Power in Words Mary Frances Berry,Josh Gottheimer,2010-10-12 Whatever his ratings, Obama remains personally popular, widely acknowledged for his soaring oratory. His words were one of the lasting legacies of his presidential campaign and are proving to be among his most effective governing weapons. In *Power in Words*, distinguished historian and civil rights activist Mary Frances Berry and former presidential speechwriter Josh Gottheimer introduce Obama's most memorable speeches, from his October 2002 speech against the war in Iraq and his November 2008 election-night victory speech to "A More Perfect Union," his March 2008 response to the Reverend Wright controversy, and lesser-known but revealing speeches, such as one given in Nairobi, Kenya, in August 2006. For each speech, Berry and Gottheimer add a rich introduction that includes political analysis, provides insight and historical context, and features commentary straight from the speechwriters themselves—including Jon Favreau, Obama's chief speechwriter, and several other Obama campaign writers. Compelling and enduring,*Power in Words* delivers the behind-the-scenes account of Obama's rhetorical legacy and is a collection to relish for years to come.

We Are the Change We Seek Barack Obama,2017-01-10 A collection of Barack Obama's greatest speeches selected and introduced by columnist E.J. Dionne and MSNBC host Joy-Ann Reid. *We Are the Change We Seek* is a collection of Barack Obama's 26 greatest addresses: beginning with his 2002 speech opposing the Iraq War and closing with his final speech before the United Nations in September 2016. As president, Obama's words had the power to move the country, and often the world, as few presidents before him. Whether acting as Commander in Chief or Consoler in Chief, Obama adopted a unique rhetorical style that could simultaneously speak to the national mood and change the course of public events. Obama's eloquence, both written and spoken, propelled him to national prominence and ultimately made it possible for the son of a Kenyan man and a white woman from Kansas to become the first black president of the United States. These speeches span Obama's career--from his time in state government through to the end of his tenure as president--and the issues most important to our time: war, inequality, race relations, gun violence and human rights. The book opens with an essay placing Obama's oratorical contributions within the flow of American history by E.J. Dionne Jr., columnist and author of *Why The Right Went Wrong*, and Joy Reid, the host of *AM Joy* on MSNBC and author of *Fracture*.

An American Story David Olive,2010-12-15 Explores the victories and controversies of Obama's campaign through his mesmerizing speeches.

What Is Best in America Barack Obama,2011-01-28 On January 8, 2011 a gunman opened fire in the parking lot of a Tucson, Arizona supermarket, where U. S. Representative Gabrielle Giffords was holding an opening meeting with her constituents. Nineteen people were wounded, and six people died. Four days later, at a memorial service at the McKale Memorial Center at the University of Arizona, President Obama gave a speech that remembered those who had died, gave thanks to the heroes of that day, and called upon Americans to strive to be better, more humble, always honest and kind-- to live up to the example of those who died, and to the promise of America. President Obama's speech in Tucson was a landmark call for unity, and a reflection of all that is best in America.

