**X-Treme Possibilities** Keith Topping,Martin Day,Keith Topper,2013-10-31 'Open your mind to extreme possibilities' Scully's desire to be recognised as 'a medical doctor', ooze, mouthfuls of difficult dialogue and the tendency for characters not to make it through the pre-titles sequence were just a few of the tragically underexamined elements of THE X-FILES phenomenon - until the first edition of this book. Now the authors take their study of televisions weirdest show through to the end of series five, and THE X-FILES movie. X-TREME POSSIBILITIES presents a unique analysis of the programme that transformed US television. While

sometimes witty and light-hearted, this volume is also a serious study of the elements that made the show such a success. As well as a detailed episode guide of the first five seasons, the book pieces together the nature of the series' Conspiracy - and attempts to discover just what the truth is. Never before has THE X-FILES been put under such focused, affectionate and bizarre scrutiny. Please note this new release of the second edition has not been updated.

**Blue Covenant** Maude Barlow,2009-05-01 A cautionary account of climate change and the global water supply. “You will not turn on the tap in the same way after reading this book.” —Robert Redford In a book hailed by Publishers Weekly as a “passionate plea for access-to-water activism,” Blue Covenant addresses an environmental crisis that—together with global warming—poses one of the gravest threats to our survival. How did the world’s most vital resource become imperiled? And what must we do to pull back from the brink? In “stark and nearly devastating prose”, world-renowned activist and bestselling author Maude Barlow—who is featured in the acclaimed documentary Flow—discusses the state of the world’s water. Barlow examines how water companies are reaping vast profits from declining supplies, and how ordinary people from around the world have banded together to reclaim the public’s right to clean water, creating a grassroots global water justice movement. While tracing the history of international battles for the right to water, she documents the life-and-death stakes involved in the fight and lays out the actions that we as global citizens must take to secure a water-just world for all (Booklist). “Sounds the water alarm with conviction and authority.” —Kirkus Reviews “This book proves that water deserves another destiny.” —Eduardo Galeano “Blue Covenant will inspire civil society movements around the world.” —Vandana Shiva
