About Photography Andrea Scala,2012-06 Many people, from the beginning at today, have talked about Photography. Everyone telling a different story in a very personal way. So Baudelaire talked against Photography because he thought it wasn't and would never be an Art. Someone thought otherwise. Avedon said that if he didn't do every day something related to photography, it was just like if he had forgotten to wake up. I started collecting quotes about Photography almost 10 years ago. I'm sure I can learn so much, about people and photography, if I can understand the mood and feelings of people when they discover and approach to Photography. There is something very deep and emotional about photography and one can choose to love or hate it but not ignore it. In this book I've selected over 400 quotes from famous people somehow related to photography. Famous people that had something to say... About Photography.

Heavy Helene A. Shugart,2016 The current obesity epidemic has been at the top of the national and, increasingly, global public agenda for the last decade, the subject of extensive and intensive concern, scrutiny, and corrective efforts from various quarters. In the United States, much of this attention is predicated on the official discourse, or story, of obesity-that it is a matter of personal responsibility, specifically to the end of monitoring and ensuring appropriate caloric balance. However, even though it continues to have cultural presumption, that discourse does not resonate with the populace, which may explain why efforts of redress have been notoriously ineffective. In this book, Helene Shugart places obesity in cultural, political, and economic context, arguing that current anxieties regarding obesity reflect the contemporary crisis in neoliberalism, and that the failure of the official discourse of obesity mirrors the failure of neoliberalism more broadly: specifically, to account for authenticity, a powerfully resonant cultural concept today. She chronicles a number of competing discourses of obesity that have arisen in response to the failed official discourse, examining and evaluating each in relation to the idea of authenticity; assessing the practical and behavioral implications of each discourse for both obesity incidence and redress; and establishing the significance of each discourse for negotiating neoliberalism in crisis more broadly.

AWAKENING INTO UNITY Lee Temple,2017-03-23 This series summary/overview volume—Awakening into Unity—maps a big-picture view of the essential features of our intrinsic unity, and brings their immensity and importance within everyone’s easy, confident grasp. Perhaps more than any other series installment, it affords a grand, breathtaking journey hallmarked with many vital and inspiring stories. First, it presents the story of my life’s work and awakening into inspiring nuances of the unity perspective that I’m certain will help birth a vibrant, healed future. It also shares important aspects of unity uncovered through my extensive research into Big History – the specific mechanics of the universal creation process that made us and our world possible. I also share an integrative vision of how we humans have pursued a communion with this underlying oneness through time; via scientific, religious, spiritual, philosophic, environmental, indigenous perspectives, and more. This investigation ultimately delivers an expansive worldview and a compelling environmental ethic designed to help us re-ground our essentially creative human nature within the larger universal creation process. Significantly though, and far beyond simply presenting my own prescriptive sense of how this restorative planetary shift might best occur, Awakening into Unity chronicles myriad ways that others are already employing this perspective to turn our ship around. These are the stories of us in our striving billions, woven together in an informative, celebratory narrative that brings our diverse world-healing efforts alive, front and center, for all to see. This grand saga evidences and honors humanity moving past climate theory, discussion and debate into decisive, active engagement; the true global awakening and life-saving transformation that’s happening all around us in real time. Unifying threads of this holistic tapestry source from my own efforts and those of others in every facet and type of human entity on Earth today; the pivotal achievements of notable contributors seeking to co-create a better future. Together, these examples provide a wealth of wisdom and practical solutions helpful to all. Awakening into Unity thus captures the vital, living, unprecedented truth that all parts of our world are now rising and shining into a bright, new, Earth-healing day. No other movement, tradition, belief system, or collective enterprise can claim such broad-based evolutionary inclusiveness. Terragenesis, Gaia enthroned, is indeed here; her heart is beating; and she’s alive! Quite simply, and without exaggeration, this has become the single most important collective human effort ever undertaken, and the zeitgeist, the defining feature and spirit of our time. May this book serve as an energizing catalyst and helpful road map for our great leap. And may it help you move confidently into a brighter future filled with grace, intelligence, effectiveness, compassion, comradeship, integration, and Joy!

White Bird: A Wonder Story (A Graphic Novel) R. J. Palacio,2022-03-01 Soon to be a major motion picture, starring Helen Mirren and Gillian Anderson! R. J. Palacio’s unforgettable graphic novel debut is a story about the power of kindness and unrelenting courage in a time of war. SYDNEY TAYLOR AWARD WINNER • A NEW YORK PUBLIC LIBRARY BEST BOOK OF THE YEAR • NEW YORK TIMES BESTSELLER In R. J. Palacio's bestselling collection of stories Auggie & Me, which expands on characters in Wonder, readers were introduced to Julian's grandmother, Grandmère. Here, Palacio makes her graphic novel debut with Grandmère's heartrending story: how she, a young Jewish girl, was hidden by a family in a Nazi-occupied French village during World War II; how the boy she and her classmates once shunned became her savior and best friend. Sara's harrowing experience movingly demonstrates the power of kindness to change hearts, build bridges, and even save lives. As Grandmère tells Julian, It always takes courage to be kind, but in those days, such kindness could cost you everything. With poignant symbolism and gorgeous artwork that brings Sara's story out of the past and cements it firmly in this moment in history, White Bird is sure to captivate anyone who was moved by the book Wonder or the blockbuster movie adaptation and its message. Praise for White Bird: At once expressive and chaste, an elusive but ideal combination. —New York Times A story that shows the impact of the Second World War and the rise of fascism on what had been a pastoral, fairy-tale childhood, with White Bird pulling no punches in connecting that historical moment to what’s happening in the world today. —The Hollywood Reporter “Extraordinarily powerful.... White Bird does not shrink from depicting the terror and violence of the Nazi occupation for younger readers, and respects the ability of those readers to handle strong material.” —Forbes A must-read graphic novel that is both heart-rending and beautifully hopeful. —Kirkus Reviews, starred review R.J. Palacio brings to life the nature of heroism and the real risks we face today. —Meg Medina, Newbery award-winning author of Mercy Suarez Changes Gears Rare, superb, timely, and timeless. —Mark Siegel, author of the 5 Worlds graphic novel series
