The Nottingham Lots East Nottingham Trustees, 2006 The Nottingham Lots began in 1701 after William Penn was told by Lord Talbot of Maryland, that Pennsylvania could settle as far as the fall waters of the Susquehanna go down hill. This area is now located in Northern Cecil County, Maryland and Southern Chester County, Pennsylvania. This book is telling the history of the Nottingham Lots and the genealogy of each of the original sixteen settlers. The Tercentenary celebration of the Nottingham Lots held in September 2001, at the Brick Meetinghouse in Calvert, Maryland, was a successful two day affair. It is likely this was the first time the meetinghouse was crowded for nearly a century.

It includes scholarly monographs, revised dissertations, Festschriften, conference papers, and translations of ancient and medieval documents. Works cover the sub-disciplines of biblical studies, history of Christianity, history of religion, theology, and ethics. Festschriften for Karl Barth, Donald W. Dayton, James Luther Mays, Margaret R. Miles, and Walter Wink are among the seventy-five volumes that have been published. Contributors include: C. K. Barrett, Francois Bovon, Paul S. Chung, Marie-Helene Davies, Frederick Herzog, Ben F. Meyer, Pamela Ann Moeller, Rudolf Pesch, D. Z. Phillips, Rudolf Schnackenburg, Eduard Schweizer, John Vissers

Pure Lust Mary Daly, 1984 This title aims to offer a journey into the interior of language. The author reveals the patriarchal construction of language and religious imagery, offering alternatives.

Sex, Race, and God Susan Thistlethwaite, 2009-04-01 Sex, Race, and God is the impassioned manifesto of a white feminist's

reckoning with the meaning of race-including her own whiteness-in doing theology. We should be discussing, and acting on many of Thistlethwaite's insights for quite some time. She has made a vital contribution to the feminist theological enterprise and to the critical relationship between black and white women in it. -Carter Heyward Sex, Race, and God is a sincere attempt to listen to and learn from African-American women. . . a serious and largely successful effort to create a method that addresses differences rather than proposing wishful commonalities. Many women of color will find it promising a basis for dialogue. -The Women's Review of Books This pivotal book illuminates a significant ongoing debate at the intersection of two fields: contemporary theology and feminist studies. -Choice Thistlethwaite does what so few white feminists have done: genuinely interact with (and learn from) the strong differences in experience and perspective between African -American women and European-American women. -The Other Side

Women and the Priesthood Thomas Hopko, 1999 The authors search for explanations and reasons why the Orthodox Church has never in its history ordained women to serve as bishops and priests. All agree that the Church had women deacons, and that careful consideration must be given to this office as it existed in the past and as it may once again in the Orthodox Church.

The Church and the Second Sex, 1968 This book attempts to contribute to the growing understanding of the dimensions of Catholic antifeminism. Although it proposes no instant remedy for an illness of such proportions, it suggests some perspectives in which a cure may be found. Although its chief concern is the problem as it exists in and is perpetuated by the Catholic Church, it never assumes that prejudice within the Church persists without some support from the secular milieu. Ironically, however, the Church in recent times has been in increasingly evident tension with those movements which have been attempting to liberate women.

Women of Spirit Rosemary Radford Ruether, Eleanor McLaughlin, 1998-04-29 A compilation of essays on the role of women in the institutional and ordained leadership of Western religion. The authors discuss religious women as charismatic leaders, holy women, martyrs, dissenters, renewers and reformers, as well as theological images of the feminine - in God, the Christ-Church relationship, and the self. The studies are historical and descriptive both, from the early church to the present day.

Theology and Feminism Daphne Hampson, 1991-01-08 Feminism represents a radical challenge to Christianity. Having developed its doctrine and its scriptures in a world in which women were considered subordinate, the Christian religion is now confronted with a deeply held ethical belief that women should be treated as equals. Dr Hampson argues that this ethical challenge confronts the church over the issues of priesthood and ordination, language and imagery, and hermeneutics and theology. In each of these areas, she claims, the Christian religion cannot by definition come to terms with the equality of women. Feminism however suggests new ways to conceive God and reformulate theological ideas for a world in which Christianity is no longer tenable. *Theology and Feminism* contains chapters on methodology, Christology, symbolism, anthropology and theology. It is the first book from a post-Christian perspective to grapple with all the major areas of theology. Covering the work of conservative Christian, Christian feminist and radical feminist thinkers in religion, it will be welcomed by those already familiar with the discussion, as well as providing a clear introduction for those who are new to the subject.

The Community of Women and Men in the Church World Council of Churches. Conference, 1983 Rapport n.a.v. de World Council of Churches' Conference in Sheffield, Engeland, 1981.

After Eve Janet Martin Soskice, 1990 This volume takes the reader from Biblical times to modern feminism. The contributions range from a feminist interpretation of the Testaments, Paul on

sexual identity, the Holy Spirit as feminine in the early Church and St Jerome and Karl Barth on women, to modern ideas on the Virgin Mary.

Women Before God Lavinia Byrne,1995

Websters' First New Intergalactic Wickedary of the English Language Mary Daly,Jane Caputi,1994

Feminine in the Church Monica Furlong,1984 The pressing question of whether women are to be ordained raises a number of fundamental theological questions. What is the nature of the priesthood? What does the Bible say about the active part of women in the church? Can the language and imagery of worship be adapted? What is the Roman Catholic position? These essays contribute to this lively debate which, in the end, involves the full valuation of women within the Christian community. The atmosphere of the book is not defensive, nor is there the pretence that the last ten years of discussion have not taken place. Rather it follows up existing arguments with fresh perspectives and substantial theological analysis, and presents the basis on which the degree of consensus needed for women to enter the priesthood of the Church of England may finally be achieved.
