Evolution of the USAF Strategic Nuclear Bomber Deterrent George J. Refuto, 2023-04-28 About the Book In this research study, former Defense Department consultant George Refuto traces the technological evolution of USAF long-range strategic nuclear bomber aircraft during and after the Cold War, as well as the development of their missions and utilization of US nuclear bombers in 21st century regional and global military threat scenarios. Five distinct periods are covered in this study: World War I (1914-1918), the Interwar Period (1919-1939), World War II (1939-1945), the Cold War (1946-1991), and the Post-Cold War Period (1991-present), with an emphasis on the latter two. In his writing, Refuto focuses on developing a model that encompasses bombing and air defense for each period, and showing how concepts, technologies, and implementations of strategic bombing have changed and influenced the current level of development of the USAF strategic nuclear bomber force and doctrine, and what is projected for the future. About the Author George J. Refuto is a former Defense Department consultant who has extensive academic and professional experience in the fields of military history, weapon systems technology, intelligence-surveillance-reconnaissance systems, and US national security/defense policy. He has worked in both the defense and intelligence communities, and holds a master's degree in International Affairs from Columbia University, with specializations in US/USSR strategic and theater/tactical nuclear forces, undersea and airborne naval weapons systems, and Russian-Soviet politics. He has previously published *Evolution of the US Sea-based Nuclear Missile Deterrent: Warfighting Capabilities* and is working on a third book on the US ICBM deterrent.

Practical Aspects of Trapped Ion Mass Spectrometry, Volume IV Raymond E. March, John F.J. Todd, 2010-05-25 Reflecting the substantial increase in popularity of quadrupole ion traps and Fourier transform ion cyclotron resonance (FT-ICR) mass spectrometers, *Practical Aspects of Trapped Ion Mass Spectrometry, Volume IV: Theory and Instrumentation* explores the historical origins of the latest advances in this expanding field. It covers new methods for trapping ions, such as the Orbitrap™, the digital ion trap (DIT), the rectilinear ion trap (RIT), and the toroidal ion trap; the development and application of the quadrupole ion trap (QIT) and the quadrupole linear ion trap (LIT); and the introduction of high-field asymmetric waveform ion mobility spectrometry (FAIMS). After a combined appreciation and historical survey of mass spectrometry and a discussion of how improved capabilities for microfabrication have led to interest in arrays of ion traps, the book examines the theory and practice of the Orbitrap mass analyzer, the rectangular waveform-driven DIT mass spectrometer, FAIMS, and ion traps with circular geometries. It next discusses ion accumulation for increasing sensitivity in FT-ICR spectrometry, a radio frequency-only-mode event for Penning traps in FT MS, and an FT operating mode applied to a 3D-QIT. The text then presents three behavioral aspects of quadrupole rod sets, before illustrating the development of the 3D-QIT in recent years. The final chapters explore photodissociation in ion traps and the chemical and photochemical studies of metal dication complexes in a 3D-QIT. In this volume that spans twenty-one chapters, a stellar panel of leading experts and up-and-coming researchers presents a cohesive, global, and up-to-date view of the practical aspects of using trapped ion devices. A companion to *Volume V: Applications of Ion Trapping Devices*, the book authoritatively covers the theory involved as well as the instrumentation currently used in this dynamic field.

Lead Me, I Dare You! Sherrell Bergmann, Judith Brough, 2013-10-02 This original book shows you how to understand and collaborate with the most difficult members of your staff. Tied together by real-world success stories about school change and succinct leadership tips, the practical advice in this book is supported by research and is presented in a conversational style.

Indians of the Pacific Northwest Ruth Underhill, 1945

The Crow Indians , 1983-01-01 For nearly ten years between 1907 and 1931, anthropologist Robert H. Lowie lived among the Crow Indians, listening to the old men and women tell of times gone forever. Lowie learned much about what had been, and still was, a society remarkable for its

variability and cohesion, and for its resistance to the encroachments of white civilization. Written with clarity and vigor, Lowie's study makes instantly accessible what had taken him years to discover. He sacrificed neither personal sensitivity nor narrative skill to scientific scruples, but brought his scientific work to life. Crow religion, ceremonies, taboos, kinship bonds, tribal organization, division of labor, codes of honor, and rites of courtship and wedlock receive their due. *The Crow Indians* is a masterpiece of ethnography, foremost for Lowie's portrayal of the different personalities he encountered: Gray-bull and his marital troubles; the great visionary Medicine-crow; Yellow-brow, the gifted storyteller; and many more.

The Hexan Protocol Ralph A. Gilson, 2002-05 The Hexan Protocol is the epic saga of a love that crossed planets, endured the ravages of galactic war and culminated in the birth of Aleena, the half-Martian, half-Jupiterran girl who would one day rule Mars, the most powerful planet in the galaxy. Follow the gripping story of two people sharing their forbidden love. Be onboard with special assault teams as they carry out daring rescue attempts. Watch the miracle of birth and future growth of the next Martian Princess. Be there at the climactic battle that will determine the fate of the known universe. The Hexan Protocol delivers a fast-paced action adventure sure to please science fiction fans of all ages.

