Jan-Hendrik Evertse, Klmn Gyory

Numbers 1-20 ,2021 The Book of Numbers is an account of the young would-be nation of Israel's wanderings in the Wilderness after the magnificent event at Sinai, where Moses speaks with God face-to-face and receives the Ten Commandments. Throughout this time of trial, the people complain, sensing the contrast between the relative security of slavery in Egypt, from which they have fled, and the precarious insecurity of freedom in the Wilderness. Numbers is a book filled with power struggles, raising questions about who speaks for God, along with personal and communal crises of faith and rumors of revolt. Yet despite the people's blindness and rebelliousness, God remains faithful to the promises made to Israel's ancestors--Abraham, Isaac, Jacob, and now Moses--and remains at Israel's side, guiding her slowly but surely to the Promised Land. In all, Numbers describes a terrific journey of discipline and dependence upon the God who liberated the Hebrews from bondage in Egypt: a journey to strengthen Israel for the challenge of a new and wondrous land and the battles she will have to fight in order to claim and keep it.

Codification of Statements on Standards for Accounting and Review Services, Numbers 21 - 25 AICPA,2020-06-23
This book provides the requirements for performing engagements in accordance with Statements on Standards for Accounting and Review Services (SSARS). This updated edition includes the authoritative standards and interpretations applicable to preparation, compilation, and review engagements. The guidance and related interpretations will help you apply the standards in specific circumstances. The codification also clearly shows amendments, deleted or superseded content, and conforming changes due to the issuance of other authoritative guidance. The codification contains all SSARSs, including SSARS No. 21, which is now effective, through SSARS No. 25, Materiality in a Review of Financial Statements and Adverse Conclusions. SSARS No. 25 further converges AR-C section 90 with International Standard on Review Engagements (ISRE) 2400 (Revised), Engagements to Review Historical Financial Statements, and minimizes differences with the auditing standards regarding concepts that are consistent regardless of the level of service performed on the financial statements.

Diagnostic Studies in Arithmetic Guy Thomas Buswell,Lenore John,1926 The failures in the elementary school are caused more frequently by arithmetic than by any other subject in the curriculum. These failures can be traced to three factors: (1) materials (textbooks, practice exercises, special devices); (2) the teacher's methods of instruction or manner of presentation; (3) the methods and mental processes of the pupils. This monograph reports a study of the third factor and presents a detailed analysis of one group of mental processes--those exhibited in dealing with the four fundamental operations in arithmetic.
