Doctor Massimo De Angelis

The Origin of Consciousness in the Breakdown of the Bicameral Mind Julian Jaynes, 2000-08-15 National Book Award Finalist: “This man’s ideas may be the most influential, not to say controversial, of the second half of the twentieth century.”—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes’s still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. “Don’t be put off by the academic title of Julian Jaynes’s *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor.”—The New York Times “When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis.”—John Updike, The New Yorker “He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior.”—American Journal of Psychiatry

Tools of the Mind Elena Bodrova, Deborah Leong, 2024-04-24 Now in its third edition, this classic text remains the seminal resource for in-depth information about major concepts and principles of the cultural-historical theory developed by Lev Vygotsky, his students, and colleagues, as well as three generations of neo-Vygotskian scholars in Russia and the West. Featuring two new chapters on brain development and scaffolding in the zone of proximal development, as well as additional content on technology, dual language learners, and students with disabilities, this new edition provides the latest research evidence supporting the basics of the cultural-historical approach alongside Vygotskian-based practical implications. With concrete explanations and strategies on how to scaffold young children’s learning and development, this book is essential reading for students of early childhood theory and development.

The Psychology of Selling Brian Tracy, 2006-06-20 Double and triple your sales—in any market. The purpose of this book is to give you a series of ideas, methods, strategies, and techniques that you can use immediately to make more sales, faster and easier than ever before. It’s a promise of prosperity that sales guru Brian Tracy has seen fulfilled again and again. More sales people have become millionaires as a result of listening to and

applying his ideas than from any other sales training process ever developed.

Working Studs Terkel, 2011-07-26 A Pulitzer Prize winner interviews workers, from policemen to piano tuners: “Magnificent . . . To read it is to hear America talking.” —The Boston Globe A National Book Award Finalist and New York Times bestseller Studs Terkel’s classic oral history *Working* is a compelling look at jobs and the people who do them. Consisting of over one hundred interviews with everyone from a gravedigger to a studio head, this book provides a “brilliant” and enduring portrait of people’s feelings about their working lives. This edition includes a new foreword by New York Times journalist Adam Cohen (Forbes). “Splendid . . . Important . . . Rich and fascinating . . . The people we meet are not digits in a poll but real people with real names who share their anecdotes, adventures, and aspirations with us.” —Business Week “The talk in *Working* is good talk—earthy, passionate, honest, sometimes tender, sometimes crisp, juicy as reality, seasoned with experience.” —The Washington Post

On Judgment Day Hans Christian Andersen, 2020-11-18 The supreme day is the holiest day. It is when we are near death and we must face what we have done with our life. The noblest face it without fear, others tremble. However, when it comes, we still have much to learn about life. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children’s literature, his most cherished fairy tales include *The Emperor's New Clothes*, *The Little Mermaid*, *The Nightingale*, *The Steadfast Tin Soldier*, *The Snow Queen*, *The Ugly Duckling* and *The Little Match Girl*. His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films *The Little Mermaid* in 1989 and *Frozen*, which is loosely based on *The Snow Queen*, in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

Direct Action David Graeber, 2009-09-01 A radical anthropologist studies the global justice movement.

Face to Face Brian Grazer, 2019-09-17 Featured on CBS This Morning, Squawk Box, MSNBC, CNN, Bloomberg, Forbes, Fast Company, The New York Times, and more. “Reading *Face to Face* is like being a fly on the wall, watching Brian Grazer work his magic. Utterly entertaining, this is how you become Hollywood’s best producer.” —Malcolm Gladwell, author of *Talking to Strangers* Legendary Hollywood producer and author of the bestselling *A Curious Mind*, Brian Grazer is back with a captivating new book about the life-changing ways we can connect with one another. Much of Brian Grazer’s

success—as a #1 New York Times bestselling author, Academy Award–winning producer, father, and husband—comes from his ability to establish genuine connections with almost anyone. In *Face to Face*, he takes you around the world and behind the scenes of some of his most iconic movies and television shows, like *A Beautiful Mind*, *Empire*, *Arrested Development*, *American Gangster*, and *8 Mile*, to show just how much in-person encounters have revolutionized his life—and how they have the power to change yours. With his flair for intriguing stories, Grazer reveals what he’s learned through interactions with people like Bill Gates, Taraji P. Henson, George W. Bush, Barack Obama, Eminem, Prince, Spike Lee, and the Afghani rapper activist Sonita: that the secret to a bigger life lies in personal connection. In a world where our attention is too often focused downward at our devices, Grazer argues that we are missing an essential piece of the human experience. Only when we are face to face, able to look one another in the eyes, can we form the kinds of connections that expand our world views, deepen our self-awareness, and ultimately lead to our greatest achievements and most meaningful moments. When we lift our eyes to look at the person in front of us, we open the door to infinite possibility.

