Digital Culture & Society (DCS) Ramón Reichert, Annika Richterich, Pablo Abend, Mathias Fuchs, Karin Wenz, 2016-12-31 »Digital Culture & Society« is a refereed, international journal, fostering discussion about the ways in which digital technologies, platforms and applications reconfigure daily lives and practices. It offers a forum for critical analysis and inquiries into digital media theory and provides a publication environment for interdisciplinary research approaches, contemporary theory developments and methodological innovation. The third issue »Politics of Big Data« edited by Mark Coté, Paolo Gerbaudo, and Jennifer Pybus, critically examines the political and economic dimensions of Big Data and thus details its contestation. The contributions focus on the materialities and processes which manifest Big Data and explore forms of value beyond the state and capital. These range from open data initiatives, social media metrics, machine learning algorithms, data visualisation to data dashboards, critical data analysis, and new modes of data action research and practice.

How To Earn Money On Instagram Deshawn Sparhawk, 2021-03-24 Instagram allows users to edit and upload photos and short videos through a mobile app. Users can add a caption to each of their posts and use hashtags and location-based geotags to index these posts and make them searchable by other users within the app. Each post by a user appears on their followers' Instagram feeds and can also be viewed by the public when tagged using hashtags or geotags. Users also have the option of making their profile private so that only their followers can view their posts. It is frustrating to see influencers making thousands of dollars per post on Instagram while we struggle just to see our follower count rise on a daily basis. We all want to be the next influencer to land big sponsored deals that pay for us to travel the world and eat the best-looking food, but it's hard to know exactly when your account is ready to start making money. One of the first metrics that users and brands look at to determine account influence is your follower count, mostly because it is front and center for everyone to see. Even so, there is no set Instagram follower number to make money in 2018 that works for every influencer in every niche. This book is going to go over how to approach your follower count and when should you monetize them.

Manual of Psychomagic Alejandro Jodorowsky, 2015-01-30 A workbook for using symbolic acts to heal the unconscious mind • Provides several hundred successful psychomagic solutions for a wide range of specific psychological, sexual, emotional, and physical problems, from stuttering, eczema, and fears to repressed rage and hereditary illnesses • Details how practitioners can develop unique psychomagic solutions for their patients • Explains how psychomagic bypasses the rational mind to work directly with the unconscious for quicker and more enduring change Traditional psychotherapy seeks to unburden the unconscious mind purely through talk and discussion. Psychomagic recognizes that it is difficult to reach the unconscious with rational thought. We should instead speak directly to the unconscious in its own language, that of dreams, poetry, and symbolic acts. By interacting on this deeper level, we can initiate quicker and more enduring change to resolve repressed childhood trauma, express buried emotions, and overcome deep-seated intimacy issues. Through the lens of psychomagic, illness can be seen as the physical dream of the unconscious, revealing unresolved issues, some passed from generation to generation. In this workbook of psychomagic spells, legendary filmmaker and creator of psychomagic Alejandro Jodorowsky provides several hundred successful psychomagic solutions for a wide range of psychological, sexual, emotional, and physical problems from stuttering, eczema, and fear of failure to repressed rage, hereditary illnesses, and domineering parents. Each solution takes the same elements associated with a negative emotional charge and recasts them into a series of theatrical symbolic actions that enable one to pay the psychological debts hindering their lives. Explaining the shamanic techniques at the foundation of psychomagic, the author offers methods for aspiring practitioners to develop solutions for their own unique patients. Jodorowsky explains how the surreal acts of psychomagic are intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper, more authentic self. As he says in the book, "Health only finds itself in the authentic. There is no beauty without authenticity."

Forgotten Heritage Jonglez Publishing, 2016-10-01 Rediscovering our forgotten heritage No Entry'; 'Dangerous Site Keep Out; Trespassers Will Be Prosecuted': common sights on walls or perimeter fences around many of the world's abandoned sites. These warnings allude to potential dangers and prove an ineffective deterrent against thieves and vandals. To the urban explorer/photographer these signs simply serve to whet the appetite for the promise of hidden wonders that may lie beyond. For those who ignore the warnings and climb the fences, what awaits is usually worth the risks. Vast industrial spaces that feel more like an alien landscape or poignant residential settings, which are slowly surrendering to the inexorable advance of nature. Places once alive with sound and movement, now silent and still, but no less sensory. Immense and powerful beauty resides in these forgotten

places. For some, just getting inside a location to experience this alternative form of sightseeing is enough to satisfy a desire to simply go where one shouldn't. But for some there is a need to capture the essence of a location in words and pictures, giving others a metaphorical leg-up over the fences, to walk them through the remaining ruins. Matt Emmett falls into the latter of these groups, travelling regularly to places in the UK and across Europe. He seeks out vast power stations and their cooling towers, steel works, mines, bunkers, tunnels, schools, engine sheds, hotels, castles and a myriad of other buildings. All have their own stories to tell in a variety of voices and without the distraction, sounds and people who inhabited them, those stories are clear and strong and the character of each location is laid bare. Architectural Digest: Photographer Matt Emmett has made a name for himself by pushing the boundaries to capture epic imagery of Europe's most forgotten ruins. International Business Times: Matt Emmett's 'Forgotten Heritage' photography project uncovers the brutal beauty of abandoned buildings and derelict industry.

Game Theory and Strategy Explained Can Akdeniz, 2015-05-12 Game Theory has evolved since its inception, but at its root, it is the modeling of strategic interactions between two or more players where there is a set of rules and outcomes! This basic definition gets to the heart of what Game Theory is. And this can be applied to almost any situation in your life and your business. Regardless of your status, as an entrepreneur or a part of the employed, this theory can serve you well. It can help you develop strategic approaches to real life situations, where you predict, with remarkable accuracy, the best possible route towards the best possible outcomes. If you wanted to have a crystal ball, one that helps you predict the future, then Game Theory would be as close to that crystal ball as you can get, in real-life! Game Theory and Strategy go hand in hand. In fact, they are like the big brother and the little brother of social interaction. Where Game Theory is the big brother, used to guide you along the way, Strategy is the little brother, needing guidance, and who cannot exist successfully in the absence of 'big brother'! They, therefore, have a tandem and reciprocal relationship.

The Purpose Factor Brian Bosché, Gabrielle Bosché, 2020-09-29 YOU WANT CLARITY. You are tired of wondering, "What's next?" You want to know if you are making the right decision. You are ready for fewer distractions, more direction, and a clear idea of where you want to go. AND YOU WANT IT NOW. You would take the initiative, if you only knew what steps to take. You don't want life to happen to you. You are ready for life to start happening because of you. PURPOSE IS THE FACTOR. In The Purpose Factor, you will discover the most practical and effective process ever developed for finding and living out your purpose. Purpose is the single difference between simply existing and really living. It is what separates the successful from the standard, divides the top earners from the just-get-byers, and determines whether a company will grow and thrive or just barely survive. Your purpose will unlock the secret to living a meaningful life, building a successful career, and making a difference in the world. Knowing your purpose will determine how well you do and how far you go.
