Unlimited Selling Power Donald Moine,Kenneth Lloyd,1990-03-01 Provides salespeople with information on hypnotic techniques and how to use them in sales presentations and script books to win the customer's trust and make sales.

The Unfair Advantage Duane Lakin Ph D,2012-04 The Unfair Advantage: Sell with NLP! is a book for people who want new skills to influence others, who know that all selling is personal, and who see the need to sell themselves more effectively. It is for people who want to have an advantage in everything that they say, write and do. It is for YOU if you want to find an edge--an advantage--in your work life. Much of The Unfair Advantage: Sell with NLP! is based on NLP (neurolinguistic programming) skills. But NLP is much more and much less than what is seen in this book. The techniques and skills here have been fine-tuned by the author for the last 30 years for only one purpose: to help sales and marketing professionals be more effective and successful. This book will teach you how to sell YOU, understand your prospects, and lead the sales process. The Revised Edition contains two new chapters that were not included in the 2000 edition (Mindsets or Metaprograms and Handling Objections). That is the only major change in the Revised Edition other than format and pricing.

Words that Change Minds Shelle Rose Charvet,1997

Frogs Into Princes Richard Bandler,John Grinder,1990 This work covers Neuro Linguistic Programming (NLP), a model of human experience and communication. Using the principles of NLP, the book asserts that it is possible to describe any human activity in a detailed way that allows the reader to make many changes quickly and easily. It claims that using the techniques of NLP one can learn to: cure phobias and other unpleasant feeling responses; help children and adults with learning disabilities overcome these limitations; eliminate unwanted habits, eg. smoking, drinking, over-eating and insomnia; and make changes in the interactions of couples, families and organizations so that they function in ways that are more satisfying and productive.

You Are Not Your Brain Jeffrey Schwartz MD,Rebecca Gladding MD,2012-06-05 Two neuroscience experts explain how their 4-Step Method can help identify negative thoughts and change bad habits for good. A leading neuroplasticity researcher and the coauthor of the groundbreaking books *Brain Lock* and *The Mind and the Brain*, Jeffrey M. Schwartz has spent his career studying the human brain. He pioneered the first mindfulness-based treatment program for people suffering from OCD, teaching patients how to achieve long-term relief from their compulsions. Schwartz works with psychiatrist Rebecca Gladding to refine a program that successfully explains how the brain works and why we often feel besieged by overactive brain circuits (i.e. bad habits, social anxieties, etc.) the key to making life changes that you want—to make your brain work for you—is to consciously choose to “starve” these circuits of focused attention, thereby decreasing their influence and strength. *You Are Not Your Brain* carefully outlines their program, showing readers how to identify negative impulses, channel them through the power of focused attention, and ultimately lead more fulfilling and empowered lives.

Hypnotic Writing Joe Vitale,2006-12-22 Discover the secrets of written persuasion! The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius. -Joseph Sugarman, author of *Triggers* I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible. -David Garfinkel, author of *Advertising Headlines That Make You Rich* I am a huge fan of Vitale and his books, and *Hypnotic Writing* (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, *Hypnotic Writing* is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period. -Bob Bly, copywriter and author of *The Copywriter's Handbook* I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along. -David Deutsch, author of *Think Inside the Box*, www.thinkinginside.com *Hypnotic Writing* is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. *Hypnotic Writing* is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see. -Blair Warren, author of *The Forbidden Keys to Persuasion*

The Sticking Point Solution Jay Abraham,2010-06 Businesses can plateau, stall, OR stagnate without the owners or key executives even realizing it. Pre-Suasion Robert Cialdini,2016-09-06 The acclaimed New York Times and Wall Street Journal bestseller from Robert Cialdini—“the foremost expert on effective persuasion” (Harvard Business Review)—explains how it’s not necessarily the message itself that changes minds, but the key moment before you deliver that message. What separates effective communicators from truly successful persuaders? With the same rigorous scientific research and accessibility that made his *Influence* an iconic bestseller, Robert Cialdini explains how to prepare people to be receptive to a message before they experience it. Optimal persuasion is achieved only through optimal pre-suasion. In other words, to change “minds” a pre-suader must also change “states of mind.” Named a “Best Business Books of 2016” by the Financial Times, and “compelling” by The Wall Street Journal, Cialdini’s *Pre-Suasion* draws on his extensive experience as the most cited social psychologist of our time and explains the techniques a person should implement to become a master persuader. Altering a listener’s attitudes, beliefs, or experiences isn’t necessary, says Cialdini—all that’s required is for a communicator to redirect the audience’s focus of attention before a relevant action. From studies on advertising imagery to treating opiate addiction, from the annual letters of Berkshire Hathaway to the annals of history, Cialdini outlines the specific techniques you can use on online marketing campaigns and even effective wartime propaganda. He illustrates how the artful diversion of attention leads to successful pre-suasion and gets your targeted audience primed and ready to say, “Yes.” His book is “an essential tool for anyone serious about science based business strategies...and is destined to be an instant classic. It belongs on the shelf of anyone in business, from the CEO to the newest salesperson” (Forbes).

Schoolgirls Peggy Orenstein,2013-02-06 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR When Peggy Orenstein's now-classic examination of young girls and self-esteem was first published, it set off a groundswell that continues to this day. Inspired by an American Association of University Women survey that showed a steep decline in confidence as girls reach adolescence, Orenstein set out to explore the obstacles girls face--in school, in the home, and in our culture. For this intimate, girls' eye view of the world, Orenstein spent months observing and interviewing eighth-graders from two ethnically disparate communities, seeking to discover what was causing girls to fall into traditional patterns of self-censorship and self-doubt. By taking us into the lives of real young women who are struggling with eating disorders, sexual harrassment, and declining academic achievement, Orenstein brings the disturbing statistics to life with the skill and flair of an experienced journalist. Uncovering the adolescent roots of issues that remain important to American women throughout their lives, this groundbreaking book challenges us to change the way we raise and educate girls.
