Deutsch, na klar! Robert Di Donato, Monica Clyde, Jacqueline Vansant, 1998-10 This lively, beginning German text is the perfect choice for those who want to move in a more communicative direction without abandoning a focus on grammar. Deutsch: Na Klar! uses a solid four-skills approach with a difference: the vocabulary, grammar, and reading sections are integrated with authentic materials, allowing students to learn language and culture simultaneously. German materials (advertisements, menus, newspaper articles, etc.) are used to present new vocabulary, introduce grammar points, and launch communicative activities. A listening-comprehension tape is tied to the text-book to help students improve listening skills.

Learn German with Stories Patrick Haul, 2019-09-15 Learn German with Stories - A modern approach to learning German in a fun and interactive way! Learning a new language can be extremely difficult. Especially one that seems so challenging. With its complex grammar rules and strange sounds, it can discourage anyone willing to give the German language a try. On top of that, today's society has made tight schedules a part of everyone's lives. Taking a German class might just not be possible for some of us. Still, there's no need to worry! In my opinion, the best way to learn any language is by reading or listening to stories. This book offers you exactly that. A modern, structured and fun approach where you can develop your German-speaking skill. The German language has become extremely valued in the modern era. Being able to have a conversation in German can earn you a lot of praise and really set you apart from the rest of the crowd. Inside this book, you can discover: - 10 unique German short stories each linked to one another - Captivating and easy to follow adventures - An advanced German vocabulary which will help you take your German-speaking skills to the next level - Short questions for an improved text-comprehension - A short summary after each story which helps you understand the narrative even better Every skill takes time to master, learning German is no exception. However, you can reduce the learning curve by taking the right approach. By immersing yourself in these stories you not only get more familiarised with common German expressions, but you get to do it in an entertaining and enjoyable way. If you want to improve your German in only a few minutes a day, then scroll up Order Now!

Secret Venice Thomas Jonglez, Paola Zoffoli, 2018 Five years of research were needed to conceive this exceptional guide, which will allow all lovers of Venice and the Venetians themselves to start exploring the most extraordinary city in the world, away from the beaten path.

The Nazis Piotr Uklański, 1999 Piotr Uklanski, a New York based artist, has put together a most surprising and at the same time simple series of pictures. With them he has created an art book consisting of 160 portraits of movie actors playing Nazis. This volume is as much about history as it is about the industry of entertainment. In 1998, The Observer, London, wrote about these compelling and at the same time enstranging portraits: If you are an actor, chances are that you will play a Nazi, or at least a cruel German officer in the Second World War. How do you make yourself look the part? First comes the matter of expression. Mug up on verbal cliches: 'ice-cold eyes', 'thin, compressed lips', with if possible, 'the hint of cynical smile playing around the corners of the mouth'. An 'air of cold command', rigid jaw muscles denoting 'utter ruthlessness', a tiny flare of nostrils to suggest unspeakable depths of sadism. Fine! Now put on the gear: the tunic with its

collar-tabs of SS lightning flashes, the tall black cap with eagle, swastika and death's head. Stunning! Now all you need is that gargling accent unlike any noise ever uttered by a real German.

Secret Copenhagen Johanne Steenstrup, Klaus Dahl, 2022-04-14 A riding school, where there were formerly airships, giant whales' skeletons in a parking lot, a bunker hidden under a school, an elevator that never stops, an infinity system of tunnels under a hospital, amazing secret museums, unknown architectural gems, hidden gardens ... Whether you are living in Copenhagen or just visiting, the city offers a surprising wealth of sights away from the popular tourist tracks and all the clichés. This book is a must for those who think to know Copenhagen and for those who just wanted to explore the city from one second perspective.

Secret Rio Manoel de Almeida e Silva, Márcio Roiter, Thomas Jonglez, 2016 Visit an extraordinary hill where the little angels are buried; discover remarkable forgotten Art Deco buildings; see a plane taking off at really close range, leftovers from the 1908 and 1922 Universal Expositions, a beautiful private palace open to visitors once a month, modernist ceramics hidden on the 15th-floor terrace of a former government building, a remarkable secret staircase; experience little-known walks and views of the city; find an Amazonian talisman at Copacabana, vestiges of the Carioca river, a rare statue of the great-grandmother of Jesus, a taxi nightclub, a work of art in a favela, a disused airship hangar ... Far from the crowds and the usual beach and carnival clichés, Rio de Janeiro has countless treasures it reveals only to residents and travellers who wander off the beaten track. An indispensable guide for all those who thought they were familiar with Rio or would like to discover the other face of the city.
