Phoenix Unbound Grace Draven,2018-09-25 In this USA Today bestselling novel, a woman with power over fire and illusion and the enslaved son of a chieftain battle a corrupt empire in this powerful and deeply emotional romantic fantasy. Every year, each village is required to send a young woman to the Empire's capital--her fate to be burned alive for the entertainment of the masses. For the last five years, one small village's tithe has been the same woman. Gilene's sacrifice protects all the other young women of her village, and her secret to staying alive lies with the magic only she possesses. But this year is different. Azarion, the Empire's most famous gladiator, has somehow seen through her illusion--and is set on blackmailing Gilene into using her abilities to help him escape his life of slavery. Unknown to Gilene, he also wants to reclaim the birthright of his clan. To protect her family and village, she will abandon everything to return to the Empire--and burn once more.

Programming Phoenix LiveView Bruce A. Tate,Sophie DeBenedetto,2021-09-30 The days of the traditional request-response web application are long gone, but you don't have to wade through oceans of JavaScript to build the interactive applications today's users crave. The innovative Phoenix LiveView library empowers you to build applications that are fast and highly interactive, without sacrificing reliability. This definitive guide to LiveView isn't a reference manual. Learn to think in LiveView. Write your code layer by layer, the way the experts do. Explore techniques with experienced teachers to get the best possible performance. Instead of settling for traditional manuals and tutorials, get insights that can only be learned from experience. Start with the Elixir language techniques that effortlessly marry your client templates and server-side handlers. Design your systems with the right layers in the right places so that your code is easier to understand, change, and support. Explore features like multi-part uploads and learn how to comprehensively test your live views. Roll into advanced techniques to tie your code to other services through the powerful publish-subscribe interface. LiveView brings the most important programming techniques from the popular Elm and JavaScript React frameworks to Elixir. You'll experience firsthand how to harness that power by working side by side with some of the first LiveView users. You will write your programs to change data on the server, and you'll see how LiveView efficiently detects those changes and reflects them on the web page. Don't settle for knowing how things work. To get the most out of LiveView, you need to know why they work that way. Co-authored by one of the most prolific authors and teachers in all of Elixir, this book is your perfect guide to one of the most important new frameworks of our generation. What You Need: Programming Phoenix LiveView uses Phoenix version 1.5, and any Elixir version compatible with it. You will also want PostgreSQL and JavaScript Node.

When We Lost Our Heads Heather O'Neill,2022-02-08 “Every decent friendship comes with a drop of hatred. But that hatred is like honey in the tea. It makes it addictive.” Charismatic Marie Antoine is the daughter of the richest man in 19th century Montreal. She has everything she wants, except for a best friend—until clever, scheming Sadie Arnett moves to the neighborhood. Immediately united by their passion and intensity, Marie and Sadie attract and repel each other in ways that thrill them both. Their games soon become tinged with risk, even violence. Forced to separate by the adults around them, they spend years engaged in acts of alternating innocence and depravity. And when a singular event brings them back together, the dizzying effects will upend the city. Traveling from a repressive finishing school to a vibrant brothel, taking readers firsthand into the brutality of factory life and the opulent lives of Montreal’s wealthy, *When We Lost Our Heads* dazzlingly explores gender, sex, desire, class, and the terrifying power of the human heart when it can’t let someone go.

Phoenix Series 10 Hero , Siamo alle battute finali. Cade Kaplan, nome in codice Hero, è in prigione per aver aiutato Angus e i suoi uomini. Davina Lee, come punizione per aver fatto altrettanto, è stata inviata in una missione quasi certamente suicida, in Nicaragua. Quando si perdono le sue tracce, solo una persona ha il coraggio di seguire il suo stesso destino, pur di avere una sola opportunità di riportarla a casa: Hero. “Sono Davina Lee, ho del rancore nei confronti di Cade, nasce da un sentimento profondo che non si è mai sopito del tutto e averlo lì con me nel momento più brutto...” “Sono Cade Kaplan, quella pazza si è fidanzata? E perché mai quell’uomo non ha il coraggio nemmeno di salvarla? Tocca a me farlo e forse, per la prima volta dopo dieci anni, possiamo finalmente parlare e sistemare le cose tra noi. Perché è così bella, che mi irrita ancora adesso averla vicino. Ma lei è sempre e, comunque, tutta la mia vita.” La missione che sembra suicida non solo si conferma tale, ma svela gli ultimi tasselli di un piano ordito parecchi anni addietro. Gli stralci di quest’ultimo finiranno per svelare chi ancora è libero, fuori da quella maledetta lista. Bentornati, per l’ultima volta, tra i Phoenix. Buona conclusione a tutti.

Phoenix Brad Prager,2019 Offers not only a close reading but also a film-historical contextualization of Phoenix, constituting the most significant and thorough study of Petzold's film to date.

Legend of the Phoenix Michael Barcus,2001-03 Come take the journey of a lifetime. See other worlds through the eyes of a child and, then through the eyes of the man that he becomes. Experience his joys, and his sorrows as he goes from a young child to the Phoenix.

