The Hidden Light of Objects Mai Al-Nakib,2014-06-05 For fans of Alice Munro and Lorrie Moore. A young girl, renamed Amerika in honour of the US role in the liberation of Kuwait, finds her name has become a barometer of her country's growing hostility towards the West. A middle-aged man dying from cancer looks back on his extramarital affairs and the abiding forgiveness of his wife. The headlines tell of war, unrest and religious clashes. But if you look beyond them you will see life in the Middle East as it is really lived – adolescent love, the fragility of marriage, pain of the most quotidian kind. Mai Al-Nakib's luminous stories unveil the lives of ordinary people – and the power of objects to hold extraordinary memories.

Shake Up Learning Kasey Bell,2018-03-05 Is the learning in your classroom static or dynamic? Shake Up Learning guides you through the process of creating dynamic learning opportunities-from purposeful planning and maximizing technology to fearless implementation.

Status Update Alice E. Marwick,2013-11-26 Presents an analysis of social media, discussing how a technology which was once heralded as democratic, has evolved into one which promotes elitism and inequality and provides companies with the means of invading privacy in search of profits.

Master of Sorrows Justin Travis Call,2020-02-25 You've heard the story before: an orphaned boy, raised by a wise old man, comes to a fuller knowledge of his magic and uses it to fight the great evil threatening his world. But what if that hero were destined to become the new dark lord? The Academy of Chaenbalu has stood against magic for centuries. Hidden from the world, acting from the shadows, it trains its students to detect and retrieve magic artifacts, which it jealously guards from the misuse of others. Because magic is dangerous: something that heals can also harm, and a power that aids one person may destroy another. Of the academy's many students, only the most skilled can become avatars-warrior thieves, capable of infiltrating the most heavily guarded vaults-and only the most determined can be trusted to resist the lure of magic. More than anything, Annev de Breth wants to become one of them. But Annev carries a secret. Unlike his classmates who were stolen as infants from the capital city, Annev was born in the village of Chaenbalu, was believed to be executed, and then unknowingly raised by his parents' killers. Seventeen years later, he struggles with the burdens of a forbidden magic, a forgotten heritage, and a secret deformity. When Annev is subsequently caught between the warring ideologies of his priestly mentor and the Academy's masters, he must finally decide whether to accept the truth of who he really is ... or embrace the darker truth of what he may one day become.

Resistance Souha Bechara,2003-12-19 In 1988, at the age of twenty, Souha Béchara attempted to assassinate General Lahad, chief of militia in charge of Israeli-occupied Southern Lebanon. Immediately apprehended, interrogated, and tortured for weeks, she was sent to Khiam, a prison and death camp regularly condemned by humanitarian organizations. After an intense Lebanese, European, and even Israeli campaign in her favor, she was released in 1998. In a time when special attention is paid to the violent conflicts in the Middle East, and Americans despair of understanding what motivates Palestinian suicide bombers, the story of a secular Orthodox Christian left rebel risking her life to rid her country of occupying forces will resonate with Americans looking to understand why young Palestinian girls blow themselves up in

crowded Jerusalem markets. Finally a book appears which clarifies, in the most personal terms, why the conflict in Israel and Palestine continues unabated. Coming directly from the voice of a practitioner of armed struggle who was labeled a terrorist, Resistant 1. Humanizes the most misunderstood side of the situation, 2. Offers an insight into the roots of a complex social problem and 3. Provides a personal memoir of resistance and oppression.

It's All Absolutely Fine Ruby Elliot, 2017-01-31 *It's All Absolutely Fine* is an honest and unapologetic account of day-to-day life as a groaning, crying, laughing sentient potato being for whom things are often absolutely not fine. Through simple, humorous drawings and a few short narratives, the book encompasses everything from mood disorders, anxiety, and issues with body image through to existential conversations with dogs and some unusually articulate birds. Building on Ruby's huge online presence, *It's All Absolutely Fine* includes mostly new material, both written and illustrated, and is inspirational, empowering, and entertaining. Hope and tenacity abound in this book that is as heartening as it is hilarious. *Voted onto the 2018 GREAT GRAPHIC NOVELS FOR TEENS list by the American Library Association's YALSA (Young Adult Library Services Association)

Understanding Celebrity Graeme Turner, 2004-05-07 'Graeme Turner is one of the leading figures in cultural studies today. When his gaze turns to celebrity, the result is a readable and compelling account of this most perplexing and infuriating of modern phenomena. Read on!' - Toby Miller, New York University We cannot escape celebrity culture: it is everywhere. So just what is the cultural function of celebrity? This is the first comprehensive overview of the production and consumption of celebrity from within cultural and media studies. The pervasive influence of contemporary celebrity, and the cultures it produces, has been widely noticed. Earlier studies, though, have tended to focus on the consumption of celebrity or on particular locations of celebrity - Hollywood, or the sports industries for instance. This book

presents a broad survey across all media as well as a new synthesis of theoretical positions, that will be welcomed by all students of media and cultural studies. Among its attributes are the following: -It provides an overview and evaluation of the key debates surrounding the definition of celebrity, its history, and its social and cultural function -It examines the 'celebrity industries': the PR and publicity structures that manufacture celebrity -It looks at the cultural processes through which celebrity is consumed -It draws examples from the full range of contemporary media - film, television, newspapers, magazines and the web

The Glory of Batik Judi Achjadi, 2011-09-10 The Glory of Batik explores the fabulous collection of Javanese batik brought together over the course of forty years by H. Santosa Doellah. The Danar Hadi Collection amounts to some 10,000 pieces spanning a century and a half, from the mid 19th century to the present day. Possibly the largest single privately owned accumulation of Javanese batik in the world, The Glory of Batik inspires a deep appreciation of this ancient art.

