Post Corona Scott Galloway,2020-11-24 New York Times bestseller! Few are better positioned to illuminate the vagaries of this transformation than Galloway, a tech entrepreneur, author and professor at New York University's Stern School. In brisk prose and catchy illustrations, he vividly demonstrates how the largest technology companies turned the crisis of the pandemic into the market-share-grabbing opportunity of a lifetime. --The New York Times As good an analysis as you could wish to read. --The Financial Times From bestselling author and NYU Business School professor Scott Galloway comes a keenly insightful, urgent analysis of who stands to win and who's at risk to lose in a post-pandemic world The COVID-19 outbreak has turned bedrooms into offices, pitted young against old, and widened the gaps between rich and poor, red and blue, the mask wearers and the mask haters. Some businesses--like home exercise company Peloton, video conference software maker Zoom, and Amazon--woke up to find themselves crushed under an avalanche of consumer demand. Others--like the restaurant, travel, hospitality, and live entertainment industries--scrambled to escape obliteration. But as New York Times bestselling author Scott Galloway argues, the pandemic has not been a change agent so much as an accelerant of trends already well underway. In Post Corona, he outlines the contours of the crisis and the opportunities that lie ahead. Some businesses, like the powerful tech monopolies, will thrive as a result of the disruption. Other industries, like higher education, will struggle to maintain a value proposition that no longer makes sense when we can't stand shoulder to shoulder. And the pandemic has accelerated deeper trends in government and society, exposing a widening gap between our vision of America as a land of opportunity, and the troubling realities of our declining wellbeing. Combining his signature humor and brash style with sharp business insights and the occasional dose of righteous anger, Galloway offers both warning and hope in equal measure. As he writes, Our commonwealth didn't just happen, it was shaped. We chose this path--no trend is permanent and can't be made worse or corrected.

The Four Scott Galloway,2017-10-03 NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that's been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? Why does the stock market forgive them for sins that would destroy other firms? And as they race to become the world's first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

Million Dollar Women Julia Pimsleur,Julia Pimsleur Levine,2016-10-18 American women are starting businesses at nearly twice the rate that men are, but only three percent of female business owners have revenues of over one million dollars. Most women entrepreneurs are stuck at the 'mom and pop' level, just getting by, or in many cases, running out of cash. Julia Pimsleur shares her ... story of building her own company and raising millions in capital in a guide for women like her who have a great idea and need to find the resources to take it into the big leagues--

Rehab Science: How to Overcome Pain and Heal from Injury Tom Walters,Glen Cordoza,2023-04-11 Recover from injuries and put a stop to pain with this step-by-step guide In his new book, Rehab Science, renowned orthopedic physical therapist Tom Walters shows you how to take back the power to heal. He explains how to understand and identify pain and injury, how to treat common issues to muscles, tendons, ligaments, and more, and how to end chronic pain for good. Our current healthcare model, with its emphasis on treating symptoms rather than addressing the root cause of those symptoms, can be frustrating, especially for people with ongoing pain. Rehab Science outlines a new way of thinking about pain and injury with a movement-based system that helps you treat pain and heal from injuries on your own terms. Dr. Walters delivers proven protocols that strengthen the body, improve mobility and movement quality, alleviate pain, ensure full recovery, and keep pain and injury from reoccurring in the future. This book highlights common issues like ankle sprains, tennis elbow, and low back pain and provides protocols for rehabilitating each one step by step and week by week. Find out what you can do to accelerate the phases of healing by using targeted movements and pain-relieving rehab exercises. Full-color photo sequences show how to do each exercise correctly. In Rehab Science, you'll learn: • How to identify and treat common pains and injuries • Which exercises can prevent pain from returning • How long you should be doing rehab exercises • Major signs and symptoms that may require medical attention • How a diagnosis can factor into recovery • What common X-ray and MRI findings mean • How to program exercises to rehab specific injuries • When you might need to consider surgery • And much, much more

Living Fully Mallory Ervin,2023-02-07 NATIONAL BESTSELLER • An irresistible guide to living without holding back, from the vibrant lifestyle entrepreneur and host of the Living Fully podcast One of Katie Couric Media's Best New Self Help Books to Read in the New Year • "If you're ready to up-level your life and create long-lasting change, then this book is for you! Mallory's resilient path will inspire you to step into your power."—Gabby Bernstein, #1 New York Times bestselling author of The Universe Has Your Back Mallory Ervin is known for exuding energy, joy, and laughter. But despite her public accomplishments, Mallory is no stranger to battling unhealthy attachments to performance and success. Now, in her unforgettable debut book, Mallory invites readers to see how her surprising journey—from achievement and accolades to devastating, never-before-shared lows—guided her and led her to a deeply fulfilling life. In Living Fully, Mallory shares her personal story of overcoming the unhealthy and damaging patterns in her life and shows readers how to trade this for something completely new and more rewarding. What she discovered was there had always been a different life available to her, one that she had not yet seen. Now she encourages readers to resist a "just fine" existence and to step into a life they never dared to imagine before. Through inspiring stories and practical advice Mallory offers the motivation to: • stop returning to a "just getting by" mentality • shift perspective so blessings don't

become burdens • remember that life’s curveballs don’t have to knock you off your feet • identify your passions and get back to your truest self • slow down and enjoy the extraordinary in the everyday moments • quiet the voice of fear • get clear on the life you want “I wrote this to be your wake-up call, the thing that turns the lights on in your life and propels you to make real change, once and for all,” Mallory says. “I want you to wake up and stay awake.” For anyone hungry for a richer life, or tired of coasting through life in a “cruise control” mindset, Living Fully is the ultimate invitation to embrace abundance and joy—and not look back!

