The Little Book of Investing Like the Pros Joshua Pearl, Joshua Rosenbaum, 2020-04-07 As you have probably noticed, there are quite a few investing books out there. Many of them were written by some of the world's greatest investors. So, why should you read our book? Stock investing is more prevalent than ever, whether directly or indirectly through brokerage accounts, exchange-traded funds, mutual funds, or retirement plans. Despite this, the vast majority of individual investors have no training on how to pick stocks. And, until now, there hasn't been a truly accessible, easy-to-understand resource available to help them. *The Little Book of Investing Like the Pros* was written to fill this void. We believe the simplicity and accessibility of our stock picking framework is truly unique. Using real-world examples and actual Wall Street models used by the pros, we teach you how to pick stocks in a highly accessible, step-by-step manner. Our goal is straightforward—to impart the skills necessary for finding high-quality stocks while protecting your portfolio with risk management best practices. Our practical approach is designed to help demystify the investing process, which can be intimidating. This training will help set you apart from others who are largely flying blind. Pilots require extensive training before receiving a license. Doctors must graduate medical school, followed by a multi-year residency. Even those providing professional investment advice require certification. But, anyone can buy a stock without any training whatsoever. While buying stocks on a hunch and a prayer may not endanger your life, it can certainly put your finances at risk.

How I Invest My Money Brian Portnoy, Joshua Brown, 2020-11-17 The world of investing normally sees experts telling us the 'right' way to manage our money. How often do these experts pull back the curtain and tell us how they invest their own money? Never. *How I Invest My Money* changes that. In this unprecedented collection, 25 financial experts share how they navigate markets with their own capital. In this honest rendering of how they invest, save, spend, give, and borrow, this group of portfolio managers, financial advisors, venture capitalists and other experts detail the 'how' and the 'why' of their investments. They share stories about their childhood, their families, the struggles they face and the aspirations they hold. Sometimes raw, always revealing, these stories detail the indelible relationship between our money and our values. Taken as a whole, these essays powerfully demonstrate that there is no single 'right' way to save, spend, and invest. We see a kaleidoscope of perspectives on stocks, bonds, real assets, funds, charity, and other means of achieving the life one desires. With engaging illustrations throughout by Carl Richards, *How I Invest My Money* inspires readers to think creatively about their financial decisions and how money figures in the broader quest for a contented life. With contributions from: Morgan Housel, Christine Benz, Brian Portnoy, Joshua Brown, Bob Seawright, Carolyn McClanahan, Tyrone Ross, Dasarte Yarnway, Nina O'Neal, Debbie Freeman, Shirl Penney, Ted Seides, Ashby Daniels, Blair duQuesnay, Leighann Miko, Perth Tolle, Josh Rogers, Jenny Harrington, Mike Underhill, Dan Egan, Howard Lindzon, Ryan Krueger, Lazetta Rainey Braxton, Rita Cheng, Alex Chalekian
