**Snap and Share** Adam Furgang,2014-12-15 They say a picture is worth a thousand words. If that's true, then what are a thousand pictures worth? Today, with the use of mobile smartphones and similar devices containing miniaturized cameras, snapping and sharing photos has never been easier—or more commonplace. Playing around with photo and video apps like Instagram, Vine, Flickr, and Snapchat has become a natural part of teenage life. But along with the fun comes responsibility. This volume guides readers through simple steps for using photo and video apps and offers ideas for unleashing creativity. It also addresses the potential risks of using these apps, such as cyberbullying, and suggests a code of conduct that should be enforced whenever anyone snaps and shares.

**Rubberhead** Steve Johnson,2019-12-10 Prepare to take a journey into the insane mind of one of Hollywood's most legendary and controversial Special FX artists, Steve Johnson. From sculpting Slimer from Ghostbusters while strung out on cocaine, to disguising Michael Jackson so the King of Pop could go into public, to hiding out in the jungles of Costa Rica after losing tens of millions of dollars in one day, Johnson's journey is an unbelievable ride through the mind of a mad effect's genius. Join Steve on a time traveling journey through his life as he observes his insane achievements as well as his failures of epic proportions. Johnson's uniquely creative writing turns his life story into a beautiful narrative that will keep you wanting more...thankfully, this is a multi-volume series. Behind the Scenes Photos, Never Seen Before from: Ghostbusters, Magnolia, Scooby Doo 2, Lord of Illusions, Blade II, Dreamcatcher, Jarhead, The Stand, and The League of Extraordinary Gentlemen. In addition, there is the crazy concept art and FX tests from movies that Steve...almost worked on, which includes, Ghost Rider, Zathura, I am Legend, Creature From the Black Lagoon, Spider-Man III, Hulk, Where the Wild Things Are, as well as rare pictures of Jean-Claude Van Damme as the Predator!

**Scud, the Disposable Assassin** Rob Schrab,Dan Harmon,Mondy Carter,2018 In the world of Scud, bullets are cheaper than human life. Corner vending machines provide any weapon you might need. The most popular weapons are Scud disposable assassins: Robot hitmen that self-destruct when they kill their target. This volume follows Scud 1373, assigned to take out a hideous female man-eater named Jeff. While fighting the indestructible Jeff, Scud discovers his infamous warning panel in a bathroom mirror. Realizing that to kill Jeff is to kill himself, Scud blows off her arms and legs and hospitalizes her. Her life support bills will have to be paid, and Scud will have to find more work to stay alive.

**Digital Video Camerawork** Peter Ward,2012-08-21 This manual introduces digital camerawork techniques used in television and video production. Written as a practical guide, the author's step-by-step instructions take you through everything you need to know, from camera controls, to editing, lighting and sound. This text provides a solid foundation to build upon in the area of digital video production. In a period of transition between analogue and digital acquisition/recording formats Digital Video Camerawork provides up-to-date information familiarizing you with the different production styles and requirements. Diagrams are used to illustrate the technology and techniques explained. Digital Video Camerawork combines clear, technical explanations with practical advice. It is ideal for the less experienced broadcast camera operator and for students on media and television production

courses.

**Corporate Identity Design** Veronica Napoles, 1991-01-16 In a market cluttered with big and small companies competing for the consumer's attention, public image becomes more critical than ever to the success of any business. Veronica Napoles's Corporate Identity Design provides a practical tool for designing and implementing a successful, comprehensive corporate identity program. It is an invaluable resource, since fashioning a powerful and accessible identity is a company's best bet for capturing the attention of consumers. Napoles explains the difference between corporate image--how a company is actually perceived by the public--and identity--how it wants to be perceived--and shows how to close the gap between the two. In doing so, she goes beyond previous books on the subject and anticipates the needs of consumers by incorporating elements of behavioral psychology into the design process. Corporate Identity Design is not merely a picture book or an anthology of symbols, but a comprehensive, detailed examination of all factors that lead to the choice and refinement of a corporate identity. Napoles's concise, step-by-step overview looks at all phases of the corporate identity design process, including:

- \* recognizing the need for corporate identity adjustment
- \* selecting a basic symbol category from which to choose
- \* deciding on and refining a chosen symbol
- \* implementing a careful, intelligent program for phasing in the new corporate identity and ensuring its acceptance by the public.

The book includes dozens of helpful illustrations, a sample design proposal, questionnaires, design briefs, and a color chart. In addition, Napoles provides guidelines for changing a company name, including information on basic name categories and the categories and the creative process for developing and evaluating names. These and other features make Corporate Identity Design the definitive work for establishing quick and accurate image/identity relationships in the mind of the public. Design students and professionals, public relations and communications officers, and top-level management personnel will all find Corporate Identity Design a continuing resource for ideas, information, and inspiration.

**The World's Top Photographer's Workshops** Andy Steel, 2009-09-06 The World's Top Photographers' Workshops pairs in-depth, practical advice with stunning images and personal tips from the world's leading photographers. The latest in this series, Celebrity and Performance, offers hardworking, incisive, and comprehensive advice on this field of photography. This book shows how to shoot big personalities; the challenge being to capture something special and unique from celebrities who spend many of their waking hours in front of a camera or audience. Techniques workshops cover all the practical considerations. Work reflecting all aspects of celebrity and performance photography is showcased, including projects shot in studios, on sets, in theaters, on stage, and on location. Official and unofficial, reportage and staged photographs are featured, including: portraiture and cover shots; lifestyle stories for celebrity magazines; celebrity weddings; celebrity children; film unit stills photography; behind the scenes reportage; dance and opera performance and rehearsal photography; theatre promotional shots; gig photography; band portraits; head-shots; glamour photography; catwalk photography; paparazzi street photography; and red-carpet/press conference news coverage. Image portfolios, combined with the photographers' comments on what has influenced their lighting styles and technical decisions, introduce readers to the aesthetics of celebrity and performance photography. Photographers' technical breakdowns of the lighting/composition/colour/tone/imaging they have used, and why, gives readers a thorough knowledge of appropriate equipment and techniques. Checklists and tips-and-hints panels pass on hard-won knowledge in a simple form.

**Mentalissimo** John Bannon, 2016-08-10 In Mentalissimo, John brings his talents to bear on mentalism and mental magic with playing cards. I do card tricks, have a keen interest in mentalism and am a fanatic about the

construction of magic tricks. For me, a book like this is just what I look for. All of the above; in one place. You can expect: Squeaky-clean revelations of truly thought-of cards. Demonstrations of psychic ability that can't be explained simply as coincidence. Clear, commercial prediction systems. Offbeat treatments of classic mental effects from Add-a-Number to Out of This World. Thirty items are described and explained in twenty-one chapters. Almost all use regular unprepared cards. Two require a common gaffed card. Most are impromptu. A couple require a more-than-minimal stack. A few rely on easily-made external props. One employs a pack of ESP symbol cards. All are intelligently explained and laced with commentary and discussion. Come for the thought-provoking card effects; stay for the conversation.

*Mental Mysteries* Theodore Annemann, Burling Hull, 1929
