

Invisible Jet

Chris Gavalier,Nathaniel Goldberg

Stealth Peter Westwick,2020 The story behind the technology that revolutionized both aeronautics, and the course of history.On a moonless night in January 1991, a dozen airplanes appeared in the skies over Baghdad. Or, rather, didn't appear. They arrived in the dark, their black outlines cloaking them from sight. More importantly, their odd, angular shapes, which made them look like flying origami, rendered themundetectable to Iraq's formidable air defenses. Stealth technology, developed during the decades before Desert Storm, had arrived. To American planners and strategists at the outset of the Cold War, this seemingly ultimate way to gain ascendance over the USSR was only a question. What if the UnitedStates could defend its airspace while at the same time send a plane through Soviet skies undetected? A craft with such capacity would have to be essentially invisible to radar - an apparently miraculous feat of physics and engineering. In *Stealth*, Peter Westwick unveils the process by which theimpossible was achieved.At heart, *Stealth* is a tale of two aerospace companies, Lockheed and Northrop, and their fierce competition - with each other and with themselves - to obtain what was estimated one of the largest procurement contracts in history. Westwick's book fully explores the individual and collective ingenuityand determination required to make these planes and in the process provides a fresh view of the period leading up to the end of the Soviet Union. Taking into account the role of technology, as well as the art and science of physics and engineering, Westwick offers an engaging narrative, one thatimmerses readers in the race to produce a weapon that some thought might save the world, and which certainly changed it.

Jet-Powered Justice Michael Dahl,2018 Welcome to Paradise Island, the secret home of Wonder Woman! Hundreds of weapons and trophies fill the halls of the island's palace. Each one tells a story of adventure, danger, and bravery. This is the tale of the Invisible Jet that saved Wonder Woman from Ares!

Sensation Comics #1 William Marston,2016-10-18 The origin of Wonder Woman continues from ALL STAR COMICS #8! The Amazon Princess arrives in Man's World with the wounded Steve Trevor. This story also explains the origin of Wonder Woman's secret identity of Diana Prince and features the first appearance of Wonder Woman's Invisible Jet!

Stealth Fighter William B. O'Connor,2012-04-16 A pilot recounts his experiences flying NATO missions in a F-117 stealth fighter over Kosovo in 1999.

Area 51 - Black Jets Bill Yenne,2018-02-20 Area 51's most important military aviation developments are profiled in an illustrated format. When most of us think of Area 51, we think of aliens, UFOs, and controversial government cover-ups. It's easy to forget that, since the mid-1950s, the United States' famed extension of Edwards Air Force Base has served as a top-secret CIA testing ground for many of the most groundbreaking advancements in American military aviation technology. In *Area 51 - Black Jets*, author and military historian Bill Yenne offers the first fully illustrated chronology of Area 51's most famous aircraft projects, including Lockheed's U-2 Dragon Lady and SR-71 Blackbird reconnaissance planes, drones ranging from the early Lockheed D-21 to the modern-day General Atomics MQ-1 Predator, and the famous F-117 Nighthawk stealth fighter produced by the Have Blue program during the 1970s. Each project is given its own fascinating chapter illuminating the aircraft's development at this famed location. But beyond the aircraft themselves, *Area 51 - Black Jets* also covers a handful of the many classified experimental programs carried out at Area 51 over the years, such as Have Doughnut, Have Ferry, and Have Drill - secret undertakings that successfully reverse-engineered such enemy aircraft as the Russian MiG during the Cold War. Presented in beautiful hardcover format and illustrated with historic color and black-and-white photographs, diagrams, and maps, this book reveals Area 51 for what it truly is: a clandestine area for the United States' most cutting-edge technological innovators in military aviation.