Vanishing Phoenix Robert A. Melikian,2009 Lord Darrell Duppa, along with his friend Jack Swilling, suggested the name Phoenix for the city he had cofounded because it described a city born from the ruins of a former civilization. Settled on the ancestral lands of the Hohokam Indians, Phoenix was thriving by the early 1920s when craftsmanship and attention to detail were the orders of the day. Buildings were designed to welcome residents and travelers alike. Today the Fox Theater, the Clark Churchill House, the Kon Tiki Hotel, and the Fleming Building exist only in photographs and in the memories of Phoenix residents. The National Register of Historic Places and the Phoenix Historic Property Register have heightened public awareness and appreciation for the community's historic landmarks, but much has been lost already. Remembering these buildings and landmarks is essential to understanding this remarkable city.

X-Men Greg Pak,2006-05-31 The mysterious and powerful Phoenix Force is life incarnate, and yet it consumes whole worlds in a moment. The Sleeping Phoenix Patrick J. O'Brian,2006-07 One year after his hometown of Muncie, Indiana is invaded by terrorists bent on revenge, Sergeant Tim Packard takes a personal day to chaperone his daughter at a theme park. When a park guest dies right before his eyes, everyone thinks a tragic accident has occurred, but Packard knows better. His presence is the catalyst of an evil plan. A terrorist known as Chung-Hee Kim orders Packard to call his officers to the park under the threat of hundreds more dying. He calls Clay Branson, knowing his best officer's special training may be the only hope for the thousands of unsuspecting guests inside the park. Monitored by the terrorists, and under orders to go where they are told, the officers find the task of locating their new enemies nearly impossible. Packard learns the terrorist cell may have employees working inside the park, meaning he cannot trust anyone except his own men. A mysterious FBI agent tracks Branson to the park, adding yet another complication to Packard's investigation. Unable to escape watchful eyes, Packard must trust his officers to help him discover the truth before thousands of innocent people die.

Minorities in Phoenix Bradford Luckingham,1994-08-01 Phoenix is the largest city in the Southwest and one of the largest urban centers in the country, yet less has been published about its minority populations than those of other major metropolitan areas. Bradford Luckingham has now written a straightforward narrative history of Mexican Americans, Chinese Americans, and African Americans in Phoenix from the 1860s to the present, tracing their struggles against segregation and discrimination and emphasizing the active roles they have played in shaping their own destinies. Settled in the mid-nineteenth century by Anglo and Mexican pioneers, Phoenix emerged as an Anglo-dominated society that presented formidable obstacles to minorities seeking access to jobs, education, housing, and public services. It was not until World War II and the subsequent economic boom and civil rights era that opportunities began to open up. Drawing on a variety of sources, from newspaper files to statistical data to oral accounts, Luckingham profiles the general history of each community, revealing the problems it has faced and the progress it has made. His overview of the public life of these three ethnic groups shows not only how they survived, but how they contributed to the evolution of one of America's fastest-growing cities.

Phoenix Mack Story,Bren Briggs,2016-08-24 NOTE: PHOENIX is based on Mack's book, 10 Foundational Elements of Intentional Transformation: How to Become Your Best Self. In PHOENIX, the two teaching chapters in each of the 10 sections in each book are exactly the same. However, Mack's supporting stories of his personal transformation (the third chapter in each section) were taken out and replaced with supporting military stories gathered by Retired (28 years) Army Major Bren Briggs. Top Story Leadership (Mack Story) and The Eden Project (Bren Briggs) have collaborated to create PHOENIX as a resource for past and present members of the military who are transitioning into the civilian workforce. It will be a core element of The PHOENIX Project serving as a source of motivation and inspiration to help you climb your way to the next level and beyond as you continue your mission to intentionally create a better future for yourself. The PHOENIX Project is intended to help ENCOURAGE, ENGAGE, and EMPOWER you as you become more focused and intentional about moving from where you are to where you want to be. Your ability to effectively move from where you are to where you want to be in any area of your life will be determined by your ability to transform your thinking relative to that area of your life. When it comes to true transformation, if you don't go within, you will go without. You are the key to your own success. You can decide at any moment to hit the reset button. All of us are somewhere, but most of us want to be somewhere else. However, we don't always know how to get there. Mack's in depth knowledge of personal growth and leadership principles combined with Bren's in depth military experience will help you transition from where you are to where you want to be. You will learn how to move forward as you learn to navigate the 10 foundational layers of transformation. 1. Thought is the foundation of Choice. 2. Choice is the foundation of Vision. 3. Vision is the foundation of Hope. 4. Hope is the foundation of Sacrifice. 5. Sacrifice is the foundation of Discipline. 6. Discipline is the foundation of Growth. 7. Growth is the foundation of Change. 8. Change is the foundation of Success. 9. Success is the foundation of Significance. 10. Significance is the foundation of Legacy. Mack and Bren also speak together on this subject to active duty military members preparing for transition, to military veterans who want to be more effective during their continued integration into the civilian workforce, and to wounded warriors as they transition back into the civilian workforce.
