**The 1908 Olympic Games** Bill Mallon, Ian Buchanan, 2015-07-11

The 1908 Olympic Games were controversial. There was almost constant bickering among the American team and the British officials. Because of the controversies, the 1908 Olympics have been termed “The Battle of Shepherd’s Bush,” referring to the site of the Olympic Stadium. Reports of the 1908 Olympics have been rare and do not for instance contain full results for archery, track and field athletics, football (soccer), gymnastics, motorboating and shooting. A great deal of new information has been discovered by the authors, and this work gives complete results for all events. The information presented is based primarily on 1908 sources. For the first time, definitive word on the sites, dates, events, competitors, and nations as well as the event results are available for all of the 1908 Olympic events, including boxing, cycling, diving, fencing, field hockey, lacrosse, polo, raquets, swimming, lawn tennis, tug-of-war, weightlifting, wrestling and yachting, among other sports. A series of appendices include rarely seen information about the many controversies surrounding the Games.

Firearms control Great Britain: Parliament: House of Commons:

Home Affairs Committee,2010-12-20 The Home Affairs Committee reports that well-designed legislation which regulates and restricts the legal supply of firearms can help to reduce gun crime. The committee recognises that thousands of people use firearms responsibly for recreation and in their work. It has no intention of restricting such activity. However, the committee today concludes that interpreting and applying the current 34 pieces of legislation governing the control of firearms places an onerous burden on the police and on members of the public who wish to abide by the law, because it is so complex and confused. In particular, the committee recommends introducing one licensing system to cover all firearms which require a licence and identifies age restrictions on firearms use as a particular area of uncertainty. Although the majority of firearms-related crimes are not committed with licensed firearms, the committee is also concerned about the use of legally-owned weapons in domestic shootings, including those related to domestic abuse. The Committee has several recommendations including: a review of the minimum age limits on the use of firearms and eligibility for firearms certificates; recommends tighter restrictions and clearer guidance to the police on the granting of firearms and shotgun licences to individuals who have engaged in criminal activity; considering requiring the police to consult the domestic partners of licence applicants in making the decision as to whether to grant a licence; suggests that the Government considers requiring advocates raising the fees charged to applicants so that it covers the costs of licensing, to ensure that police

spending cuts do not jeopardise the rigour of the licensing process. Finally, the committee was concerned at evidence of the significant criminal threat posed by reactivated and converted firearms, in response to tighter regulations on genuine lethal weapons.

**Adventure Guide to Ireland** Tina Neylon,2004 Aiming at making the visitor a participant rather than just a spectator, The author succeeds admirably in her descriptions, from Ireland's pub life to its prehistoric sites, The spectacular Cliffs of Moher and kissing the Blarney Stone. Neylon takes us on a fabulous and thorough journey throughout this beautiful country. Where to stay is thoroughly researched, with choices from rentals to government-approved hostels, B&Bs and RV parks. The Irish author's book is a compilation of how best to enjoy the delights her country holds for visitors. --Edyth Shepard, Anton Community Newspapers. Excellent choice. This travel series is one of the best . The book is very well detailed and user-friendly. It's well priced, too, and a great bargain. I consider a good guidebook essential when visiting a new place and I was thrilled with this one. The writer is from Ireland And The book is filled with her insider knowledge. The photos and maps are great, As are the driving instructions. If you buy one guidebook to Ireland, then get this one - it has everything you need to know!!!! --A reader. I had the chance to take a look at the sample chapter (Dublin) that's available on your website and I have to say I am very impressed with layout and detailed information. I have long been a fan of the Lonely Planet Guides, but I compared your Dublin chapter To The one in Lonely Planet and am far more impressed with your guide. I look forward to reading through the rest of the guide when it arrives! --Ireland Tour

Operator. Ireland is steeped in history, tradition and culture, making it one of the most popular vacation destinations worldwide. Its story is told in centuries-old castles (some of which now welcome overnight guests); stone circles strategically placed to shine in the winter solstice moon; and, Of course, In its pubs, where local residents gladly share a pint and a tale. Its cities are a treat to explore, with winding streets packed with tiny antique stores. Trips along the coast take you to traditional fishing villages and past some of the world s best golf courses. This book, written by an Ireland native, tells it all.