Invisible Carla Buckley,2012-12-11 Perfect for fans of Jodi Picoult, Carla Buckley's *Invisible* is a stunning novel of redemption, regret, and the complex ties of familial love. Growing up, Dana Carlson and her older sister, Julie, are inseparable—Dana the impulsive one, Julie calmer and more nurturing. But then a devastating secret compels Dana to flee from home, not to see or speak to her sister for sixteen years. When she receives the news that Julie is seriously ill, Dana knows that she must return to their hometown of Black Bear, Minnesota, to try and save her sister. Yet she arrives too late, only to discover that Black Bear has changed, and so have the people in it. Julie has left behind a shattered teenage daughter, Peyton, and a mystery—what killed Julie may be killing others, too. Why is no one talking about it? Dana struggles to uncover the truth, but no one wants to hear it, including Peyton, who can't forgive her aunt's years-long absence. Dana had left to protect her own secrets, but Black Bear has a secret of its own—one that could tear apart Dana's life, her family, and the whole town. “Beautifully written and unsettling . . . leaves you with a lingering sense of dread long after you close the last page.”—Chevy Stevens Look for special features inside. Join the Circle for author chats and more.

Now I Know: The Soviets Invaded Wisconsin?! Dan Lewis,2019-10-22 A brand-new collection of fascinating facts spanning history and sports to science and pop culture that will have you proudly stating, “Now I know!” Did you know that a measles outbreak led to the assigning of phone numbers? How about the fact that pirates are the reason we don't use the metric system in the United States? Or that there's actually a reason why stepping on a LEGO hurts so damn much? *Now I Know: Soviets Invaded Wisconsin?!* is the ultimate challenge for even the biggest trivia buff. From the time a tomato plant stood up to a volcano to Portland's great garbage battle of 2002, this book will put your general knowledge to the test and explain the most fascinating stories behind the world's greatest facts. Based on the very popular newsletter, you are guaranteed to learn something new despite how much you already think you know. Covering 100 topics, *Now I Know: Soviets Invaded Wisconsin?!* will surprise any know-it-all who thinks they have nothing new to learn.

The Essential Wonder Woman Encyclopedia Phil Jimenez,John Wells,2010-04-27 A definitive A-to-Z guide to the action-packed history of Wonder Woman, high-flying feminist icon and twenty-first-century movie star She's as wise as Athena and as beautiful as Aphrodite, stronger then Hercules and swifter than Hermes. Blessed at birth by the gods themselves, Princess Diana left an idyllic island paradise ruled by wise and brave women to bring the peace, love, and nobility of the Amazons to the tumultuous world of humankind. In January 1942, Wonder Woman took the world of comics—and its pantheon of superpowered males—by storm. Wielding her impervious silver bracelets and golden Lasso of Truth, she's battled forces of evil from the Axis powers to a slew of super-villains worldwide, teamed up with the likes of Superman, Batman, Green Lantern, and the Flash, and transcended comics and film to become a pop-culture superstar. It's all here in more than 400 fact-filled pages: • Wonder Woman's origins, as imagined and reinterpreted by generations of comics writers—including her groundbreaking creator, William Moulton Marston • biographies of every major character in Wonder Woman's universe, including her mother, Hippolyta; sister, Donna Troy; and mortal ally Steve Trevor—as well as such classic foes as Ares, Cheetah, Hades, and the members of Villainy Inc. • classic black-and-white comic book artwork throughout • two sixteen-page full-color artwork inserts—plus a dazzling original cover illustration by fan-favorite artist Adam Hughes Written by veteran Wonder Woman artist and writer Phil Jimenez and comics historian John Wells, *The Essential Wonder Woman Encyclopedia* is the ultimate archive, proving that her die-hard devotees don't have to visit Paradise Island for a taste of heaven on earth.

Wonder Woman (2016-) #82 Steve Orlando,2019-11-13 Now that Cheetah has gained control of Themyscira, Wonder Woman must return home for a final showdown. Does she stand a chance against this scholar-turned-monster

whose sole purpose was to enter this mythical realm? Meanwhile, Earth is left unprotected and some of Themyscira’s most vile creations have found their way there. What chaos awaits Wonder Woman if she ever returns? Join returning writer Steve Orlando for the first chapter of this six-issue tale!

