How to Avoid a Climate Disaster Bill Gates, 2021-02-16 #1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

Under the Sheik's Protection C. J. Miller, 2014-08-05 A sexy sheik finds forbidden love in C.J. Miller's tale of international intrigue After an uncharacteristic night of passion, event coordinator Sarah Parker learns her mystery lover is Sheik Saafir, her new client and the target of an assassination plot. But the darkly handsome royal has an appeal the sensible Sarah can't ignore, even when she's

caught in the cross fire. Honor bound, Saafir has agreed to an arranged marriage to unite the feuding factions in his country and then he kisses the surprising American. Now, dodging bullets is nowhere near as dangerous as the attraction that puts his sense of duty at war with his heart. But can he walk away from Sarah even to save his life and hers?

Travels in the Atlas and Southern Morocco Joseph Thomson, 1889 In introducing this book to the reader, little need be said. It is nothing more than what it pretends to be - a Personal Narrative of Exploration. It does not claim to be a book on Morocco, and consequently may appear in many respects to be very defective. To write such a book was originally my ambition when I turned my attention to that remarkable country, but the abrupt and premature conclusion of my travels has made me perforce alter my intention, and devote myself to recording only something of what we saw and experienced in the parts in which we travelled. It has, moreover, been as much my object to sketch pictures as to chronicle facts. For the same reason this book has been made a personal narrative, with its inevitable frequent use of the first person singular or plural--Preface.

The Real Cool Killers Chester Himes, 2011-07-27 The book that Walter Kirn said was like "Hieronymus Bosch meets Miles Davis (The New York Times). • Coffin Ed Johnson and Grave Digger Jones get personally involved in a gang dispute in one of the most provocative cases in Chester Himes's groundbreaking Harlem Detectives series. Many people had reasons for killing Ulysses Galen, a big Greek with too much money and too great a liking for young black girls. But there are complications—like Sonny, found standing over the body, high on hash, with a gun in his hand that fires only blanks; a gang called the Moslems; a disappearing suspect; and the fact that Coffin Ed's daughter is up to her pretty little neck in the whole explosive business.

The Essential Harlem Detectives Chester Himes, 2024-03-12 The New York Times Book Review Editors' Choice • A one-volume selection of four novels in the legendary detective series—blistering, groundbreaking capers set in Harlem's criminal underworld—by master crime writer Chester Himes. With an introduction by New York Times bestselling author S.A. Cosby. "[Himes] put a spin on crime fiction—emphasizing urban atmosphere, street smarts, and uptown carryings-on—unlike anything the

genre had previously seen.” —The Boston Globe “Himes’s Harlem saga vies with the novels of David Goodis and Jim Thompson as the inescapable achievement of postwar American crime fiction.” —The New York Times His implacable drive to examine the Black experience, the disingenuous nature of the American Dream, the reality of pain and sorrow and what it does to the soul, that is what makes [Himes] the bard of the existential African American psyche. —S.A. Cosby, from his Introduction Here in one volume is an exceptional selection from Chester Himes's acclaimed Harlem Detectives series. Winner of France's prestigious Grand Prix de Littérature Policière and lauded by Jean Cocteau as a prodigious masterpiece, *A Rage in Harlem* introduces detectives Grave Digger Jones and Coffin Ed Johnson in a searing escapade. In *The Real Cool Killers*, the duo investigates a shooting and discovers an unsettling personal connection. In *The Crazy Kill*, a man is found in a breadbasket, stabbed to death, leaving Himes's detectives to find out who among the many suspects did it. And in *Cotton Comes to Harlem*, the brazen robbery of a notorious con man running a back-to-Africa scam sets off a hunt for a bale of Southern cotton. These masterful novels exhibit Himes's evocative, baroque descriptions of Black life in Harlem and his famously blistering social commentary. Everyman's Library pursues the highest production standards, printing on acid-free paper, with full-cloth cases with two-color foil stamping, decorative endpapers, silk ribbon markers, European-style half-round spines, and a full-color illustrated jacket. Contemporary Classics include an introduction, a select bibliography, and a chronology of the author's life and times. The best writer of mayhem yarns since Raymond Chandler. —San Francisco Chronicle