Irish Travel ,1948

**The Canadian Encyclopedia** James H. Marsh,1999 This edition of The Canadian Encyclopedia is the largest, most comprehensive book ever published in Canada for the general reader. It is **COMPLETE**: every aspect of Canada, from its rock formations to its rock bands, is represented here. It is **UNABRIDGED**: all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume. It has been **EXPANDED**: since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones; as a result, the text from 1988 has grown by 50% to over 4,000,000 words. It has been **UPDATED**: the researchers and contributors worked hard to make the information as current as possible. Other words apply to this extraordinary work of scholarship: **AUTHORITATIVE, RELIABLE and READABLE**. Every entry is compiled by an expert. Equally important, every entry is written for a Canadian reader, from the Canadian point of view. The finished work - many years in the making, and the equivalent of forty average-sized books - is an extraordinary storehouse of information about our country. This book deserves pride of place on the bookshelf in every Canadian Home. It is no accident that the cover of this book is

based on the Canadian flag. For the proud truth is that this volume represents a great national achievement. From its formal inception in 1979, this encyclopedia has always represented a vote of faith in Canada; in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated. At the start of a new century and a new millennium, in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations, this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future. The statistics behind this volume are staggering. The opening sixty pages list the 250 Consultants, the roughly 4,000 Contributors (all experts in the field they describe) and the scores of researchers, editors, typesetters, proofreaders and others who contributed their skills to this massive project. The 2,640 pages incorporate over 10,000 articles and over 4,000,000 words, making it the largest - some might say the greatest - Canadian book ever published. There are, of course, many special features. These include a map of Canada, a special page comparing the key statistics of the 23 major Canadian cities, maps of our cities, a variety of tables and photographs, and finely detailed illustrations of our wildlife, not to mention the colourful, informative endpapers. But above all the book is encyclopedic - which the Canadian Oxford Dictionary describes as embracing all branches of learning. This means that (with rare exceptions) there is satisfaction for the reader who seeks information on any Canadian subject. From the first entry *A mari usque ad mare* - from sea to sea (which is Canada's motto, and a good description of this volume's range) to the *Zouaves* (who mustered in Quebec to fight for the beleaguered Papacy) there is the required summary of information, clearly and accurately presented. For the browser the constant variety of entries and the lure of regular

cross-references will provide hours of fascination. The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge. Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known. Yet now Canada's finest scientists, academics and specialists have distilled their knowledge of our country between the covers of one volume. The result is a book for every Canadian who values learning, and values Canada.

The Golf Guide Britain and Ireland FHG Staff, Hunter Publishing, 2005 Over 2,500 courses covered in detail. Hotels recommended by golfers, for golfers.

**General Catalogue of Printed Books** British Museum. Dept. of Printed Books, 1966

General Catalogue of Printed Books British Museum. Department of Printed Books, 1966

*The 10 Best of Everything* Nathaniel Lande, Andrew Lande, 2012 The ultimate travel guide offers an updated series of top-ten lists covering top sporting events, locations, hotels, restaurants, and Sunday afternoon excursions and more than thirty extraordinary trips and expeditions on every continent.

Ireland Tina Neylon, 2012-03-01 Designed to be used while you're on the go, Hunter's Pocket Adventures fit in your pocket with ease and make the perfect take-along reference. They contain all the practical travel information you need - places to stay and eat, tourist information resources, travel advice, emergency contacts and more - plus condensed sections on history and geography that give you good background knowledge of the destination. The authors are fascinated with the destination and their passion comes across in the text, which is lively, revealing and a pleasure to read.