1000 Facts about Comic Book Characters James Egan,2015

Superhero Thought Experiments Chris Gavalier,Nathaniel Goldberg,2019 What if there's an alternative universe with a different moral code? What if we are being deceived by an evil genius? Examining the deep philosophical topics addressed in superhero comics, this entertaining book reads plot lines for the complex thought experiments they contain and analyzes their implications as if the comic authors were philosophers. In doing so, authors Chris Gavalier and Nathaniel Goldberg--a comics expert and a philosophy scholar, respectively--find that superhero comics often depict philosophical thought experiments more fully than philosophers do, and with surprising results. For example, René Descartes briefly worries that we are being deceived by an evil genius, but Marvel Comics explores this concern--and its consequences--over decades. Similarly, in a few paragraphs philosophers Terry Horgan and Mark Timmons imagine a moral twin earth with deviant morality, while DC Comics dedicates multiple comics to different moral twin earths in which readers see multiple deviant moralities play out--

LEGO DC Comics Super Heroes Character Encyclopedia DK,2016-04-05 This awesome LEGO book features all your favorite LEGO DC Comics™ Super Heroes minifigures, including LEGO Batman, LEGO Superman and all their friends and foes. The Secret History of Wonder Woman Jill Lepore,2015-07-07 Within the origin of one of the world’s most iconic superheroes hides a fascinating family story—and a crucial history of feminism in the twentieth-century. “Everything you might want in a page-turner ... skeletons in the closet, a believe-it-or-not weirdness in its biographical details, and something else that secretly powers even the most “serious” feminist history—fun.” —Entertainment Weekly The Secret History of Wonder Woman is a tour de force of intellectual and cultural history. Wonder Woman, Jill Lepore argues, is the missing link in the history of the struggle for women’s rights—a chain of events that begins with the women’s suffrage campaigns of the early 1900s and ends with the troubled place of feminism a century later. Lepore, a Harvard historian and New Yorker staff writer, has uncovered an astonishing trove of documents, including the never-before-seen private papers of Wonder Woman’s creator, William Moulton Marston. The Marston family story is a tale of drama, intrigue, and irony. In the 1920s, Marston and his wife brought into their home Olive Byrne, the niece of Margaret Sanger, one of the most influential feminists of the twentieth century. Even while celebrating conventional family life in a regular column that Marston and Byrne wrote for Family Circle, they themselves pursued lives of extraordinary nonconformity. Marston, internationally known as an expert on truth—he invented the lie detector test—lived a life of secrets, only to spill them on the pages of Wonder Woman. Includes a new afterword with fresh revelations based on never before seen letters and photographs from the Marston family’s papers, and 161 illustrations and 16 pages in full color.

Invisible Michele Lent Hirsch,2018-02-27 Already appearing on must-read lists for Bitch, PopSugar, BookRiot, and Autostraddle, this is an exploration of women navigating serious health issues at an age where they're expected to be healthy, dating, having careers and children. Miriam’s doctor didn’t believe she had breast cancer. She did. Sophie navigates being the only black scientist in her lab while studying the very disease, HIV, that she hides from her coworkers. For Victoria, coming out as a transgender woman was less difficult than coming out as bipolar. Author Michele Lent Hirsch knew she couldn’t be the only woman who’s faced serious health issues at a young age, as well as the resulting effects on her career, her relationships, and her sense of self. What she found while researching Invisible was a surprisingly large and overlooked population with important stories to tell. Though young women with serious illness tend to be seen as outliers, young female patients are in fact the primary demographic for many illnesses. They are also one of the most ignored groups in our medical system—a system where young women, especially women of color and trans women, are invisible. And because of expectations about gender and age, young women with health issues must often deal with bias in their careers and personal lives. Not only do they feel pressured to seem perfect and youthful, they also find themselves amid labyrinthine obstacles in a culture that has one narrow idea of womanhood. Lent Hirsch weaves her own harrowing experiences together with stories from other women, perspectives from sociologists on structural inequality, and insights from neuroscientists on misogyny in health research. She shows how health issues and disabilities amplify what women in general already confront: warped beauty standards, workplace sexism, worries about romantic partners, and mistrust of their own bodies. By shining a light on this hidden demographic, Lent Hirsch explores the challenges that all women face.