The Spirit of Islamic Law Bernard G. Weiss, 2006 Focuses on a Muslim legal science known in Arabic as *usul al-fiqh*. Whereas the kindred science of *fiqh* is concerned with the articulation of actual rules of law, this science attempts to elaborate the theoretical and methodological foundations of the law. It outlines the features of Muslim juristic thought.

The Crow Indians Robert Harry Lowie, 2004-01-01 First published in 1935, *The Crow Indians* offers a concise and accessible introduction to the nineteenth-century world of the Crow Indians. Drawing on interviews with Crow elders in the early twentieth century, Robert H. Lowie showcases many facets of Crow life, including ceremonies, religious beliefs, a rich storytelling tradition, everyday life, the ties of kinship and the practice of war, and the relations between men and women. Lowie also tells of memorable individuals, including Gray-bull, the great visionary Medicine-crow, and Yellow-brow, the gifted storyteller. The Crow nation today is vital and active, creatively blending the old and the new. The way of life recounted in these pages provides insight into both the historical foundation and the enduring, vibrant heart of the Crow people in the twenty-first century.

Immigrant and Asylum Seekers Labour Market Integration upon Arrival: NowHereLand Irina Isaakyan, Anna Triandafyllidou, Simone Baglioni, 2022-11-18 Through an inter-subjective lens, this open access book investigates the initial labour market integration experiences of these migrants, refugees or asylum seekers, who are characterised by different biographies and migration/asylum trajectories. The book gives voice to the migrants and seeks to highlight their own experiences and understandings of the labour market integration process, in the first years of immigration. It adopts a critical, qualitative perspective but does not remain ethnographic. The book rather refers the migrants' own voice and experience to their own expert knowledge of the policy and socio-economic context that is navigated. Each chapter brings into dialogue the migrant's intersubjective experiences with the relevant policies and practices, as well as with the relevant stakeholders, whether local government, national services, civil society or migrant organisations. The book concludes with relevant critical insights as to how labour market integration is lived on the ground and on what migrants 'do' with labour market policies rather than on what labour market policies 'do' to or for migrants.

A Doubt resolved, or Satisfaction for the seekers. Wherein the case touching an administrator of Gospel ordinances, in these times, is handled. Wherein also some other questions are ... touched, viz. Democracy and the Role of Associations Sigrid Rossteutscher, 2005-03-11 Voluntary associations have been presented as a solution to

political apathy and cynicism towards representative democracy. The authors collected in this volume, however, argue that these claims require more robust substantiation and seek to critically examine the crucial link between the associative sector and the health of democracy. Focusing on the role of context and using diverse approaches and empirical material, they explore whether these associations in differing socio-political contexts actually undermine rather than reinvigorate democracy.

Star Wars Insider: The Fiction Collection Volume 1 Ryder Windham, Christie Golden, Timothy Zahn, Michael Reaves, Maya Kaathryn Bonhoff, Matthew Stover, David J. Williams, Mark S. Williams, Jason Fry, Jeff Grubb, Karen Miller, Ari Marmell, John Ostrander, Alexander Freed, John Jackson Miller, 2021-04-07 18 fully illustrated short stories. Darth Vader confronts a mysterious face from Anakin Skywalker's past... Lando Calrissian faces the terrifying firepower of an Imperial walker... The Empire's stormtroopers ruthlessly pursue survivors from Alderaan... A squadron of B-wing fighters engage in a desperate mission during the Battle of Endor... This volume features a diverse collection of short stories which chronicle the exploits of intriguing assorted side characters along with some of the more familiar names in the saga, including Lando Calrissian, Han Solo, and Darth Vader. The tales include Legends stories - from the continuity pre-2014 - such as a moving tale of Darth Vader reuniting with an old acquaintance, a dark story with the mysterious Darth Plagueis, and an edge-of-your-seat adventure with Han Solo and Chewbacca in action aboard the Millennium Falcon. From the current lore - 2015 to present - there are tales of Blade Squadron, the pilots of the Rebel Alliance's B-wing starfighters, as they strike out against the Empire; the story of Darth Vader and the Emperor making a surprise inspection of an Imperial facility; and a gripping tale of survivors of Alderaan evading the Empire's stormtroopers.

Seeker Small Groups Garry Poole, 2003 Principles and methods for effectively launching a seeker small group. Best-selling author and evangelism expert Lee Strobel describes seeker small groups as 'One of the most powerful and effective tools in evangelism.' A seeker small group is facilitated by a Christian leader, but group members are seekers---non-Christians investigating Christianity. The group provides a safe context for seekers and believers to ask questions and dialogue about faith. This highly transferable model can be implemented by all kinds of ministries with a wide range of evangelistic styles and strategies. As believers complete evangelism courses such as Becoming a Contagious Christian, they are motivated to reach out to others but often feel they lack opportunities to interact with non-Christians. Seeker Small Groups is the missing evangelism tool churches need to fill the gap between evangelism training and real-life opportunities for engaging seekers in life-changing spiritual discussions. The book presents a detailed, step-by-step process for launching seeker small groups strategy in a wide variety of settings. The groups are for seekers whether or not they are attending church. Numerous stories and illustrations provide inspiration and encouragement so readers are not only equipped but also motivated to launch their own seeker groups.
