Irma Irma Rosenthal Frankenstein, Ellen Fitzsimmons Steinberg, 2004-04 Ellen Steinberg's *Irma*, painstakingly crafted out of Irma Rosenthal Frankenstein's voluminous writings, gives us an inspiring and richly rewarding account of the life and times of an active, socially engaged woman who devoted herself to her family and her community over the course of a long and full life. Irma (1871-1966) was born in Chicago—just before the Chicago Fire—of German Jewish parents who had come to the U.S. shortly after the Civil War. Irma attended public schools and the University of Chicago, participated energetically in Jewish women's and social-welfare activities, raised her family, and published one poem and a small book. Irma's journals and diaries were private accounts in which she chronicled the rhythm of her days and the shape of her life. She recorded her thoughts and short quotations from her reading, jotted down her own poems and short stories, constructed dinner-party menus, and wrote biographical sketches of her family. Interspersed among the records of what she did when and with whom are a number of lengthy reflections on Chicago history, her early life, religious beliefs, education, her aspirations, disappointments, sorrows, and successes. She documented her family's activities during the Chicago Fire, the city's rebuilding, early educational curricula in the city's schools, what it was like to participate in the suffrage movement and vote for the first time, the effect of the Great Depression on the middle class, and World War II as seen from her perspective. In each chapter, Ellen Steinberg has set Irma's contemporary entries and later memoirs against the context of the Chicago history that Irma knew so well. Irma's story will fascinate those interested in diaries and autobiography, women's history, and Chicago history. From a plethora of rich source materials—including over half a million words of Irma's writings alone—Steinberg has created a seamless, fascinating narrative about a Chicago woman who, although “nobody famous” (in her words), lived a vital life in a vibrant city.

Making Tracks Scott Billington, 2022-06-16 From the 1980s through the early 2000s, a golden era for southern roots music, producer and three-time Grammy winner Scott Billington recorded many of the period's most iconic artists. Working primarily in Louisiana for Boston-based Rounder Records, Billington produced such giants as Irma Thomas, Charlie Rich, Buckwheat Zydeco, Johnny Adams, Bobby Rush, Ruth Brown, Beau Jocque, and Solomon Burke. The loving and sometimes irreverent profiles in *Making Tracks* reveal the triumphs and frustrations of the recording process, and that obsessive quest to capture a transcendent performance. Billington's long working relationships with the artists give him perspective to present them in their complexity—foibles, failures, and fabled feats—while providing a vivid look at the environs in which their music thrived. He tells about Boozoo Chavis's early days as a musician, jockey, and bartender at his mother's quarter horse track, and Ruth Brown's reign as the most popular star in rhythm and blues, when the challenge of traveling on the “chitlin' circuit” proved the antithesis of the glamour she exuded on stage. In addition, *Making Tracks* provides a widely accessible study in the craft of recording. Details about the technology and psychology behind the sessions abound. Billington demonstrates varying ways of achieving the mutual goal of a great record. He also introduces the supporting cast of songwriters, musicians, and engineers crucial to the magic

in each recording session. Making Tracks sings unforgettably like a from the vault discovery.

Climate Change in Wildlands Andrew J Hansen,William B Monahan,S. Thomas Olliff,David M. Theobald,2016-06-07 Scientists have been warning for years that human activity is heating up the planet and climate change is under way. We are only just beginning to acknowledge the serious effects this will have on all life on Earth. The federal government is crafting broad-scale strategies to protect wildland ecosystems from the worst effects of climate change. One of the greatest challenges is to get the latest science into the hands of resource managers entrusted with vulnerable wildland ecosystems. This book examines climate and land-use changes in montane environments, assesses the vulnerability of species and ecosystems to these changes, and provides resource managers with collaborative management approaches to mitigate expected impacts. *Climate Change in Wildlands* proposes a new kind of collaboration between scientists and managers--a science-derived framework and common-sense approaches for keeping parks and protected areas healthy on a rapidly changing planet.

Bound by Steel and Stone J. Bradford Bowers,2021-07-01 *Bound by Steel and Stone* analyzes the Colorado-Kansas Railway through the economic enterprise in the American West in the decades after the supposed 1890 closing of the frontier. In it, J. Bradford Bowers weaves a tale of reinvention against the backdrop of the newly settled West, showing how the railway survived in one form or another for nearly fifty years, overcoming competition from other railroads, a limited revenue base, and even more limited capital financing. Offering the Colorado-Kansas Railway as an example of how shortline railroads helped to integrate the rural landscape with the larger urban and economic world, Bowers reveals the constant adaptations driven by changing economic forces and conditions. He puts the railway in context of the wider environmental and political landscapes, the growing quarrying and mining business, the expansion of agriculture and irrigation, Progressive-era political reforms, and land development. In the new frontier of enterprise in the early twentieth-century American West, the railroad highlights the successes and failures of the men inspired to pursue these new opportunities as well as the story of one woman who held these fragile industries together well into the second half of the twentieth century. *Bound by Steel and Stone* is an insightful addition to the history of industrialization and economic development in Colorado and the American West.