"A New Beginning," Or a Revised Past?: Barack Obama's Cairo Speech Mary Grabar,Brian E. Birdnow,2012-08-01 On June 4, 2009, President Barack Obama delivered a much-anticipated speech at Cairo University in Egypt. Coming on the heels of Obama's worldwide Apology Tour, the speech signaled not only how Obama viewed his country, but how he would set himself apart in a new beginning that would change America's course from what he presented as a dangerous and belligerent approach by his predecessor, President George W. Bush. The version of history that Obama presented, however, cast the Middle East and Islam in a more favorable light than the facts would warrant. The President's Cairo Speech carries great historical and political significance because it set out Obama's Middle East policy and his vision of the United States in the international arena. It also presents insights into the character of the president. Like George Washington's Farewell Address and John F. Kennedy's Inauguration Speech, the Cairo Speech will likely be studied as an important document in American history. Obama's promise of a new beginning cannot yet be evaluated critically. Unfolding events - and the outcome of the promises made -- will determine the greatness of the speech. This happens only in retrospect, with the benefit of historical reflection. Unfortunately, the Cairo Speech is already being reprinted in anthologies and textbooks, and is taught to students as a hallmark of rhetorical brilliance and as an unalloyed diplomatic victory. The cult of personality that has sprung up around President Obama is carried into classrooms where educators teaching the speech encourage students to unquestioningly accept the President's calls for action and support. Such directives stand opposite to American traditions and ideals of independent thinking and self-government, as well as to standards of excellence in scholarship. This Dissident Prof Guide offers resources for critical thinking to students who are being asked to admire, not analyze, Obama's Cairo Speech. The Guide includes a handy point-by-point analysis of the speech, a bibliography of trusted historical sources, and an account of the numerous errors of historical fact, including those pointed out by commentators and historians in the days following the speech's delivery. It will serve as a handy reference for all who might wish to understand and analyze this pivotal moment in our nation's history. The Dissident Prof Guide includes: Summary of the purpose and strategies of political speeches, going back to Aristotle and Cicero; Analysis of rhetorical strategies employed in this speech; An overview of American foreign policy since the founding of the United States Comparisons to other speeches by Presidents Lincoln, Kennedy, and Reagan; A summary of the reactions to the speech by historians, political commentators, and American Muslims; Information about events in the Middle East since the speech was delivered; Strategies for dealing with biased assignments. Whether for the American citizen wanting a refresher on current events, history, and rhetoric, or the student faced with a biased assignment, this Guide Book will provide fair and knowledgeable information. This book will: Help the student write an A paper without compromising his principles; Help the concerned citizen make informed and reasoned arguments. Dissident Prof Guide Books are written by professors in the field and are designed to give reader-friendly advice in a succinct and lively style. Both authors, Mary Grabar and Brian Birdnow, hold Ph.D.'s (in English and history, respectively) and have each taught at the college level for decades. Both are widely published authors of articles and commentaries in general interest publications as well.

The Making of Barack Obama Matthew Abraham,Erec Smith,2013-10-01 *The Making of Barack Obama: The Politics of Persuasion* provides the first comprehensive treatment of why Obama's rhetorical strategies were so effective during the 2008 presidential campaign, during the first four years of his presidency, and once again during the 2012 presidential campaign.

Barack Obama Barack Obama,2009 Presents a selection of thirty speeches given by Barack Obama from 2002 to November 4, 2008.

Barack Obama in his Own Words Lisa Rogak,2008-12-16 Since delivering his keynote speech at the 2004 Democratic National Convention, Barack Obama has been hailed as the clear savior of not only the Democratic party, but of the integrity of American politics. Despite the fact that he burst onto the national scene seemingly overnight, his name recognition has grown by leaps and bounds ever since. *Barack Obama in His Own Words*, a book of quotes from the Illinois Senator, allows those who aren't as familiar with his politics to learn quickly where he stands on abortion, religion, AIDS, his critics, foreign policy, Iraq, the War on Terror, unemployment, gay marriage, and a host of other important issues facing America and the world.

The Speech T. Denean Sharpley-Whiting, 2010-07-23 After Senator Barack Obama delivered his celebrated speech, A More Perfect Union, on March 18, 2008, New York Times columnist Maureen Dowd noted that only Barack Obama could alchemize a nuanced 40-minute speech on race into must-see YouTube viewing for 20-year-olds. Pundits established the speech's historical eminence with comparisons to Abraham Lincoln's A House Divided and Martin Luther King Jr's I Have a Dream. The future president had addressed one of the biggest issues facing his campaign-and our country-with an eloquence and honesty rarely before heard on a national stage. The Speech brings together a distinguished lineup of writers and thinkers-among them Adam Mansbach, Alice Randall, Connie Schultz, and William Julius Wilson -in a multifaceted exploration of Obama's address. Their original essays examine every aspect of the speech-literary, political, social, and cultural-and are punctuated by Boston Globe columnist Derrick Z. Jackson's reportage on the issue of race in the now historic 2008 campaign. The Speech memorializes and gives full due to a speech that propelled Obama toward the White House, and prompted a nation to evaluate our imperfect but hopeful union.

