Half-Hitched Isabel Sharpe,2013-07-23 In a rut? Follow Addie Sewell's 10-step plan! 1. Refuse to be the Scary Cat Lady. Don't buy a cat. 2. Step out of your comfort zone. 3. Use a friend's wedding to start your New Spontaneous Life. 4. Prepare to seduce The One Who Got Away (TOWGA). 5. Avoid Derek Bates. Sure, he's hot...but he's not why you're here! 6. Seriously. Stop looking at Derek like he's sex-on-a-stick. 7. Seduce TOWGA by slipping into his bed naked. (You can do it!) 8. Don't panic-you accidentally ended up in Derek's bed instead. 9. Okay, maybe you're enjoying being in Derek's bed a little too much. But he does feel really, really incredible. 10. Abort plan. Just go with it. The Wrong Bed.

Fix Your Eyes Amy Gannett,2021-10-05 We live in a polarized time. Christians are quick to conceive of themselves either as theologically-minded or worship-minded; either thinking Christians or feeling Christians. The results are damaging: theology without worship is muted, stifled, and cold, and worship without theology is ungrounded, unrooted, and uninformed. This is not the way it was meant to be. Theology (our study and knowledge of God) should always lead to doxology (our worship of Him). Worship should always be rooted in theology. When we study the nature and character of God as revealed in his Word, we are invited to respond in the affectionate, obedient discipleship of worship. How can we keep our theology from being mere

head knowledge? How do we give our worship roots that will last? By fixing our eyes on God Himself—the object of our study and the object of our worship. *Fix Your Eyes* is an invitation to understand core doctrines of the Christian faith and apply them in our daily worship of God. It walks believers through key theological concepts and shows how each can be lived out in daily life.

Chaos Monkeys Antonio Garcia Martinez,2018-07-24 The instant New York Times bestseller, now available in paperback and featuring a new afterword from the author—the insider’s guide to the Facebook/Cambridge Analytica scandal, the inner workings of the tech world, and who really runs Silicon Valley “Incisive.... The most fun business book I have read this year.... Clearly there will be people who hate this book – which is probably one of the things that makes it such a great read.” – Andrew Ross Sorkin, New York Times Imagine a chimpanzee rampaging through a datacenter powering everything from Google to Facebook. Infrastructure engineers use a software version of this “chaos monkey” to test online services’ robustness—their ability to survive random failure and correct mistakes before they actually occur. Tech entrepreneurs are society’s chaos monkeys. One of Silicon Valley’s most audacious chaos monkeys is Antonio García Martínez. After stints on Wall Street and as CEO of his own startup, García Martínez joined Facebook’s nascent advertising team. Forced out in the wake of an internal product war over the future of the company’s monetization strategy, García Martínez eventually landed at rival Twitter. In *Chaos Monkeys*, this gleeful contrarian unravels the chaotic evolution of social media and online marketing and reveals how it is invading our lives and shaping our future.