Children Just Like Me DK,2016-09-06 A favorite in classrooms, libraries, and homes, *Children Just Like Me* is a comprehensive view of international cultures, exploring diverse backgrounds from Argentina to New Zealand to China to Israel. With this brand new edition, children will learn about their peers around the world through engaging photographs and understandable text laid out in DK's distinctive style. Highlighting 36 different countries, *Children Just Like Me* profiles 44 children and their daily lives. From rural farms to busy cities to riverboats, this celebration of children around the world shows the many ways children are different and the many ways they are the same, no matter where they live. Meet Bolat, an eight-year-old from Kazakhstan who likes to cycle, play with his pet dogs, and play the dromba; Joaquin from New Jersey who enjoys reading and spending time with his family, and whose favorite food is bacon; or Yaroslav from Moscow who likes to make robots. Daily routines, stories of friends and family, and dreams for the future are spoken directly from the children themselves, making the content appropriate and interesting to draw in young readers. To celebrate the twentieth anniversary of this special project, all-new photography, maps, and facts give unique insight to children's lives in our world today showing their homes, food, outfits, schools, families, and hobbies. A passport to a celebratory journey around the world, *Children Just Like Me* is perfect for children who are curious about the children of the world and their stories.

Dead Lies Dreaming Charles Stross,2020-10-27 When magic and superpowers emerge in the masses, Wendy Deere is contracted by the

government to bag and snag supervillains in Hugo Award-winning author Charles Stross' *Dead Lies Dreaming: A Laundry Files Novel*. As Wendy hunts down Imp—the cyberpunk head of a band calling themselves “The Lost Boys”— she is dragged into the schemes of louche billionaire Rupert de Montfort Bigge. Rupert has discovered that the sole surviving copy of the long-lost concordance to the one true *Necronomicon* is up for underground auction in London. He hires Imp’s sister, Eve, to procure it by any means necessary, and in the process, he encounters Wendy Deere. In a tale of corruption, assassination, thievery, and magic, Wendy Deere must navigate rotting mansions that lead to distant pasts, evil tycoons, corrupt government officials, lethal curses, and her own moral qualms in order to make it out of this chase alive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

At the Strangers' Gate Adam Gopnik, 2017-09-05 A vivid memoir that captures the energy, ambition and romance of New York in the 1980s from the beloved New Yorker Canadian writer, to stand alongside his bestselling *Paris to the Moon* and *Through the Children's Gate*. When Adam Gopnik and his soon-to-be-wife, Martha Parker, left the comforts of home in Montreal for New York, the city then, much like today, was a pilgrimage site for the young and the arty and ambitious. But it was also becoming a city of greed, where both life's consolations and its necessities were increasingly going to the highest bidder. *At the Stranger's Gate* builds a portrait of this moment in New York through the story of their journey—from their excited arrival as aspiring artists to their eventual growth into a New York family. Gopnik transports us to their tiny basement room on the Upper East Side—the smallest apartment in Manhattan—and later to SoHo, where he captures a unicorn: an affordable New York loft. Between tender, laugh-out-loud reminiscences, including affectionate portraits of New York luminaries from Richard Avedon to Robert Hughes and Jeff Koons, Gopnik takes us into the corridors of Condé Nast, the galleries of MoMA and many places between to illuminate the fascinating world capital of creativity and aspiration that is New York, then and now.

A Persian Requiem Simin Daneshvar, 2012-06-04 Tribal leaders in opposition to the government, the corruption of occupation, society torn apart by shifting political loyalties... this is the background to one woman's powerful story. *A Persian Requiem* is a powerful and evocative novel. Set in the southern Persian town of Shiraz in the last years of World War II, when the British army occupied the south of Persia, the novel chronicles the life of Zari, a traditional, anxious and superstitious woman whose husband, sef, is an idealistic feudal landlord. The occupying army upsets the balance of