The American Dream in the Speech "Yes we can" by Barack Obama Luisa Grötsch, 2020-10-07 Pre-University Paper from the year 2019 in the subject Politics - International Politics - Region: USA, grade: 1,0, , language: English, abstract: This paper examines the speech of Barack Obama "Yes we can". The focus lies on the used concept of the American Dream. The second focus involves a statement that Hillary Clinton made during the primary campaign for the Democratic presidential nomination. The work concentrates on Barack Obama's own biography "Dreams from My Father", his book "Audacity of Hope" describing his thoughts of reclaiming the American Dream, and Jim Cullen's often cited book "The American Dream". The main sources for the analysis of the speech are Harald Frank's book "Rhetorische Analyse der "Yes we can" Rede von Barack Obama" and Shel Leanne's book "Say it like Obama". For the concluding evaluation of Barack Obama's political achievements various articles and statistical data are used.

Barack Obama and the American Dream Bernd C. Schmidt-Nagel, 2011-05-17 Seminar paper from the year 2011 in the subject Didactics for the subject English - Discussion and Essays, grade: 1,7, University of Cologne, language: English, abstract: The acting president of the United States of America, Barack Obama, fascinated millions of US-citizens in many of his campaign speeches in 2008. With his slogan "Yes we can!" he offered them a new, believable perspective. Finally, this wave of euphoria brought him to the White House and made him, contrary to all expectations, the first black US-President. I looked fascinated and interested at all important incidents happening in the USA in 2008 and I just wondered why it was possible to this man, like no other person, to fill so many people in this great country with enthusiasm and to give them a new hope of a better future. Looking back on these events and irrespective of the fact if his goals were achieved or not, I ask myself which values, ideas and aims made the people so absolutely excited and how they were influenced by Obama. If you only take a superficial view on this issue, it already becomes clear that the very popular American Dream, which is based on American history, is and was one of the important subjects of Obama's speeches. How Obama uses this Dream and the way he updates and enlarges it should be the central question of this thesis. In order to do so, it is at first important to take a close look at Barack Obama, his curriculum vitae and his political rising. On the other hand, I want to present the history of the American Dream, as well as a preferably general but handy definition of what the American Dream actually is and what it wants to express. Based on this, a detailed analysis of certain speeches of Obama with a special focus on the American Dream follows. Outgoing from the results of the analysis, I will examine how Obama encloses the dream in his way of argumentation, the different values he refers to and the influence of different audiences on the usage of the American Dream. In order to answer the general question of this thesis, explained above, in a good and suitable way, these points will be synoptically summarized in the conclusion. Of course, it is impossible to take a serious look at all his speeches or to pick up every single aspect of the American Dream coming up during American history, as this would exceed the extent of this essay. Nonetheless, a coherent, objective and differentiated answer to the general question should be the goal and claim of this thesis.

Barack Obama's Speech on Race Barack Obama, 2008 Many commentators consider Senator Obama's speech a unique, even historic event, an exceptionally open discussion of the most sensitive subject in American politics and American civil society. Others have either condemned it or brushed it aside as a smokescreen by a master of rhetorical illusion. We believe it is important to provide you, our readers, with the complete text so that you might better judge the discussion about this event. Interestingly, the full text of the speech has been the second most emailed item on the site of the New York Times in many months. Read the speech that endeavors to shatter not only the barriers between men, nations and countries, young and old, rich and poor, but an address that is sure to breach the barriers of time and become a permanent fixture of American history, as it has already claimed near-instant fame.

Why Presidential Speech Locations Matter Shannon Bow O'Brien,2018-04-10 This book explores speeches by American presidents. Domestic public presidential speechmaking helps us understand the pressures, priorities, and targeted audiences of different presidencies. Many administrations generally work to reinforce already existing support though some may try to reach out to new areas. Census areas help us better understand where presidents prioritize speeches in certain areas of the country. Designated Market Areas, or media markets, allow us to look at presidential speechmaking without geographical constraints and focus on areas of population concentrations. Electoral College results show that most administrations prefer to give speeches in places where they have the most electoral support to reinforce their bases. The chapter on vacation locations explores how some presidents use Camp David or their homes as places to actively speak, while some administrations just use them as retreats. Foreign speeches allow us to see that most presidents prefer to speak in openly free countries more than other places.
