Portuguese in 3 Months with Free Audio App DK, 2022-04-05 Brush up on your Portuguese language skills in 3 months! Whether you're visiting Portugal or simply want to improve your Portuguese vocabulary and grammar, this practical language learning course is packed with learning tips and an audio app that makes learning fun! Inside this Portuguese language book, you'll find:

- "Imitated pronunciation" sections that make unfamiliar Portuguese sounds less daunting to English learners
- Word lists, key phrases and model sentences that build vocabulary
- Three self-assessment sections that allow the learner to engage with their own learning, and exercises follow each grammar lesson, reinforcing what has just been taught
- Includes two mini bilingual dictionaries, meaning you can check words in both English and Portuguese

Speak Portuguese fluently in only 12 weeks! Hugo: Portuguese in 3 Months has a fresh new look and an accompanying audio app to make learning Portuguese easy and fun. This self-study course provides all the resources needed to speak, read and write in Portuguese. The 12 weekly chapters contain lessons on the key grammatical structures and present a range of useful vocabulary, along with exercises to reinforce your learning. The essentials of Portuguese grammar are clearly explained and tested in conversational exercises, giving you the authentic feel of the language. In addition to a written "imitated pronunciation" guide, which replaces Portuguese sounds with English syllables you're already familiar with, the new audio app also allows you to perfect your pronunciation — at home or on the go. Whether you're learning a new language for work, a future holiday, or as a hobby, the Hugo language course series is the perfect place to start. Learn languages like French, Dutch, German or Spanish in only 12 weeks! Each course includes an audio app to help with understanding and pronunciation. Language learning has never been so easy!

How to Get Really Good at Portuguese Polyglot Language Learning, 2019-03-21 Millions of people learn Portuguese but only a very small percentage of learners can actually speak it fluently. Why is that? People in general are quick to point out that some are naturally built more than others to learn Portuguese and other languages. This is not necessarily true, however, since we have all come to learn and speak our native language fluently. If you find yourself overwhelmed trying to study and review thousands of Portuguese phrases and vocabulary words or are struggling to speak Portuguese with native speakers, try this book! This is not a basic Portuguese for beginners textbook designed to teach Brazilian Portuguese or European Portuguese but a book that will teach you how to learn Portuguese the smart way and get you to fluency faster using highly effective language learning methods and techniques. There exists hundreds of Portuguese language coursebooks, Portuguese phrase books, and basic Portuguese for beginners textbooks, but without smart language learning techniques and strategies, you are likely to forget what you have studied and reviewed and especially during a conversation. There exists an easier and more fun way to build your overall Portuguese language ability. In *How to Get Really Good at Portuguese*, discover how you can easily conquer the Portuguese language using highly effective methods and strategies used by polyglots (language learning experts). This includes both European Portuguese and Brazilian Portuguese. These methods and techniques can even be used to learn Portuguese phrases, vocabulary, and grammar from TV shows, movies, videos, music, and video games. Learn Portuguese smarter and faster starting today!

Conversational Portuguese Quick and Easy Yatir Nitzany, 2019-01-07 Have you always wanted to learn how to speak Portuguese but simply didn't have the time? Well if so, then, look no further. You can hold in your hands one of the most advanced and revolutionary method that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the twenty-seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real conversations. These three hundred and fifty words were chosen in such a way that they were

structurally interrelated and, when combined, form sentences. Through various other discoveries about how real conversations work—discoveries that are detailed further in this book—Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant—now. If your desire is to learn complicated grammatical rules or to speak perfectly proper and precise Portuguese, this book is not for you. However, if you need to actually hold a conversation while on a trip to Brazil or Portugal, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language, while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. More formalized training in grammar rules, etc., can come later. This isn't a pronunciation book. Thus, this book is recommended for those with prior knowledge in pronunciation of the Portuguese language. However, for those who aren't previously familiar, this book does provide some basic tools to teach pronunciation. The main thing this book offers is the necessary tools to become conversational in a foreign language in record time. As previously stated, though, with regards to grammar and pronunciation, you are on your own! This is one of the several, in a series of instructional language guides, the Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages in order to learn a language. With *Conversational Portuguese Quick and Easy*, all you need are fifty-three pages. Learn Portuguese today, not tomorrow, and get started now!

Portuguese a Short Story for Beginners Channel Reader LLC, 2017-07 Learn Brazilian Portuguese through the power of story. A simple Portuguese story for beginners! Enjoy the process of learning, don't beat yourself up. You don't need to read boring text books anymore. Portuguese A Short Story for Beginners is a story written just for you. The captivating nature of story makes learning fun and easy because your attention is focused and the context will help you determine what is being said. This book is loaded with simple sentences, practical scenarios, and common phrases any student of a second language would not only want to know, but NEED to know. Alternating vs Solid Text Alternating Text Alternating Text, Parallel text or interlinear text is when your target language, in this case Portuguese, is presented with the translation directly to the side or below respectively. A text may be presented with the literal translation of every word, or a sentence/paragraph translated into a more colloquial or natural way of expressing an idea. We find this second way to be of more value as it emphasizes patterns which are critical to learning any language and as you will see, most languages have unique idioms. An idiom is a phrase or pattern that expresses something other than its literal meaning like what's up? You're asking how someone is doing, not what's above them in the sky. Alternating text has many advantages over a traditional text body. Mainly you are able to very quickly glance down to see the translation of the idea your reading in Portuguese. No time is wasted flipping through glossaries and you don't risk losing your place in the book because the translated idea is presented right there on the same page within a glances reach. Solid Text A traditional text body or text written entirely in one language has advantages of its own. Mainly, you are forced to interpret new or unfamiliar words based upon the context and your own memory. Context is extremely important, not only in grasping the true meaning of what is being said, but developing your capability to infer what new words mean. This skill is of the upmost value. When you meet a Portuguese speaker for the first time, odds are they will say a thing or two that you don't know or can't understand. Your ability to infer the meaning of a given word can greatly improve the quality of such an experience. This will expedite the learning curve and boost confidence. It is inevitable that you will make mistakes, don't let that stop you from conquering a new language. Solid text also forces you to recall definitions, sentence patterns, and the meaning of various expressions. Without a quick translation available, you will be challenged and grow. Alternating + Traditional So, which style of text did we choose to include in this book? Well, each is so valuable that we couldn't pick one over the other. Thus, we included BOTH! We've presented the story first in its entirety with a Portuguese and English alternating text. Each paragraph is presented with its translation below. Second, we presented the entire story in

Portuguese. So now you can use this awesome tool in a way that best suites you and your growing level of understanding. So, if you're interested in finally picking up Portuguese, you're just a click away. Order now.

A Frequency Dictionary of Portuguese Mark Davies,Ana Maria Preto-Bay,2007-11-29 An invaluable tool for learners of Portuguese, this Frequency Dictionary provides a list of the 5000 most commonly used words in the language. Based on a twenty-million-word collection of Portuguese (taken from both Portuguese and Brazilian sources), which includes both written and spoken material, this dictionary provides detailed information for each of the 5000 entries, including the English equivalent, a sample sentence, and an indication of register and dialect variation. Users can access the top 5000 words either through the main frequency listing or through an alphabetical index. Throughout the frequency listing there are also thirty thematically-organized 'boxed' lists of the top words from a variety of key topics such as sports, weather, clothing and relations. An engaging and highly useful resource, A Frequency Dictionary of Portuguese will enable students of all levels to get the most out of their study of Portuguese vocabulary. Former CD content is now available to access at www.routledge.com/9780415419970 as support material. Designed for use by corpus and computational linguists it provides the full text in a format that researchers can process and turn into suitable lists for their own research work.