The Frenzy of Renown Leo Braudy, 1997-11-25 "Remarkably ambitious . . . an impressive tour de force." –Washington Post Book World For Alexander the Great, fame meant accomplishing what no mortal had ever accomplished before. For Julius Caesar, personal glory was indistinguishable from that of Rome. The early Christians devalued public recognition, believing that the only true audience was God. And Marilyn Monroe owed much of her fame to the fragility that led to self-destruction. These are only some of the dozens of figures that populate Leo Braudy's panoramic history of fame, a book that tells us as much about vast cultural changes as it does about the men and women who at different times captured their societies' regard. Spanning thousands of years and fields ranging from politics to literature and mass media, The Frenzy of Renown explores the unfolding relationship between the famous and their audiences, between fame and the representations that make it possible. Hailed as a landmark at its original publication and now reissued with a new Afterword covering the last tumultuous decade, here is a major work that provides our celebrity-obsessed, post-historical society with a usable past. "Expansive . . . Braudy excels at rocketing a general point into the air with the fuel of drama. " –Harper's

The Key to the Middle East Derek Prince, 2013-11-05 One Nation Holds the Key to the Destiny of Mankind Though it may seem distant from our modern lives, the drama playing out in the Middle East on the world stage has consequences beyond what we can imagine. And in the tumult of it all, one tiny nation will become the watershed of world events, affecting us all. In this accessible, behind-the-scenes guide, internationally renowned teacher and scholar Derek Prince goes beyond the headlines and immerses you in what the Bible has to say about Israel. Tracing her long, astonishing history, he offers insight into the mounting tension and exposes the destructive enemy now stalking this

war-torn land. Accessible and fascinating, *The Key to the Middle East* also reveals God's plans for all nations--and what our future could look like. Prince's depth of understanding and interpretation of Scripture will challenge and encourage you. But above all, you will be brought face-to-face with the God who remembers, honors and lovingly guards His promises to His people.

Ordinary People and the Media Graeme Turner, 2010 The 'demotic turn' is a term coined by Graeme Turner to describe the increasing visibility of the 'ordinary person' in the media today. In this dynamic and insightful book he explores the 'whys' and 'hows' of the 'everyday' individual's willingness to turn themselves into media content through: · Celebrity culture, · Reality TV, · DIY websites, · Talk radio, · User-generated materials online. Initially proposed in order to analyse the pervasiveness of celebrity culture, this book further develops the idea of the demotic turn as a means of examining the common elements in a range of 'hot spots' in debates within media and cultural studies today. Refuting the proposition that the demotic turn necessarily carries with it a democratising politics, this book examines the political and cultural function of the demotic turn in media production and consumption across the fields of reality TV, print and electronic news and current affairs journalism, citizen and online journalism, talk radio, and user-generated content online. It examines these fields in order to outline a structural shift in what the western media has been doing lately, and to suggest that these media activities represent something much more fundamental than contemporary media fashion.

Material Virtualities Jenny Sundén, 2003 What does it mean to be embodied online? What are the conditions of cybersubjectivity? In *Material Virtualities*, Jenny Sundén explores the rarely acknowledged borderland between typists and textual bodies, speaking and writing, and physicality and imagination in online encounters. Through careful ethnographic investigations of a text-based virtual world called WaterMOO, Sundén shows how texts, bodies, and machines are linked together in ways that demand a new understanding of the writing subject. Drawing on contemporary feminist and queer theory, she questions the opposition between disembodied, high-tech masculinity and embodied, earth-bound femininity, insisting on the need for a radical materialization of cybercultural studies that discloses the «virtual» as itself embodied.

It's Not about the Horse Wyatt Webb, 2010-06 If you can't meet Wyatt in person, then reading his book is the next best thing! Learn about The Equine Experience, developed by Wyatt Webb, it's a new form of therapy that blends horse sense with common sense. Even though Wyatt has been a practicing therapist for a number of years, his tools don't involve a leather couch, and his helpers don't arrive in suits or high heels. Of course, they wear shoes - but not the kind they sell at Bloomingdale's. ''You're going to clean some hooves,'' he tells the group, ''and you're going to groom the horse. How you relate to this animal will tell us what you've learned over the course of your lifetime concerning how you relate to all living things. Your basic training has come from learning how to treat people.'' He pauses and adds, ''remember one thing: It's not about the horse.''

The Chemical Maze Shopping Companion Bill Statham, 2006 'The Chemical Maze'

provides consumers with easy-to-read information on the potential health effects of food additives as well as chemicals in personal care products. It describes such terms as tartrazinal, magnesium chloride and polydextrose.
