted middle and high school students and hold their attention. Author Linda D. She discusses the evolution of all libraries in response to digital content; ubiquitous mobile devices such as smart phones, iPads, and other tablet computers; patrons' changing interests; and the ways in which schools and school libraries have found to effectively adapt to technology changes and student needs. This book is essential for middle and high school librarians and educators, library school students and instructors, and young adult public librarians.

The Milk of Dreams Leonora Carrington,2017-05-16 In English for the first time, a wild and darkly funny book that combines Surrealist painter Leonora Carrington's fantastical writing and illustrations for children The maverick surrealist Leonora Carrington was an extraordinary painter and storyteller who loved to make up stories and draw pictures for her children. She lived much of her life in Mexico, and her sons remember sitting in a big room whose walls were covered with images of wondrous creatures, towering mountains, and ferocious vegetation while she told fabulous and funny tales. That room was later whitewashed, but some of its wonders were preserved in the little notebook that Carrington called The Milk of Dreams. John, who has wings for ears, Humbert the Beautiful, an insufferable kid who befriends a crocodile and grows more insufferable yet, and the awesome Janzamajoria are all to be encountered in The Milk of Dreams, a book that is as unlikely, outrageous, and dreamy as dreams themselves.

Hooked Nir Eyal, 2014-11-04 Revised and Updated, Featuring a New Case Study How do successful companies create products people can’t put down? Why do some products capture widespread attention while others flop? What makes us engage with certain products out of sheer habit? Is there a pattern underlying how technologies hook us? Nir Eyal answers these questions (and many more) by explaining the Hook Model—a four-step process embedded into the products of many successful companies to subtly encourage customer behavior. Through consecutive “hook cycles,” these products reach their ultimate goal of bringing users back again and again without depending on costly advertising or aggressive messaging. Hooked is based on Eyal’s years of research, consulting, and practical experience. He wrote the book he wished had been available to him as a start-up founder—not abstract theory, but a how-to guide for building better products. Hooked is written for product managers, designers, marketers, start-up founders, and anyone who seeks to understand how products influence our behavior. Eyal provides readers with:

- Practical insights to create user habits that stick.
- Actionable steps for building products people love.
- Fascinating examples from the iPhone to Twitter, Pinterest to the Bible App, and many other habit-forming products.

The Art of Memoir Mary Karr, 2015-09-15 Credited with sparking the current memoir explosion, Mary Karr’s *The Liars’ Club* spent more than a year at the top of the New York Times list. She followed with two other smash bestsellers: *Cherry* and *Lit*, which were critical hits as well. For thirty years Karr has also taught the form, winning teaching prizes at Syracuse. (The writing program there produced such acclaimed authors as Cheryl Strayed, Keith Gessen, and Koren Zailckas.) In *The Art of Memoir*, she synthesizes her expertise as professor and therapy patient, writer and spiritual seeker, recovered alcoholic and “black belt sinner,” providing a unique window into the mechanics and art of the form that is as irreverent, insightful, and entertaining as her own work in the genre. Anchored by excerpts from her favorite memoirs and anecdotes from fellow writers’ experience, *The Art of Memoir* lays bare Karr’s own process. (Plus all those inside stories about how she dealt with family and friends get told— and the dark spaces in her own skull probed in depth.) As she breaks down the key elements of great literary memoir, she breaks open our concepts of memory and identity, and illuminates the cathartic power of reflecting on the past; anybody with an inner life or complicated history, whether writer or reader, will relate. Joining such classics as Stephen King’s *On Writing* and Anne Lamott’s *Bird by Bird*, *The Art of Memoir* is an elegant and accessible exploration of one of today’s most popular literary forms—a tour de force from an accomplished master pulling back the curtain on her craft.

Serial Shakespeare Elisabeth Bronfen, 2020-10-27 Shakespeare is everywhere in contemporary media culture. This book explores the reasons for this dissemination and reassemblage. Ranging widely over American TV drama, it discusses the use of citations in *Westworld* and *The Wire*, demonstrating how they tap into but also transform Shakespeare’s preferred themes and concerns. It then examines the presentation of female presidents in shows such as *Commander in Chief* and *House of Cards*, revealing how they are modelled on figures of female sovereignty from his plays. Finally, it analyses the specifically Shakespearean dramaturgy of *Deadwood* and *The Americans*. Ultimately, the book brings into focus the way serial TV drama appropriates Shakespeare in order to give voice to the unfinished business of the American cultural imaginary.

The Last Page Anthony Huso, 2010-08-17 Dark and rich, epic in scope, in *The Last Page* Anthony Huso has crafted a fantasy in the vein of China Mieville’s *Perdido Street Station* and Mervyn Peake’s *Gormenghast*, teeming with unthinkable horrors and stylish wonders. The city of Isca is set like a dark jewel in the crown of the Duchy of Stonehold. In this sprawling landscape, the monsters one sees are nothing compared to what’s living in the city’s sewers. Twenty-three-year-old Caliph Howl is Stonehold’s reluctant High King. Thrust onto the throne, Caliph has inherited Stonehold’s dirtiest court secrets. He also faces a brewing civil war that he is unprepared to fight. After months alone amid a swirl of gossip and political machinations, the sudden reappearance of his old lover, Sena, is a welcome bit of relief. But Sena has her own legacy to claim: she has been trained from birth by the Shradnae witchocracy—adept in espionage and the art of magical equations writ in blood—and she has been sent to spy on the High King. Yet there are magics that demand a higher price than blood. Sena secretly plots to unlock the *Cisrym Ta*, an arcane text whose pages contain the power to destroy worlds. The key to opening the book lies in Caliph’s veins, forcing Sena to decide if her obsession for power is greater than her love for Caliph. Meanwhile, a fleet of airships creeps ever closer to Isca. As the final battle in a devastating civil war looms and the last page of the *Cisrym Ta* waits to be read, Caliph and Sena must face the deadly consequences of their decisions. And the blood of these conflicts will stain this and other worlds forever. At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.
