The SAGE Encyclopedia of Alcohol Scott C. Martin,2014-12-16 Alcohol consumption goes to the very roots of nearly all human societies. Different countries and regions have become associated with different sorts of alcohol, for instance, the "beer culture" of Germany, the "wine culture" of France, Japan and saki, Russia and vodka, the Caribbean and rum, or the "moonshine culture" of Appalachia. Wine is used in religious rituals, and toasts are used to seal business deals or to celebrate marriages and state dinners. However, our relation with alcohol is one of love/hate. We also regulate it and tax it, we pass laws about when and where it's appropriate, we crack down severely on drunk driving, and the United States and other countries tried the failed "Noble Experiment" of Prohibition. While there are many encyclopedias on alcohol, nearly all approach it as a substance of abuse, taking a clinical, medical perspective (alcohol, alcoholism, and treatment). The SAGE Encyclopedia of Alcohol examines the history of alcohol worldwide and goes beyond the historical lens to examine alcohol as a cultural and social phenomenon, as well—both for good and for ill—from the earliest days of humankind.

Brewing, Beer and Pubs I. Cabras,D. Higgins,D. Preece,2016-04-27 The production of beer today occurs within a bifurcated industrial structure. There exists a small number of large, global conglomerates supplying huge volumes of a limited range of beers, and a plethora of small and medium breweries producing a diverse range of beers sold under unique brands. *Brewing, Beer and Pubs* addresses a range of contemporary issues and challenges in this key sector of the global economy, and includes contributions by research specialists from a variety of countries and disciplines. This book includes the marketing and globalization of the brewing industry, beer excise duties and market concentration, and reflections upon developments in brewing and beer consumption across the world in order to explore the wide-reaching influence of this industry. Alongside these global topics more localised themes are presented such as market integration in the Chinese beer and wine markets, beer and brewing in Africa and South America, and turbulence and change in the UK public house industry, which demonstrate how the consumption of beer in pubs and other social environments make the beer industry integral to local communities and regions worldwide.