Last Night, a Superhero Saved My Life Liesa Mignogna,2016-06-07 As broad as our exponentially growing cultural fascination with caped crusaders is, it runs just as deep as this long awaited anthology underscores. Liesa Mignogna the VP, Editorial Director at Simon Pulse and editor of this anthology can expound on the virtues of Batman (her wedding was even Batman-themed) but it's her retelling of incredibly harrowing yet ultimately inspiring encounters with The Dark Knight over the years, as she struggled to coexist with the supervillains in her own family that birthed this collection. Last Night, A Superhero Saved My Life gives readers the chance to connect to their beloved authors, while those same authors connect to their beloved superheroes, and within that feedback loop of respect and admiration lies a stellar, and phenomenally accessible, anthology full of thrills, chills, and spills. Contributors include New York Times bestsellers Christopher Golden, Leigh Bardugo, Brad Meltzer, Neil Gaiman, Carrie Vaughn, Jodi Picoult, and Jamie Ford, as well as award-winners and mainstays like Joe R. Lansdale, Karina Cooper, and Ron Currie, Jr among many others. Last Night, A Superhero Saved My Life's authors share their most hilarious and most heart wrenching experiences with their chosen defender to explain why superheroes matter, what they tell us about who we are, and what they mean for our future.

Wonder Woman '77 Meets The Bionic Woman Collection Andy Mangels,2017-10-18 Wonder Woman and the Bionic Woman, the most beloved female icons of 1970s television, come together for globe-trotting action against their worst enemies! Diana Prince and Jaime Sommers team up to fight a rogue cabal bent on wreaking havoc and stealing deadly weapons. Can CASTRA be stopped before their real targets are revealed and lives are lost? And what three familiar villains threaten the unbeatable combination of bracelets and bionics? Bestselling author Andy Mangels (Star Trek, Star Wars) and artist Judit Tondora (Grimm Fairy Tales) join forces for a celebration of the original Girl Power! Collects issues 1-5.

Batman Donald Lemke,2010-03-15

Jets Mark Morris,2005 Explains what jets are, how they work, how they were invented, how they are made, and the various types of jets that exist.

Superman and Wonder Woman Plus Collectibles James Hill,James Andrews,Neal Bailey,Jake Black,Matthew Manning,2019-08-13 Illustated guidbook featuring the stories of Superman and Wonder Woman, from their origins to their toughest conflicts, packaged with five inch tall vinyl figurines! Featuring classic tales, timelines, and iconic comic book covers, plus an account of their friendship, romance, and collaboration in the ongoing war against global super villains. The guide comes complete with two five inch 1:14 scale figurines of Superman and Wonder Woman, sculpted in an iconic pose. The figurines are made of vibrantly coloured vinyl and are produced in association with DC. In just over 75 years, Superman and Wonder Woman have risen to become two of the most recognizable faces in fantasy. He was rocketed to Earth from the dying world of Krypton and given superpowers by our yellow sun. She was gifted qualities by the Greek Gods, stronger than Hercules, wiser than Athena... Wonder Woman and Superman always seemed to have a special understanding. They are both, by far, the most physically powerful heroes on Earth. And they are both outsiders. This understanding has resulted in a close friendship between the two, and has sometimes evolved into something more. Celebrating not only the rich creative history of these two icons, but the work of the writers and artists that have breathed life into them, this guide features work from such immortal talents as Jerry Siegel and Joe Shuster, John Byrne and Jim Lee.

Wonder Woman 1984: The Junior Novel Calliope Glass,2020-07-07 Wonder Woman 1984 is set to hit theaters in fall 2020, from Warner Bros. Pictures, and will see the return of Gal Gadot as Wonder Woman and Chris Pine as Steve Trevor, with Kristen Wiig joining the cast as friend turned foe Barbara Minerva, aka The Cheetah! Wonder Woman 1984: The Junior Novel retells the action-packed adventure of the movie and features eight pages of color photos from the film! An all-new chapter in the Wonder Woman story . . . Diana Prince has been living quietly among mortals in the era of excess: the 1980s. Though she’s come into her full powers, she maintains a low profile, curating ancient artifacts at the Smithsonian and performing heroic acts incognito. But now Diana will have to step directly into the spotlight and muster all her wisdom, strength, and courage to battle villains Max Lord and The Cheetah and save humankind from a world of its own making, proving she is a hero for our time, for all time, for everyone.
