The Wife Between Us: The First Four Chapters Greer Hendricks,Sarah Pekkanen,2017-10-03 "A clever thriller with masterful twists." – Karin Slaughter, New York Times bestselling author of *The Kept Woman* A fiendishly clever romantic thriller in the vein of *Gone Girl* and *The Girl on the Train*. This one will keep you guessing. –Anita Shreve, New York Times bestselling author of *The Stars are Fire* *The Wife Between Us* delivers a whip smart, twisty plot in a taut, pacy narrative. It's terrific and troubling. This is one scary love triangle where you won't know who to trust. I loved it. –Gilly Macmillan, New York Times bestselling author of *What She Knew* A twisty, mind-bending novel about marriage and betrayal. A gripping plot and fascinating characters; this book will keep you turning the pages and guessing until the very end. A must-read! –Lauren Weisberger, New York Times bestselling author of *The Devil Wears Prada* A novel of suspense from authors Greer Hendricks and Sarah Pekkanen that explores the complexities of marriage and the dangerous truths we ignore in the name of love. When you read this book, you will make many assumptions. You will assume you are reading about a jealous wife and her obsession with her replacement. You will assume you are reading about a woman about to enter a new marriage with the man she loves. You will assume the first wife was a disaster and that the husband was well rid of her. You will assume you know the motives, the history, the anatomy of the relationships. Assume nothing. Discover the next blockbuster novel of suspense, and get ready for the read of your life.

Manipulative Therapy in Rehabilitation of the Locomotor System Karel Lewit,1999 When first published in 1985, this book was readily welcomed by both students and practitioners of physical medicine. It was the first full English-language introduction to the work of a world authority in the field; it remains unique, but its success has prompted some revision. Completely revised for the third edition, this book continues to offer a thought-provoking account of musculoskeletal disorders which will deepen the understanding of all therapists.

The Politics of Public Utility Regulation William T. Gormley Jr.,1983-06-15
The Politics of Public Utility Regulation focuses on the important and increasingly controversial issues of utility regulation by combining a sophisticated understanding of these issues with a rigorous examination of various regulatory arrangements across the American states. It draws on interviews with participants in twelve states: public utility commissioners, commission staff members, utility company executives, governmental consumer advocates, and citizen activists. In addition to offering an up-to-date, comprehensive survey of regulatory politics at the state level, Gormley makes specific proposals for regulatory reform and emphasizes the importance (and difficulty) of assuring both expertise and accountability. Students of politics and public policy will find the state-level approach useful in

examining the strategies of the “New Federalism” that transfer more and more formerly federal responsibilities to the states.