Scoring Wilder R. S. Grey, 2014-06-26 With Olympic tryouts on the horizon, the last thing nineteen-year-old Kinsley Bryant needs to add to her plate is Liam Wilder. He's a professional soccer player, America's favorite bad boy and has all the qualities of a skilled panty-dropper. Not to mention that Liam is strictly off limits; her coaches have made that perfectly clear. But that just makes him all the more enticing.

Go Big Now Julia Pimsleur, 2021-03-30 Transform Aspirational Thoughts into Life-Changing Results What’s the biggest challenge you face if you want to accomplish great things? It’s getting and keeping the right mindset, according to the hundreds of high achievers Julia Pimsleur has interviewed and worked with as a business coach. In *Go Big Now*, Pimsleur distills two decades of studying complex mindset practices into eight essential “mindset keys” that can be used by anyone to get the Go Big Mindset and achieve ambitious professional and life goals. Pimsleur shares personal stories of how she used these keys to raise venture capital and build multimillion-dollar companies, and illustrates each key with an example from a leader, CEO, or celebrity whose mindset catapulted them to success. You’ll learn to reframe perceived setbacks, replace unhelpful thoughts and limiting beliefs with empowering ones, and stay motivated to pursue your big goal, even in the face of massive hurdles. With the Go Big Mindset, you’ll boost your mental resilience and discover how to think your way to bigger, better results.

Excellences & Perfections Amalia Ulman, 2018 This book presents the fiercely intelligent internet-based performance of artist Amalia Ulman, which she eventually revealed to be a critical artwork about issues of online identity. Amalia Ulman's performance *Excellences & Perfections*, which unfolded on Instagram in 2014, follows an aspiring it-girl who undergoes a series of cosmetic surgeries and lifestyle changes to help jumpstart her career. For six months Ulman mesmerized her followers with nearly daily posts that documented a young woman trying on different personas in order to make her way in the world. Finally, the real Amalia Ulman revealed the fiction that she had created--a performance piece about identity, gender, class, sexuality, and lifestyle porn. The illustrations are presented in chronological order to give readers the experience of viewing the work as an uninterrupted stream, in the way her followers first saw them on social media. A forerunner of a new brand of performance art, Ulman has made a significant statement about the intersection of life and art--one that couldn't be more timely or compelling.

What Made Maddy Run Kate Fagan, 2017-08-01 The heartbreaking story of college athlete Madison Holleran, whose life and death by suicide reveal the struggle of young people suffering from mental illness today in this #1 New York Times Sports and Fitness bestseller *Instant New York Times Bestseller* #1 New York Times Monthly Sports and Fitness bestseller If you scrolled through the Instagram feed of 19-year-old Maddy Holleran, you would see a perfect life: a freshman at an Ivy League school, recruited for the track team, who was also beautiful, popular, and fiercely intelligent. This was a girl who succeeded at everything she tried, and who was only getting started. But when Maddy began her long-awaited college career, her parents noticed something changed. Previously indefatigable Maddy became withdrawn, and her thoughts centered on how she could change her life. In spite of thousands of hours of practice and study, she contemplated transferring from the school that had once been her dream. When Maddy's dad, Jim, dropped her off for the first day of spring semester, she held him a second longer than usual. That would be the last time Jim would see his daughter. *WHAT MADE MADDY RUN* began as a piece that Kate Fagan, a columnist for *espnW*, wrote about Maddy's life. What started as a profile of a successful young athlete whose life ended in suicide became so much larger when Fagan started to hear from other college athletes also struggling with mental illness. This is the story of Maddy Holleran's life, and her struggle with depression, which also reveals the mounting pressures young people, and college athletes in particular, face to be perfect, especially in an age of relentless connectivity and social media saturation.

The Data Science Design Manual Steven S. Skiena, 2017-07-01 This engaging and clearly written textbook/reference provides a must-have introduction to the rapidly emerging interdisciplinary field of data science. It focuses on the principles fundamental to becoming a good data scientist and the key skills needed to build systems for collecting, analyzing, and interpreting data. The *Data Science Design Manual* is a source of practical insights that highlights what really matters in analyzing data, and provides an intuitive understanding of how these core concepts can be used. The book does not emphasize any particular programming language or suite of data-analysis tools, focusing instead on high-level discussion of important design principles.
