**The Latte Factor** David Bach,John David Mann,2019-05-07  
INSTANT NEW YORK TIMES, USA TODAY, WALL STREET JOURNAL, AND INTERNATIONAL BESTSELLER Discover #1  
New York Times bestselling author David Bach's three secrets to financial freedom in an engaging story that will show you that you are richer than you think. Drawing on the author's experiences teaching millions of people around the world to live a rich life, this fast, easy listen reveals how anyone—from millennials to baby boomers—can still make his or her dreams come true. In this compelling, heartwarming parable, Bach and his bestselling coauthor John David Mann (*The Go-Giver*) tell the story of Zoey, a twenty-something woman living and working in New York City. Like many young professionals, Zoey is struggling to make ends meet under a growing burden of credit card and student loan debt, working crazy hours at her dream job but still not earning enough to provide a comfortable financial cushion. At her boss's suggestion, she makes friends with Henry, the elderly barista at her favorite Brooklyn coffee shop. Henry soon reveals his "Three Secrets to Financial Freedom," ideas Zoey dismisses at first but whose true power she ultimately comes to appreciate. Over the course of a single week, Zoey discovers that she already earns enough to secure her financial future and realize her truest dreams—all she has to do is make a few easy shifts in

her everyday routine. The Latte Factor demystifies the secrets to achieving financial freedom, inspiring you to realize that it's never too late to reach for your dreams. By following the simple, proven path that Henry shows Zoey, anyone can make small changes today that will have big impact for a lifetime, proving once again that "David Bach is the financial expert to listen to when you're intimidated by your finances" (Tony Robbins, #1 New York Times bestselling author of *Money: Master the Game*).

Rule #1 Phil Town, 2006-03-21 #1 NEW YORK TIMES

**BESTSELLER** • "The clearest and best book out there to get you on the path to riches. This one's special!"—Jim Cramer, host of CNBC's *Mad Money* "Great tools for anyone wanting to dabble in the stock market."—USA Today Phil Town is a very wealthy man, but he wasn't always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true "rules" are and how to make them work in one's favor. Chief among them, of course, is Rule #1: "Don't lose money." In this updated edition to the #1 national bestseller, you'll learn more of Phil's fresh, think-outside-the-box rules, including: • Don't diversify • Only buy a stock when it's on sale • Think long term—but act short term to maximize your return • And most of all, beat the big investors at their own game by using the tools designed for them! As Phil demonstrates in these pages, giant mutual funds can't help but regress to the mean—and as we've all learned in recent years, that mean could be very disappointing indeed.

Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even the biggest investing-phobes with the tools they need to make quantum leaps toward financial security—regardless of where the market is headed.