Irma's Story Peter B. Gawenda,2012-07-17 "The compelling true story of the impassioned love shared between a south Texas woman of Hispanic descent and a German military officer." —Yvonne Freeman, PhD, professor, Department of Language, Literacy, and Intercultural Studies at the University of Texas at Brownsville After World War II, Peter, a handsome German pilot, met Irma, a beautiful Texan woman of Hispanic descent. It was love at first sight. Their meeting had been prophesized—for Irma by her grandmother and for Peter by a

palm reader—and together the couple would create an extraordinary life. *Irma's Story: American by Birth, Hispanic by Choice* chronicles Irma's life and the experiences of the "Texan Gawendas" during their tenure in the German military in Europe and the United States. Though Irma, accepted as an American while in Europe, faced discrimination in her home country and contended with the challenges of being a military wife, Peter's love and companionship remained constant. In his second book, Peter B. Gawenda, author of *The Children's War*, offers readers an insider's view of the joys that the marriage of two people—from two completely different worlds—can bring. Presenting the dynamics of racial issues against the backdrop of military life, the captivating story of Irma Lozano de Gawenda depicts a fearless, fiercely loyal woman willing to do anything for her family. Written with a passion that has spanned five decades, *Irma's Story* celebrates the strength of a once-in-a-lifetime love. "He thrills [readers] again, turning to his narrative gifts and rich trove of memories to tell another story with universal appeal—the power of enduring love." —Robert Becker, veteran journalist and former international wire news editor, *Houston Chronicle*

Sigmund Freud and his Patient Margarethe Csonka Michal Shapira, 2023-11-27 This book provides a historical analysis of one of Sigmund Freud's least-studied cases, published in 1920 as *The Psychogenesis of a Case of Homosexuality in a Woman*. Scholars of sexuality often focus on Freud's writings on male homosexuality, disregarding his views on homosexual women. This book serves as a corrective, renewing and reinvigorating interest in Freud, and demonstrating that his views on sexuality are as relevant today as ever. Part I introduces the case and explores Freud's attitudes towards lesbianism, radical among his medical colleagues in the early twentieth century. It also puts Margarethe Csonka, the patient, at its centre. Michal Shapira considers Freud's only treatment of a female homosexual and assesses Csonka's background life before and after the encounter. Part II expands the case beyond the scientific-medical purview of the times and looks at the new opportunities afforded to women and assimilated Jews through growing equality and the modernization of urban life in 1920s Vienna. This book places Csonka's case within the broader context of medical and psychological texts, Freud's own writings, Jewish and queer history, and modern Vienna's urban and art history. *Sigmund Freud and his Patient Margarethe Csonka* will be of great interest to psychoanalysts in practice and in training, and to readers interested in the history of gender and sexuality, feminism, modern European and urban history, the history of psychoanalysis, science and medicine, and the history of ideas.

Talking New Orleans Music Burt Feintuch, 2015-10-23 In New Orleans, music screams. It honks. It blats. It wails. It purrs. It messes with time. It messes with pitch. It messes with your feet. It messes with your head. One musician leads to another; traditions overlap, intertwine, nourish each other; and everyone seems to know everyone else. From traditional jazz through rhythm and blues and rock 'n' roll to sissy bounce, in second-line parades, from the streets to clubs and festivals, the music seems unending.

In *Talking New Orleans Music*, author Burt Feintuch has pursued a decades-long fascination with the music of this singular city. Thinking about the devastation--not only material but also cultural--caused by the levees breaking in 2005, he began a series of conversations with master New Orleans musicians, talking about their lives, the cultural contexts of their music, their experiences during and after Katrina, and their city. Photographer Gary Samson joined him, adding a compelling visual dimension to the book. Here you will find intimate and revealing interviews with eleven of the city's most celebrated musicians and culture-bearers--Soul Queen Irma Thomas, Walter Wolfman Washington, Charmaine Neville, John Boutté, Dr. Michael White, Deacon John Moore, Cajun bandleader Bruce Daigrepoint, Zion Harmonizer Brazella Briscoe, producer Scott Billington, as well as Christie Jourdain and Janine Waters of the Original Pinettes, New Orleans's only all-woman brass band. Feintuch's interviews and Samson's sixty-five color photographs create a powerful portrait of an American place like no other and its worlds of music.

Why Willie Mae Thornton Matters Lynnée Denise,2023-09-12 Willie Mae Big Mama Thornton is best-known for two songs covered by white rock 'n' roll

stars (Elvis Presley, Hound Dog; Janis Joplin, Ball 'n' Chain) but she is unquestionably one of the great blueswomen of her generation. She embodies some of the clichés of the blues, too: Born in the South, raised in the church, appropriated by white performers, hard drinking, relatively early death, big nickname, buried in an indigent's grave. Lynnée Denise's *Why Willie Mae Thornton Matters* pushes past the stereotype to explore what she means to a young, Black, queer DJ of today who considers her an important musical ancestor in my line of work. The chapters in this book are thematic, but there's a chronology underlying them that keeps readers oriented. The first chapter, for instance, works with a concept of mothering, and covers Thornton's upbringing. Subsequent chapters explore how Thornton was shaped by growing up in the Black belt of Alabama, how her discography is evidence of her artistic range, how her touring (and relocating to Houston and Los Angeles) created musical migrations, how her musical collaborators shaped her and how she shaped them, Alice Walker's short story 1955, (which imagines Thornton and Elvis Presley meeting one another), how her success on the chitlin' circuit undermines the perception of that space as anti-queer, her on-stage improvisation as key to her lyricism, her gospel album, and her legacy--
