**A Handbook of Diction for Singers** David Adams,2008-01-28 Now in its second edition, A Handbook of Diction for Singers is a complete guide to achieving professional levels of diction in Italian, German, and French, the three major languages of the classical vocal repertory. Written for English-speaking singers and offering thorough, consistent explanations, it is an ideal tool for students and an invaluable reference for voice teachers, vocal coaches, and conductors. The book combines traditional approaches proven successful in the teaching of diction with important new material not readily available elsewhere, presenting the sounds of each language in logical order, along with essential information on matters such as diacritical marks, syllabification, word stress, and effective use of the variety of foreign-language dictionaries. Presented in an attractively concise format, the book goes into greater detail than comparable texts, providing specific information to clarify concepts typically difficult for English-speaking singers. Particular emphasis is placed on the characteristics of vowel length, the sequencing of sounds between words, as well as the differences between spoken and sung sounds in all three languages. Featuring significantly expanded coverage of each of the three languages and illustrated with numerous examples, this second edition of A Handbook of Diction for Singers is an exceptional text for courses in diction and a valuable reference source for all vocalists.

*Singing and Communicating in English* Kathryn LaBouff,2007-12-21 In *Singing and Communicating in English*, internationally renowned diction coach Kathryn LaBouff provides singers with an accessible guide to the principles of English diction they need to communicate the text successfully. In addition to standard American and British English, a variety of regional dialects and accents are covered in depth. A companion website features a full range of vowel/consonant drills, poems read aloud by the author and veteran theater and voiceover actor John Keating, as well as an instructor's answer key, and publishers' lists to help the singer locate a vast array of English language works for performance.

*The Oxford Handbook of Dante* Manuele Gagnolati,Elena Lombardi,Francesca Southerden,2021 The Oxford Handbook of Dante contains forty-four specially written chapters that provide a thorough and creative reading of Dante's oeuvre. It gathers an intergenerational and international team of scholars encompassing diverse approaches from the fields of Anglo-American, Italian, and continental scholarship and spanning several disciplines: philology, material culture, history, religion, art history, visual studies, theory from the classical to the contemporary, queer, post- and de-colonial, and feminist studies. The volume combines a rigorous reassessment of Dante's formation, themes, and sources, with a theoretically up-to-date focus on textuality, thereby offering a new critical Dante. The volume is divided into seven sections: 'Texts and Textuality'; 'Dialogues'; 'Transforming Knowledge'; 'Space(s) and Places'; 'A Passionate Selfhood'; 'A Non-linear Dante'; and 'Nachleben'. It seeks to challenge the Commedia-centric approach (the conviction that notwithstanding its many contradictions, Dante's works move towards the great reservoir of

poetry and ideas that is the Commedia), in order to bring to light a non-teleological way in which these works relate amongst themselves. Plurality and the openness of interpretation appear as Dante's very mark, coexisting with the attempt to create an all-encompassing mastership. The Handbook suggests what is exciting about Dante now and indicate where Dante scholarship is going, or can go, in a global context.

**Key Figures in Medieval Europe** Richard K. Emmerson, 2013-10-18 From emperors and queens to artists and world travelers, from popes and scholars to saints and heretics, Key Figures in Medieval Europe brings together in one volume the most important people who lived in medieval Europe between 500 and 1500. Gathered from the biographical entries from the on-going series, the Routledge Encyclopedias of the Middle Ages, these A-Z biographical entries discuss the lives of over 575 individuals who have had a historical impact in such areas as politics, religion, or the arts. Individuals from places such as medieval England, France, Germany, Iberia, Italy, and Scandinavia are included as well as those from the Jewish and Islamic worlds. A thematic outline is included that lists people not only by categories, but also by regions.
