Figures of Authority in Nineteenth-Century Ireland Raphaël Ingelbien, Susan Galavan, 2020 This interdisciplinary collection investigates the forms that authority assumed in nineteenth-century Ireland, the relations they bore to international redefinitions of authority, and Irish contributions to the reshaping of authority in the modern age. At a time when age-old sources of social, political, spiritual and cultural authority were eroded in the Western world, Ireland witnessed both the restoration of older forms of authority and the rise of figures who defined new models of authority in a democratic age. Using new comparative perspectives as well as archival resources in a wide range of fields, the essays gathered here show how new authorities were embodied in emerging types of politicians, clerics and professionals, and in material extensions of their power in visual, oral and print cultures. These analyses often eerily echo twenty-first-century debates about populism, suspicion of scholarly and intellectual expertise, and the role of new technologies and forms of association in contesting and recreating authority. Several contributions highlight the role of emotion in the way authority was deployed by figures ranging from Daniel O'Connell to W.B. Yeats, foreshadowing the perceived rise of emotional politics in our own age. This volume demonstrates that many contested forms of authority that now look 'traditional' emerged from nineteenth-century crises and developments, as did the challenges that undermine authority.

The Palgrave Handbook of Contemporary Irish Theatre and Performance Eamonn Jordan, Eric Weitz, 2018-09-18 This Handbook offers a multiform sweep of theoretical, historical, practical and personal glimpses into a landscape roughly characterised as contemporary Irish theatre and performance. Bringing together a spectrum of voices and sensibilities in each of its four sections — Histories, Close-ups, Interfaces, and Reflections — it casts its gaze back across the past sixty years or so to recall, analyse, and assess the recent legacy of theatre and performance on this island. While offering information, overviews and reflections of current thought across its chapters, this book will serve most handily as food for thought and a springboard for curiosity. Offering something different in its mix of themes and perspectives, so that previously unexamined surfaces might come to light individually and in conjunction with other essays, it is a wide-ranging and indispensable resource in Irish theatre studies.

The Hidden Places of Wales Joanna Billing, 2003 This beautifully illustrated guide explores the country in a relaxed narrative style by guiding the reader to some of the established visitor attractions but also focusing on the more secluded and less well-known places of interest and places to stay, eat and drink. Also known as the Red Dragon, Wales is a country blessed with some of the most dramatic landscapes in Britain. To the north lies Snowdonia, a land of awe-inspiring mountains, wild moorlands and enchanting lakes. Further south the land is abundant with deep valleys and vast forests. Wales also has a rich cultural heritage full of myths and legends founded on Celtic ancestry but has an equally strong industrial past.

The Irish in Manchester c.1750-1921 Mervyn Busted, 2015-12-01 This book examines the development of the Irish community in Manchester, one of the most dynamic cities of nineteenth-century Britain. Based on research into a wide variety of local sources, it examines the process by which the Irish came to be blamed for all the ills of the Industrial Revolution and the ways in which they attempted to cope with a sometimes actively hostile

environment. It discusses the nature and degree of residential segregation in one notable Irish district and the role of the Catholic Church as a source of spiritual comfort and the base for a dense network of mutual aid and social and cultural organisations. It also examines how the Irish community allied itself with local campaign groups and political parties and organised celebrations and processions that simultaneously expressed its evolving sense of Irishness but fitted in with local traditions and customs.