traditional life and throws the local people into conflict. Zari is anxious to protect those who depend upon him and will stop at nothing to do so. His brother, on the other hand, thinks nothing of exploiting his kinsmen to further his own political ambitions. Thus a web of political intrigue and hostilities is created, which slowly destroys families. In the background, tribal leaders are in open rebellion against the government, and a picture of a society torn apart by unrest emerges. In the midst of this turbulence, normal life carries on in the beautiful courtyard of Zari's house, in the rituals she imposes upon herself and in her attempt to keep the family safe from external events. But the corruption engendered by occupation is pervasive - some try to profit as much as possible from it, others look towards communism for hope, whilst yet others resort to opium. Finally even Zari's attempts to maintain normal family life are shattered as disaster strikes. An immensely moving story, *A Persian Requiem* is also a powerful indictment of the corrupting effects of colonization. *A Persian Requiem* (first published in 1969 in Iran under the title *Savushun*), was the first novel written by an Iranian woman and, sixteen reprints and half a million copies later, it remains the most widely read Persian novel. In Iran it has helped shape the ideas and attitudes of a generation in its revelation of the factors that contributed to the Islamic Revolution in 1979. Simin Daneshvar's *A Persian Requiem* ... goes a long way towards deepening our understanding of Islam and the events leading up to the 1979 Revolution ... The central characters adroitly reflect different Persian attitudes of the time, attitudes that were eventually to harden into support for either the Ayatollah and his Islamic fundamentalism or, alternatively, for the corrupting Westernisation of the Shah. The value of the book lies in its ability to present these emergent struggles in human terms, in the day-to-day realities of small-town life ... Complex and delicately crafted, this subtle and ironic book unites reader and writer in the knowledge that human weakness, fanaticism, love and terror are not confined to any one creed. The Financial Times *A Persian Requiem* is not just a great Iranian novel, but a world classic. The Independent on Sunday ... it would be no exaggeration to say that all of Iranian life is there. Spare Rib For an English reader, there is almost an embarrassment of new settings, themes and ideas ... Under the guise of something resembling a family saga - although the period covered is only a few months - *A Persian Requiem* teaches many lessons about a society little understood in the West. Rachel Billington, The Tablet This very human novel avoids ideological cant while revealing complex political insights, particularly in light of the 1979 Iranian revolution. Publishers Weekly *A Persian Requiem*, originally published [in Iran] in 1969, was a first novel by Iran's first woman novelist. It has seen sixteen reprints, sold over half a million copies, and achieved the status of a classic, literally shaping the ideas of a generation. Yet when asked about the specific appeal of the novel,

most readers are at a loss to pinpoint a single, or even prominent aspect to account for this phenomenal success. Is it the uniquely feminine perspective, allowing the read

Omnia Sunt Communia Doctor Massimo De Angelis,2017-04-15 In this weaving of radical political economy, *Omnia Sunt Communia* sets out the steps to postcapitalism. By conceptualising the commons not just as common goods but as a set of social systems, Massimo De Angelis shows their pervasive presence in everyday life, mapping out a strategy for total social transformation. From the micro to the macro, De Angelis unveils the commons as fields of power relations – shared space, objects, subjects – that explode the limits of daily life under capitalism. He exposes attempts to co-opt the commons, through the use of code words such as 'participation' and 'governance', and reveals the potential for radical transformation rooted in the reproduction of our communities, of life, of work and of society as a whole.

Generation X Douglas Coupland,1991 Three twenty-something young adults, working at low-paying, no-future jobs, tell one another modern tales of love and death.

Market Leader David Cotton,2009

Facing Social Class Susan T. Fiske,Hazel Rose Markus,2012-03-05 Many Americans, holding fast to the American Dream and the promise of equal opportunity, claim that social class doesn't matter. Yet the ways we talk and dress, our interactions with authority figures, the degree of trust we place in strangers, our religious beliefs, our achievements, our senses of morality and of ourselves—all are marked by social class, a powerful factor affecting every domain of life. In *Facing Social Class*, social psychologists Susan Fiske and Hazel Rose Markus, and a team of sociologists, anthropologists, linguists, and legal scholars, examine the many ways we communicate our class position to others and how social class shapes our daily, face-to-face interactions—from casual exchanges to interactions at school, work, and home. *Facing Social Class* exposes the contradiction between the American

ideal of equal opportunity and the harsh reality of growing inequality, and it shows how this tension is reflected in cultural ideas and values, institutional practices, everyday social interactions, and psychological tendencies. Contributor Joan Williams examines cultural differences between middle- and working-class people and shows how the cultural gap between social class groups can influence everything from voting practices and political beliefs to work habits, home life, and social behaviors. In a similar vein, Annette Lareau and Jessica McCrory Calarco analyze the cultural advantages or disadvantages exhibited by different classes in institutional settings, such as those between parents and teachers. They find that middle-class parents are better able to advocate effectively for their children in school than are working-class parents, who are less likely to challenge a teacher's authority. Michael Kraus, Michelle Rheinschmidt, and Paul Piff explore the subtle ways we signal class status in social situations. Conversational style and how close one person stands to another, for example, can influence the balance of power in a business interaction. Diana Sanchez and Julie Garcia even demonstrate that markers of low socioeconomic status such as incarceration or unemployment can influence whether individuals are categorized as white or black—a finding that underscores how race and class may work in tandem to shape advantage or disadvantage in social interactions. The United States has one of the highest levels of income inequality and one of the lowest levels of social mobility among industrialized nations, yet many Americans continue to buy into the myth that theirs is a classless society. *Facing Social Class* faces the reality of how social class operates in our daily lives, why it is so pervasive, and what can be done to alleviate its effects.

This Bridge Called My Back Cherrie Moraga, 1983 This groundbreaking collection reflects an uncompromised definition of feminism by women of color. 65,000 copies in print.

Creating Japanese Gardens Philip Cave, 1993 A combination of Japanese gardening philosophy with practical and beautiful gardening projects.
