Management Policies in Local Government Finance John R. Bartle,W. Bartley Hildreth,Justin Marlowe,2013 At a time when the slow pace of economic recovery and continuing reductions in state and federal assistance underscore our need for strong leadership in financial management, this volume offers a deeper understanding of financial theory and practice for its own sake.

Illusions of Equality (International Library of the Philosophy of Education Volume 7) David Cooper,2010-02-25 Educational policy and discussion, in Britain and the USA, are increasingly dominated by the confused ideology of egalitarianism. David E. Cooper begins by identifying the principles hidden among the confusions, and argues that these necessarily conflict with the ideal of educational excellence - in which conflict it is this ideal that must be preserved. He goes on to criticize the use of education as a tool for promoting wider social equality, focussing especially on the muddles surrounding 'equal opportunities', 'social mix' and 'reverse discrimination'. Further chapters criticize the 'new egalitarianism' favoured, on epistemological grounds, by various sociologists of knowledge in recent years and 'cultural egalitarianism' according to which standard criteria of educational value merely reflect parochial and economic interests.

Remembering Lorna Nelson,Tina Rae,2004-09-01 `This book is easy to read and the accompanying computer CD of worksheets to print out is particularly useful' - Bereavement Care All children experience loss, often a death or a family separation; sometimes a friend moves away or a pet dies. Loss is the inevitable consequence of the positive experience of attachment. In this beautiful book Tina and Lorna offer teachers a resource that will support their understanding of the process and facilitate a range of activities which: - acknowledge the experience of loss - allow the expression of pain, fear, sadness - present the process as a shared experience - encourage communication - facilitate recovery. This range of sensitive, positive and emotionally literate activities can be used in whole class, small group or individual settings and sit well in several primary and secondary PSCE curriculum areas.

You're the One Angela Verdenius,2015-08-28 Something bad is happening around Gully's Fall, and RSPCA Inspector Moz Baylon is concerned about Del, the fiercely independent clothes shop owner. She's seeing more than is safe for her. One concerned warning, however, leads unexpectedly to a whole new level of awareness between them. Between two people, one spark can lead to a fire. When darkness falls, seeing too much can lead to danger

Table of Contents John McPhee,2011-04-01 First published in book form 1985, Table of Contents is a collection of eight pieces written by John McPhee between 1981 and 1984. Geographically and thematically, they range from Alaska to New Jersey, describing, for example, the arrival of

telephones in a small village near the Arctic Circle and the arrival of wild bears in considerable numbers in New Jersey, swarming in from the Poconos in search of a better life. The essays in this collection, which The New York Times called pretty close to flawless, offer an excellent introduction to the work of one of our finest writers.
